September 24, 2015

Dear [Redacted]

Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act [Our File #: SNL-033-2015]

On August 26, 2015, Service NL received your request for access to the following records/information:

"Would like to know when and how Service NL first became aware of the illegal septic located at Grand Lake Camp 33 along with the evidence they collected in the area that was the basis to send out letters in 2014 and onward."

I am pleased to inform you that a decision has been made by Service NL to provide access to some of the requested information. In particular, access is granted to documented evidence collected by Service NL staff with regards to unapproved septic systems at Camp 33, Grand Lake. In addition, Service NL staff first became aware of concerns at that location when an anonymous complaint was logged on August 4, 2014. The first record of this is in an email dated August 6, 2014, which was sent to Government Services Centre staff from the Crown Lands Western Regional Office staff. This email is also included in your document package.

Further to the above, access to specific text within the records that would reveal personal information of identifiable individuals has been exempted from disclosure in accordance with the following section specified in the Access to Information and Protection of Privacy Act (the Act):

Section 40(1): "The head of a public body shall refuse to disclose personal information to an applicant where the disclosure would be an unreasonable invasion of a third party's personal privacy."

As required by 8(2) of the Act, we have severed the information that is unable to be disclosed and have provided you with as much information as possible in the enclosed document package. Please be advised that you may appeal this decision to provide partial access to the requested information by asking the Information and Privacy Commissioner to review, which is set out in section 42 of the Act (a copy of section 42 of the Act has been enclosed for your reference). A request to the Commissioner must be made in writing within 15 business days of the date of this letter or within a longer period that may be allowed by the Commissioner. Your appeal should identify your concerns with the request and why you are submitting an appeal.
The address of the Office of the Information and Privacy Commissioner is as follows:

Office of the Information and Privacy Commissioner
2 Canada Drive
P. O. Box 13004, Stn. A
St. John's, NL A1B 3V8

Telephone: (709) 729-6309
Toll-Free: 1-877-729-6309
Facsimile: (709) 729-6500

You may also appeal directly to the Supreme Court Trial Division within 15 business days after you receive the decision of the public body, pursuant to section 52 of the Act (a copy of section 52 of the Act has been enclosed for your reference).

Please be advised that the responsive records released to you will be published online following a 72 hour period after the response is sent electronically or after five business days in the case where records are mailed. It is the goal to have the responsive records posted to the Office of Public Engagement's website within one business day following the applicable period of time. Please note that requests for personal information will not be posted online.

If you have any further questions, please contact me by telephone at 709-729-7437 or by email at ellenhaskell@gov.nl.ca.

Sincerely,

ELLEN HASKELL
ATIPP Coordinator

Enclosures
Access or correction complaint (Section 42)

42. (1) A person who makes a request under this Act for access to a record or for correction of personal information may file a complaint with the commissioner respecting a decision, act or failure to act of the head of the public body that relates to the request.

(2) A complaint under subsection (1) shall be filed in writing not later than 15 business days

   a) after the applicant is notified of the decision of the head of the public body, or the date of the act or failure to act; or

   b) after the date the head of the public body is considered to have refused the request under subsection 16 (2).

(3) A third party informed under section 19 of a decision of the head of a public body to grant access to a record or part of a record in response to a request may file a complaint with the commissioner respecting that decision.

(4) A complaint under subsection (3) shall be filed in writing not later than 15 business days after the third party is informed of the decision of the head of the public body.

(5) The commissioner may allow a longer time period for the filing of a complaint under this section.

(6) A person or third party who has appealed directly to the Trial Division under subsection 52 (1) or 53 (1) shall not file a complaint with the commissioner.

(7) The commissioner shall refuse to investigate a complaint where an appeal has been commenced in the Trial Division.

(8) A complaint shall not be filed under this section with respect to

   a) a request that is disregarded under section 21;

   b) a decision respecting an extension of time under section 23;

   c) a variation of a procedure under section 24; or

   d) an estimate of costs or a decision not to waive a cost under section 26.

(9) The commissioner shall provide a copy of the complaint to the head of the public body concerned.
Direct appeal to Trial Division by an applicant (Section 52)

52. (1) Where an applicant has made a request to a public body for access to a record or correction of personal information and has not filed a complaint with the commissioner under section 42, the applicant may appeal the decision, act or failure to act of the head of the public body that relates to the request directly to the Trial Division.

(2) An appeal shall be commenced under subsection (1) not later than 15 business days

a) after the applicant is notified of the decision of the head of the public body, or the date of the act or failure to act; or

b) after the date the head of the public body is considered to have refused the request under subsection 16 (2).

(3) Where an applicant has filed a complaint with the commissioner under section 42 and the commissioner has refused to investigate the complaint, the applicant may commence an appeal in the Trial Division of the decision, act or failure to act of the head of the public body that relates to the request for access to a record or for correction of personal information.

(4) An appeal shall be commenced under subsection (3) not later than 15 business days after the applicant is notified of the commissioner’s refusal under subsection 45 (2).

Hi Damien,

I scheduled a site visit to this location earlier today with Environmental Health Officer Melanie House for August 14th, if you like to have one of your officers attend with us that would be the time we have booked in to conduct the site review.

Ken

To: Dean, Ken; Hann, Carl M.  
Subject: Camp 33

We have an anonymous complaint, August 04, 2014 that more trailers are moving into Camp 33 location, at the west end of Grand Lake. This is a 5 km road opposite the Gallants turn off. There are in the order or 80+ trailers, 6 valid cabin LTO’s and 8
illegal cabins in the area. Many of the trailers are permanent / semi-permanent with pieces built on - Septic disposal is suspect in many of the structures.

The complaint for your interest relates to the installation of "Fish Tubs" and buckets used as septic tanks.

Directive letter sent
I, along with Ken Dean and Damien Morrissey, completed a site investigation in an area known as camp 33, roughly 6km of the TCH, after a complaint about illegal sewer systems. A trailer with plate number *** was observed to have a sewer pipe going directly into the ground from the trailer. (Section 40(1))

Aug. 15/14
Ken Dean emailed me a list of registered owners for each trailer. (Section 40(1))

Aug. 19/14
Letter was completed for ***. Letter stated that the registered owner must remove all aspects of the unapproved septic system by September 26, 2014. (Section 40(1))

Aug. 19/14
Letter was submitted to Carl Hann for approval and also Ken Dean to have it mailed out by registered mail. (Section 40(1))

Aug. 25/14
Rod Wheeler had a message left on phone. Called him back, he said that he used to have a cabin on the land that he tore down his *** cabin and plans on rebuilding another cabin. He said that by September 8th, his *** tanks will be out of the ground. He gave me a list of other trailer owners names as well. (Section 40(1))

Aug. 25/14
Returned phone call, *** had a question about what exactly they had to do. She was advised to remove all aspects and put lime in the hole. (Section 40(1))

Aug. 27/14
Returned phone call to ***. She wanted to make sure she had enough lime and that the Pellet stuff was satisfactory. (Section 40(1))

Sept. 8/14
Visited site, tank decommissioned and area limed. Compliance send in the mail.

Section 40(1)
I, along with Ken Dean and Damien Morrissey completed a site investigation in an area known as camp 33, roughly 6km of the TCH, after a complaint about illegal sewer systems.

Trailer with plate number [REDACTED] was observed to have a sewer pipe in the ground that was covered by a piece of wood. 

Ken Dean emailed me a list of registered owners for each trailer.

Letter was completed for [REDACTED]

Letter stated that the registered owner must remove all aspects of the unapproved septic system by September 26, 2014.

Letter was submitted to Carl Hann for approval and also Ken Dean to have it mailed out by Registered mail.

Received a phone call from [REDACTED] that she received a letter from me in the mail today. She indicated that they had a 45 gallon drum in the ground with the proper fittings and holes drilled into the drum for drainage. She also said that they use a septic solution so there should only be water going into the ground. [REDACTED] also wanted to know if everyone was getting a letter, which she was told yes if the trailer could be identified a letter was gone in the mail. She then added that [REDACTED] had torn down a cabin that was on a piece of land and had buried the

I, along with Ken Dean and Damien Morrissey completed a site investigation in an area known as camp 33, roughly 6km of the TCH, after a complaint about illegal sewer systems. This was a trailer with a building built ahold to it. There was a trailer with a for sale sign there.

Letter send to [redacted] via registered mail.

Site visit, tank decommissioned and area limed. Compliance letter send in mail.

Site visit, pipe has once again been placed in the ground. Pipe was in hole and covered by a piece of plywood that had two pieces of rock/brick on the top was covering the pipe. Letter has been sent once again giving [redacted] till June 18/15 to have everything completely removed.

Voice mail from [redacted]. Called back [redacted] they actually haven’t used it since last year had pipe left there. They are going to remove the pipe this weekend and have everything fixed by Monday.

Just a little background...

The cabin torn down by Rod Wheeler is on a valid LTO, (105064). He has a trailer and a few sheds/storage units on it now. As you know, a title holder of a Crown LTO does not technically own any land from the Crown, what he has is a licence to have a cabin, shed, storage, greenhouse and pit privy on the land at that location. I do not believe the other 2 trailers are his, but he "Allows" them to be there. This is tough to monitor and sometimes gets cumbersome to divide who owns what when there is overcrowding in an area. Septic disposal is one big issue at Camp 33. Crown Lands tried to buffer cabins apart with a separation of 45metres between the centre of neighboring cabins. That is very difficult in this area. As well, the area is prone to flooding when ice blocks up the river in the spring. There are likely many dozen and maybe up to 100+ septic "Buckets/Barrels" in the ground at Camp 33.

**Subject:** camp 33

Hi Dan, I was talking to a [REDACTED] today who owns a trailer in the Camp 33 with an illegal sewer system in the ground. While I was talking to her she indicated that Rod Wheeler had torn down a cabin and buried it in the ground. They now have roughly three trailers and a storage unit on that piece of land.

I was told to forward that information on to you because you are not allowed to tear down a cabin and bury it.

Compliance
I, along with Ken Dean visited camp 33. A trailer that could not previously be identified is now owned by a [redacted] who purchased it from [redacted]. At this time [redacted] was told that they could not use the sewer that was in the ground as it was illegal. Information was left with her and Ken’s business card.

Ken called with a number to reach [redacted].

[s]aid that he was actually moving the trailer and that he would be purchasing a sewer caddy to have all waste removed.

Inspection to see if barrel and pipe removed from the ground. Everything was removed.

Compliance letter sent.
