### Healthy Students, Healthy Schools - Background

Healthy Students Healthy Schools (HSHS) was a priority in the Provincial Wellness Plan and supports and promotes the creation and maintenance of healthy school learning environments and fosters healthy behaviors for life. Using a comprehensive school health approach, HSHS promotes healthy eating, physical activity, living smoke-free, injury prevention, mental health promotion, environmental health promotion, and positive social behaviours.

The Departments of Health and Community Services (HCS) and former Department of Education, now Education and Early Childhood Development (EECD), partnered on HSHS from 2004-2009. The former Department of Tourism, Culture and Recreation (TCR) became a partner in 2009. In 2014, based on a departmental reorganization, the responsibility for HSHS moved from HCS to the former Department of Seniors, Wellness and Social Development (SWSD), now Children, Seniors and Social Development (CSSD), with HCS remaining as a partner.
