Dear [Redacted]

Re: Plans – Proposed Renovations to the Town Office Building – 1 Naskaupi Street, Churchill Falls, NL

We acknowledge receipt of plans and other information pertaining to Fire and Life Safety and Buildings Accessibility for the above project.

Fire and Life Safety

We have reviewed the plans and FC/NBC Form and found them generally acceptable. However, at the time of construction, you must ensure that the following items are included:

1. That the portable fire extinguishers shall be installed, maintained and inspected in accordance to the requirements of NFPA-10, “Portable Fire Extinguishers”.

Additional requirements that must be adhered to at the time of construction are as follows:

1. That where a fire alarm, sprinkler, and/or kitchen system, fire extinguishers, exit and emergency lighting have been installed, they shall be inspected to ensure proper operation and location. This inspection shall be performed by a service company listed and licensed by the Office of the Fire Commissioner. A copy of all inspection certificates, where applicable, shall be forwarded to the Office of the Fire Commissioner for filing.

The project shall be completed with the approved plans and information provided on the FC/NBC Form. All items listed above, the applicable provisions of the National Building Code of Canada, Fire Code of Canada, and Means of Egress requirements as outlined in the NFPA 101 Life Safety Code must be complied with.

We trust that you will note and adhere to the requirements as stated above for Fire and Life Safety.

Buildings Accessibility

A review of the information submitted has determined that this project is exempt from the provision of the Buildings Accessibility Act and Regulations (Exemption #EA-22602).

The design of the proposed project is therefore not required to comply with the technical requirements of the Buildings Accessibility Regulations. Any future reconstruction at this location must be similarly submitted to this department for re-assessment of whether the conditions for exemption remain valid.

Sincerely,
