September 10, 2019

Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act, 2015 [Our File #: MAE/156/2019]

On August 13, 2019, the Department of Municipal Affairs and Environment received your request for access to the following records/information:

"Copy of all emails, letters/correspondences and notes between Karyn Blackwood of the FES office and the Town of Carbonear from January 1st, 2019 to April 20th, 2019 and, Copies of all correspondence, emails, etc received or sent by any officials with the Department of Municipal Affairs and Environment between January 1st, 2019 to April 20th, 2019 concerning the application for the fire truck for the Town of Carbonear. Any correspondence received from the Town of Carbonear to any staff with the Department of Municipal Affairs and Environment concerning the recently approved fire truck."

I am pleased to inform you that a decision has been made by the Deputy Minister for the Department of Municipal Affairs and Environment to provide access to some of the requested information.

However, certain text contained within the records has been refused in accordance with the following exceptions to disclosure, as specified in the Access to Information and Protection of Privacy Act, 2015 (the Act):

"40. (1) The head of a public body shall refuse to disclose personal information to an applicant where the disclosure would be an unreasonable invasion of a third party's personal privacy."

As required by 8(2) of the Act, we have severed information that is unable to be disclosed and have provided you with as much information as possible. In accordance with your request for a copy of the records, the appropriate copies have been enclosed.

Please note that the application for the fire truck, found on pages 1-4 of the final response, was received on December 19, 2018 through the Municipal Support Information System.
(MSIS) as an application for Municipal Capital Works (MCW) funding. Since it was not eligible for the MCW funding, it was sent to the Fire Services Division.

Please be advised that you may appeal this decision and ask the Information and Privacy Commissioner to review the decision to provide partial access to the requested information, as set out in section 42 of the Act (a copy of this section of the Act has been enclosed for your reference). A request to the Commissioner must be made in writing within 15 business days of the date of this letter or within a longer period that may be allowed by the Commissioner. Your appeal should identify your concerns with the request and why you are submitting the appeal.

The appeal may be addressed to the Information and Privacy Commissioner is as follows:

Office of the Information and Privacy Commissioner
2 Canada Drive
P. O. Box 13004, Stn. A
St. John’s, NL. A1B 3V8
Telephone: (709) 729-6309
Toll-Free: 1-877-729-6309
Facsimile: (709) 729-6500

You may also appeal directly to the Supreme Court Trial Division within 15 business days after you receive the decision of the public body, pursuant to section 52 of the Act (a copy of this section of the Act has been enclosed for your reference).

Please be advised that responsive records will be published following a 72 hour period after the response is sent electronically to you or five business days in the case where records are mailed to you. It is the goal to have the responsive records posted to the Completed Access to Information Requests website within one business day following the applicable period of time. Please note that requests for personal information will not be posted online.

If you have any further questions, please feel free to contact me by telephone at 709-729-1589 or by e-mail at EmmaMeulenkamp@gov.nl.ca.

Sincerely,

Desirée Newman

Enclosures
Access or correction complaint

42. (1) A person who makes a request under this Act for access to a record or for correction of personal information may file a complaint with the commissioner respecting a decision, act or failure to act of the head of the public body that relates to the request.

(2) A complaint under subsection (1) shall be filed in writing not later than 15 business days

(a) after the applicant is notified of the decision of the head of the public body, or the date of the act or failure to act; or

(b) after the date the head of the public body is considered to have refused the request under subsection 16(2).

(3) A third party informed under section 19 of a decision of the head of a public body to grant access to a record or part of a record in response to a request may file a complaint with the commissioner respecting that decision.

(4) A complaint under subsection (3) shall be filed in writing not later than 15 business days after the third party is informed of the decision of the head of the public body.

(5) The commissioner may allow a longer time period for the filing of a complaint under this section.

(6) A person or third party who has appealed directly to the Trial Division under subsection 52(1) or 53(1) shall not file a complaint with the commissioner.

(7) The commissioner shall refuse to investigate a complaint where an appeal has been commenced in the Trial Division.

(8) A complaint shall not be filed under this section with respect to

(a) a request that is disregarded under section 21;

(b) a decision respecting an extension of time under section 23;

(c) a variation of a procedure under section 24; or

(d) an estimate of costs or a decision not to waive a cost under section 26.

(9) The commissioner shall provide a copy of the complaint to the head of the public body concerned.
Direct appeal to Trial Division by an applicant

52. (1) Where an applicant has made a request to a public body for access to a record or correction of personal information and has not filed a complaint with the commissioner under section 42, the applicant may appeal the decision, act or failure to act of the head of the public body that relates to the request directly to the Trial Division.

(2) An appeal shall be commenced under subsection (1) not later than 15 business days

(a) after the applicant is notified of the decision of the head of the public body, or the date of the act or failure to act; or

(b) after the date the head of the public body is considered to have refused the request under subsection 16(2).

(3) Where an applicant has filed a complaint with the commissioner under section 42 and the commissioner has refused to investigate the complaint, the applicant may commence an appeal in the Trial Division of the decision, act or failure to act of the head of the public body that relates to the request for access to a record or for correction of personal information.

(4) An appeal shall be commenced under subsection (3) not later than 15 business days after the applicant is notified of the commissioner’s refusal under subsection 45(2).

Subject: Minister’s meeting with Town of Carbonear and Fire Dept

Hi Derek,

The Minister is meeting with the Town of Carbonear and the fire department on March 28th. We haven’t seen an agenda yet, but we are starting to pull together information for a meeting note. Could you provide us with any information you think they would like to speak to the Minister about?

Thanks
Leanne

Meeting Note
Department of Municipal Affairs and Environment (MAE)
Meeting with Town of Carbonear and Carbonear Fire Department
April 8, 9:00 – 10:00 am
MAE Executive Boardroom

Attendees: Minister Graham Letto, Minister Steve Crocker (TW), Eilanda Anderson (Executive Assistant), Jamie Chippett (DM), Tara Kelly (ADM), Randy Simms.
Town Officials: Brent Sweeney (Fire Chief), Frank Butt (Mayor), Chris O'Grady (Deputy Mayor) and Cynthia Davis (CAO)

Purpose of Meeting: This meeting was requested by the Town and Fire Department of Carbonear to discuss an application for a new pumper truck and the expansion of the Eastern Regional Services Board (ESRB) fire protection services in unincorporated areas. Background, analysis and potential speaking points for these items are outlined below.

Background:
- The Town of Carbonear (the Town) is located in the MAE Eastern region. As of 2016, the Town has a population of 4,838.
- The Town met with Minister Parsons (former Minister of MAE) and Minister Crocker (TW) in August 2018 to discuss a number of issues including the expansion of the ESRB provision of fire services in Carbonear and surrounding areas.

Agenda Item #1: Application for New Pumper Truck
- MAE’s Fire Protection Vehicle Program is administered through the Fire Services Division (FSD). This program provides funding for firefighting trucks/vehicles.
- The program traditionally funded the purchase of new fire protection vehicles. However, the program now has three funding streams municipalities can apply under:
  - Used Vehicle – Cost Shared Funding is intended to assist those municipal authorities that may find it difficult to come up with the municipal share of a new vehicle and where a suitable used vehicle will still meet the fire protection requirements for the area. The cost share ratio is 90/10 with the provincial contribution capped at $100,000.
  - New Vehicle – Cost Shared Funding provides financial assistance to municipal authorities based on a cost-share ratio set by MAE. The provincial/municipal cost-share ratio for fire vehicles are based on community population – less than 3,000 (80/20), 3,000-7,000 (70/30), and greater than 7,000 (60/40).
  - New Vehicle – Fixed Contribution Cost Shared Funding provides a fixed amount of financial assistance to those municipal authorities who are not dependent on provincial financial assistance to fund the acquisition of fire protection vehicles. Under this funding stream, the municipal authority would be eligible for a maximum fixed contribution of $100,000 toward a fire protection vehicle (excluding rural response vehicles).
Analysis

- The Town of Carbonear submitted a Municipal Capital Works application for a new fire pumper to service the Town of Carbonear and surrounding area.
- The Infrastructure and Waste Management Division highlighted that the application was submitted incorrectly and should have been submitted through the Fire Protection Vehicle Program.
- MAE executive have directed that the request be included in the current list of vehicles being considered and ranked accordingly.

Potential Speaking Points

- I have been advised that the Town of Carbonear's application for a new fire pumper was submitted incorrectly as a Municipal Capital Works application. Please be advised that the application has been transferred and will now be considered and ranked under the Fire Protection Vehicle funding program.

Proposed Actions

- Staff of the Fire Services Division will review and rank the application accordingly.

**Agenda Item #2: Expansion of Eastern Regional Service Board Fire Protection Services**

- In December 2015, the ERSB and the Town of Holyrood sent a joint letter to the then Minister of Municipal Affairs, requesting the Government grant authority to the ERSB to provide protection services in the Holyrood area.
- In June 2016, this request was approved and the *Eastern Regional Service Board Regulations, 2013* were amended accordingly.
- In February 2017, the ERSB Chair wrote to the Minister of MAE to formally request that the ERSB be authorized to proceed with implementation of similar fire protection arrangements in other areas of the Eastern region.
- The Town of Carbonear contacted MAE in July 2017 requesting the Minister provide the required direction for the ERSB to enter into an agreement with the Town.
- In July 2018, the Town contacted MAE again to resubmit its 2017 request. The Town advised they were seeking to enter into an agreement with the ERSB to provide fire protection services to areas outside the municipal boundary that require fire protection.
- Cabin owners outside the boundary are represented by the Line Road Cabin Owner's Association. It informed the Town that while the majority of cabin owners want fire protection, the Association is having difficulty collecting fees from all owners. Under an agreement with the ERSB, the ERSB would collect fees from cabin owners.
- The Town advised that if the Minister did not provide approval to the ERSB to enter into agreements to provide fire protection outside municipal boundaries, the Town would have to discontinue its fire services to cabin owners.
• In May 2018, the Minister of MAE gave approval to provide the ERSB with the authority to expand fire protection services to other areas in the Eastern region, with the following conditions:
  o The ERSB shall only provide fire protection services to those host communities that request the service for their surrounding areas.
  o Communities that intend to charge a fee for an expanded service be first assessed by the Fire Commissioner’s Office to ensure it is able to provide the expanded service.
  o The area into which the service is to be expanded and fees charged must be determined in consultation with the Fire Commissioner based on reasonable accessibility.
  o Communities providing the fire service are to charge a fee for the service on a cost-recovery basis only.
  o It is understood that the actual service provider will continue to be the applicable community, rather than the ERSB and all future funding will remain with the community.

• The Fire Commissioner advised at the time that the Carbonar Fire Department had capacity to deliver fire services to surrounding areas.

• In September 2018, the required amendments were made to the *Eastern Regional Service Board Regulations, 2013* to grant the ERSB power to provide fire protection services within the Eastern region subject to the terms and conditions that the Minister may determine.

• FSD met with the ERSB to advise them of this amendment and advised the ERSB to consult with the Town regarding a decision on the expanded area to be covered. It is not clear whether this determination was made, or whether the Town and the ERSB entered into an agreement for the provision of fire protection services. It is noted that the Fire Department recently indicated to FSD that it has been directed by the Town to respond to calls from unincorporated areas.

• MAE is not aware of any issues the Town and the Fire Department may wish to discuss with the Minister regarding the expansion of fire protection services in unincorporated areas.

**Potential Speaking Points**

• The *Eastern Regional Service Board Regulations, 2013* were amended in September 2018 to grant the Eastern Regional Service Board power to provide fire protection services within the Eastern region.

• Officials with Fire Services Division are available to discuss and assist with any issues you may have regarding the expansion of fire protection services in unincorporated areas.

**Proposed Actions**

• MAE will continue to monitor and provide support for the Town in relation to fire services as required.

**Prepared/Approved by:** L. Combden / E. Thompson / T. Kelly / J. Chippett (pending)

**Ministerial Approval:** Received from Hon. Graham Letto (pending)

**April 5, 2019**
Yes please. The funding stream would be the main item. Have we received any other application since Mar 31, if so please add them to the spreadsheet at the bottom.

Thanks,
Kim
April 12, 2019

Frank Butt, Mayor
Carbonaer Town Council
P.O. Box 999
Carbonaer, NL A1Y 1C5

Dear Mayor Butt:

Re: 2019/2020 Fire Protection Vehicles Infrastructure Program,
Project No. FES-NL190002

I am pleased to confirm that the Government of Newfoundland and Labrador has approved funding for the purchase of a new firefighting vehicle valued at $360,000.00.

The project-funding arrangement will be based on a 70/30 Provincial/Municipal ratio. Your Town Council is hereby given approval to utilize the GST and partial HST rebate as part of this purchase. The final government contribution and GST and partial HST rebate will be based on the final tendered cost.

Please be advised the provincial share of funding for this vehicle will be forwarded directly to your Town Council for disbursement upon submission of the production invoice from the supplier.

It is understood that your Town Council will arrange to finance its share plus GST and partial HST rebate through a bank or other financial institution on the basis of an approval to borrow and without a guarantee. In the event a project is completed below the estimated amount, the savings will not be available to your municipality to be used otherwise. Where an existing vehicle becomes surplus to the town’s needs, Government of Newfoundland and Labrador will deal with reallocations on a province-wide basis.

Please note the project number in the above reference. It is critical that this number be included on all correspondence and documents relating to this project. Failure to do so may result in a return of the correspondence or delays.

Fire Services Division will conduct a tender call for this vehicle. Information related to the tender and unit specification will be provided to your Town Council. Other details on
acquisition guidelines, which must be complied with, will be provided by the Director of Fire Services/Fire Commissioner.

In addition, Fire Services Division encourages local governments to review the results of their fire department assessments, with a view to ensuring fire departments can meet their full potential. Firefighters should have or obtain the necessary training to utilize their firefighting equipment. If you require any assistance or information on improving the delivery of fire protection services, please contact my staff at Fire Services Division.

If you have any questions about your project, please contact the Fire Services Division at telephone number (709) 729-1608.

Sincerely,

[Signature]

## SECTION IV - INFORMATION REGARDING THE VEHICLE TO BE REPLACED

**Date Vehicle Acquired**
- 1999

**Make (i.e. Ford, GMC, International, Freightliner)** | **Model** | **Year** | **Kms** | **Hrs**
--- | --- | --- | --- | ---
GMC |  | 1999 | 26387 |  |

**Fire Apparatus Manufacturer (i.e. MetalFab, Thibault)**
- Thibault

**Type (i.e. Pumper, Tanker, Rescue, Aerial, Rural Response Unit)**
- Pumper

**Has vehicle been inspected annually?**
- Yes ☑  No □

Please provide a condition description of vehicle chassis and components.

(Note: Please attach mechanics report if available.)

The overall condition of the vehicle and chassis is fairly good. The vehicle is experiencing brake issues and the plumbing is failing requiring frequent repairs. The Town of Carbonar requires a reliable pumper as it services 2 schools with a population of approximately 1000, an 80 bed 8 storey hospital and a 228 bed long term care facility. The Town also has a large commercial area with 4 gasoline service stations.

Please provide an outline of major repairs/replacement for vehicle and when this was done.

(Note: Photographs and any further information deemed appropriate to describe vehicle condition may be attached, if available.)

Please provide a complete listing of current vehicle inventory:

- 2009 Sutphen Aerial SL 100; 1189 hours; 4824 kms
- 2004 Ford 250 XL Superduty; 16253 kms
- 1999 GMC Topkick Pumper
- Mercedes Benz 3500 Equipment Van; 13113 kms
