Dear [REDACTED]

Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act [Our file #ENV/041/2014]

On November 19, 2014, the Department of Environment and Conservation received your request for access to the following records/information:

"Environmental records/information (underground/above ground storage tanks, hazardous waste, spills/releases, water wells, etc.) for the address 24 Mews Place, St. John’s, Newfoundland A1B 4G3"

On December 9, 2014, the Department of Environment and Conservation received the following modified request:

"Environmental records/information (underground/above ground storage tanks, hazardous waste, spills/releases, water wells, etc.) for the address 24 Mews Place, 20 Mews Place, 26 Mews Place and 50 Duffy Place, St. John’s, Newfoundland"

On December 10, 2014, the Department advised you that the 30-day time period for responding to your request had been extended for an additional 30 days, in accordance with subsection 16(1)(d) of the Access to Information and Protection of Privacy Act (the Act), as a preliminary review of the records you requested indicated that consultation with a third party was required before the Department could determine whether or not to grant access to the requested records.

As per your request, a review of the Department of Environment and Conservation files was carried out for the referenced properties and I am pleased to inform you that your request for access to information has been granted in part. Portions of the attached documents, in relation to the property located at 24 Mews Place, have been severed in accordance with the following exceptions to disclosure, as specified in the Act:
1. Section 27(1): The head of a public body shall refuse to disclose to an applicant information that would reveal

   (c) commercial, financial, labour relations, scientific or technical information the disclosure of which could reasonably be expected to

   (i) harm the competitive position of a third party or interfere with the negotiating position of the third party

2. Section 30(1): “The head of a public body shall refuse to disclose personal information to an applicant where the disclosure would be an unreasonable invasion of a third party’s personal privacy.”

As required by subsection 7(2) of the Act, we have severed information that is exempted from disclosure and have provided you with as much information as possible. In accordance with your request, the appropriate copies of records in the custody and control of the Department of Environment and Conservation have been enclosed.

Regarding the remainder of your request, the Department has the following information on file for 50 Duffy Place:

   o There is one aboveground steel tank with a capacity of 6246 L of diesel located on the property. The Storage and Handling of Gasoline and Associated Products Regulations, 2003 (GAP) approval number for this tank is AV-GAP-0704-0391.02.

   o There is also one aboveground steel tank with a capacity of 910 L of diesel located on the property. The GAP approval number for this tank is AV-GAP-0704-0391.01.

In addition, please be advised that our records indicate that the Department of Environment and Conservation has no record of past, pending, outstanding or ongoing orders or complaints related to compliance or any matter of environmental significance on file for the properties located at 20 Mews Place, 24 Mews Place, 26 Mews Place and 50 Duffy Place, St. John’s, Newfoundland.

Section 43 of the Act provides that you may ask the Information and Privacy Commissioner to review this response or you may appeal to the Supreme Court Trial Division. A request to the Information and Privacy Commissioner shall be made in writing within 60 days of the date of this letter or within a longer period that may be allowed by the Commissioner.

The address and contact information of the Information and Privacy Commissioner is as follows:
Office of the Information and Privacy Commissioner
2 Canada Drive
P. O. Box 13004, Stn. A
St. John’s, NL. A1B 3V8

Telephone: (709) 729-6309
Facsimile: (709) 729-6500

In the event that you choose to appeal to the Trial Division, you must do so within 30 days of the date of this letter. Section 60 of the Act sets out the process to be followed when filing such an appeal.

Please be advised that this response will be published following a 72 hour period after the response is sent electronically to you or five days in the case where the response is mailed to you. It is the goal to have the response posted to the Office of Public Engagement’s website within one business day following the applicable period of time. Please note that requests for personal information will not be posted online.

If you have any further questions, please contact the Departmental ATIPP Coordinator at 709-729-7183 or courtneyblundon@gov.nl.ca.

Sincerely,

[Signature]

JAMIE CHIPPETT
Deputy Minister
Pesticide Vendor Licence

Pursuant to The Environmental Protection Act SNL 2002 cE-14.2 and The Pesticides Control Regulations, 2012 and subject to the attached stipulations, this licence is issued to:

Cabot Pest Control Ltd.

This Licence is valid from

September 11, 2013 to May 28, 2018

Valid Categories

Domestic Vendor

Licence No. 13-101

Minister of Environment and Conservation
Cabot Pest Control Ltd.

PESTICIDE VENDOR LICENCE NO: 13-101
ISSUE DATE: September 11, 2013
EXPIRY DATE: May 28, 2018

Vendor Terms & Conditions
Domestic Category

1. For the purpose of this licence the Environmental Protection Act SNL 2002 cE-1. and the Pesticides Control Regulations, 2012, shall apply.

2. The handling of all pest control products (pesticides) shall be conducted in strict compliance with the product label registered under the authority of the Pest Control Products Act (Canada).

3. In accordance with Section 14 of the Pesticides Control Regulations, 2012, the vendor shall not sell any pesticide registered for use only on lawns which contain any of the following active ingredients:
   a. 2,4-dichlorophenoxyacetic acid, commonly referred to as 2,4-D;
   b. Mecoprop;
   c. Dicamba;
   d. 2-methyl-4-chlorophenoxyacetic acid, commonly referred to as MCPA; or
   e. Carbaryl.

4. The vendor shall ensure that all employees are aware of the terms and conditions of the Pesticide Vendor Licence. A copy of said terms and conditions shall be posted where pesticides are stored or displayed.

5. The Pesticide Vendor Licence or a copy thereof shall be displayed in a conspicuous place on the premises.
6. The vendor shall ensure that all pesticides are stored and displayed in a manner that prevents environmental contamination or the impairment of the health and safety of any person:

   a. pesticides shall be stored in a manner as to contain any leakage;
   b. all display units shall be constructed of a non-absorbent or disposable material that can be easily cleaned or disposed of if a spill occurs;
      i. disposal of display units contaminated with a pesticide shall be done according to manufacturer's recommendations; and
   c. all pesticides stored or displayed outdoors shall be protected from wind, rain and other weather hazards.

7. Pesticides in unsealed or damaged packages or containers shall not be placed on display under any circumstance, but shall be disposed of in accordance with the manufacturer's recommendations.

8. In case of a pesticide spill/leak, the vendor shall ensure that:

   a. the product is quickly contained and clean up of the pesticide occurs immediately;
   b. staff wear the proper protective clothing while cleaning up the spill/leak; and
   c. any damaged packages or containers are disposed of in accordance with the manufacturer's recommendations.

9. The vendor shall ensure that pesticides are stored and displayed at least 1 meter from the following:

   a. food and beverages intended for human or animal consumption;
   b. personal use items;
   c. seeds, fertilizers, and soils; and
   d. items intended for animal use.

10. The vendor shall ensure that all rodenticides are stored or displayed at a minimum height of 1 meter above the floor.

11. The vendor shall ensure that there are no floor drains in areas where pesticides are to be stored or displayed.

12. The vendor shall provide the annual (calendar year) sales figures of all pesticides sold from each location to the Pesticides Control Section by February 28th of the following year.

13. The Department of Environment and Conservation reserves the right to amend the terms and conditions of this licence at any time.

Dear [Name]

Pesticide Vendor Licence # 13-063 Domestic Category

Attached please find your 2013 Pesticide Vendor Licence -- Domestic Category. You will also find a copy of the Pesticide Vendor Licence -- Domestic Category Terms and Conditions. Among other requirements these terms and conditions indicate how the pesticides should be displayed and stored. They also indicate the requirement for an annual quantity sales report (based on the calendar year) to be submitted to the Department of Environment & Conservation by February 28th of each subsequent year.

Below is an example of how we would like to see the annual sales report:

<table>
<thead>
<tr>
<th>Pesticide Name</th>
<th>PCP Reg. Act #</th>
<th>Size and Type of Unit (le 100 ml, 25 g etc)</th>
<th>Number of Units Sold</th>
</tr>
</thead>
<tbody>
<tr>
<td>Weeds Be Gone</td>
<td>12345</td>
<td>1000 ml</td>
<td>75</td>
</tr>
</tbody>
</table>

Be sure to read over the terms and conditions of your licence carefully to ensure you are in compliance with the requirements of your licence.

If you have any questions regarding this letter, please feel free to contact me at (709)729-2565 or by e-mail at georgeingram@gov.nl.ca.

Sincerely,

Structural

Licence No. 14-031

Minister of Environment
and Conservation
PESTICIDE OPERATOR LICENCE NO: 14-031
EFFECTIVE DATE: May 26, 2014
EXPIRY DATE: May 26, 2019

1. DEFINITIONS

Buffer: means a defined space within which treatment is excluded and which extends a set distance outward in all directions from the boundary of an area designated for protection.

Human habitation: means every structure in which a person or persons resides on either a part-time or full time basis.

Lawn: means a plot of grass that is maintained at a regular and approximately uniform height through periodic and regular mowing.

Penstock: means a pipeline leading from the intake to the turbines.

Private property: means land owned or leased by an individual, group of individuals or other legal entity such as a company or corporation, for which clear title has been granted, and for which a record exists either through the Registry of Deeds or Crown Lands.

Right-of-Way (ROW): means an easement, granted by the land owner that permits the construction and operation of a utility corridor for the purpose of transmitting electricity. The utility corridor may be of varying lengths and widths.

Water body: means any surface (high water mark) or subterranean source of fresh or salt water within the province, whether such course usually contains water or not, and includes coastal water within the jurisdiction of the province and includes water above the bed of the...
This information shall be submitted no later than **December 31** of each year. Licences for the following season will not be processed until this information is received.

(6) The operator shall ensure that all application equipment is maintained in good working order to prevent damage to the environment and/or injury to individuals working with or near the equipment.

4. **VEHICLES**

(1) All vehicles used during the application of pesticides for landscape, structural or industrial vegetation management programs shall have the registered/incorporated company name, or any other name under which this company trades, as per this pesticide operator licence, prominently displayed on the vehicle. The name shall be displayed on both the driver and passenger sides of vehicle.

(2) Concentrated pesticides transported in a vehicle during spray operations shall be contained in a lock box, a secure area or compartment which must be locked while unattended.

(a) Pesticides shall not be transported in the passenger compartment of any vehicle.

(3) A quantity of approved absorbent materials shall be on hand at all times in case of a spill. The vehicle shall also carry clean-up equipment including but not limited to, shovels, brooms, and bags/buckets.

5. **SPILL REPORTING**

(1) All spills involving greater than 70 litres of mixed pesticide or the equivalent of unmixed formulation shall be reported immediately.

(2) All spills involving mixed or unmixed pesticide into a water body or within 100 meters of a water body, well or area frequented by people shall be reported immediately.

(3) Spills involving less than 70 litres of mixed pesticide or equivalent amount of unmixed formulation in areas not frequented by people, and remote from water bodies or wells shall be duly recorded by the operations supervisor. Records of all such incidents (spills) shall be kept on file by the operator. These records should include details such as date of spill, location, product and quantity, employee on site, and clean up procedure. These records should be submitted to the Pesticide Control Section with the annual summary.

(4) Reporting of spill incidents shall be made to the Pesticides Control Section, St. John’s (ph.1-800-563-6181) and to Environment Canada, St. John’s (ph.709-772-2083).
(3) All entrances to storage sites shall be locked when the owner or an employee of the owner is not present.

(4) Pesticides shall be stored in their original container or a substitute container approved by the manufacturer. Substitute containers shall be labelled appropriately.

8. PROTECTIVE EQUIPMENT

The operator shall provide and ensure that all personnel involved in the mixing, loading, and application of pesticides wear appropriate protective equipment in accordance with the pesticide manufacturer's product label and/or material safety data sheet.

9. DISPOSAL

(1) Empty pesticide containers which have been triple rinsed, cleaned and rendered unusable may be disposed of at an approved waste disposal site.

(2) Contaminated material shall be disposed of in accordance with the manufacturer's directions and in consultation with the Pesticides Control Section.

10. WEATHER CONDITIONS

(1) All exterior spraying activities, except foliar applications of insecticides to trees taller than three (3) meters, are permitted only when:

   (a) wind speeds are between 2 and 15 km/h,
   (b) air temperatures are below 25°C,
   (c) the relative humidity is above 50%, and
   (d) it is not raining nor is rain anticipated over the next 2 hour period.

(2) Foliar applications of insecticides to trees taller than three (3) meters, are permitted only when:

   (a) wind speeds are between 2 and 10 km/h,
   (b) air temperatures are below 25°C,
   (c) the relative humidity is above 50%, and
   (d) it is not raining nor is rain anticipated over the next 2 hour period.

(3) All exterior granular pesticide applications are permitted only when:

   (a) air temperatures are below 25°C,
   (b) the relative humidity is above 50%, and
   (c) it is not raining nor is rain anticipated over the next 2 hour period.
APPENDIX A
PESTICIDE LIST

Cabot Pest Control Ltd.

PESTICIDE OPERATOR LICENCE NO: 14-031

These are the only pesticides that have been approved for storage and use except as noted below for this pesticide operator licence. The operator is not permitted to purchase, apply, store or otherwise handle pesticides not on this list.

If you require additional pesticides, please submit the form, “Request for Additional Pesticide(s)”, to Fax # (709) 729-6969 or in writing to:

PESTICIDE OPERATOR LICENCE

LANDSCAPE

A1. RESTRICTION ON LAWN CARE PESTICIDES

As per Section 14 of the Pesticides Control Regulations, 2012:

(1) A person shall not use a pesticide product that contains one or more of the following chemicals:
   (a) carbaryl;
   (b) 2,4-D (2,4-dichlorophenoxyacetic acid);
   (c) mecoprop;
   (d) dicamba; or
   (e) MCPA (2-methyl-4-chlorophenoxyacetic acid)
in, on, or over a lawn.

(2) A person shall not sell, supply, or offer for sale a pesticide that contains one or more of the chemicals in paragraphs (1)(a)-(e) for use in, on or over a lawn.

(3) Subsections (1) and (2) do not apply to a person who uses, possesses, sells or supplies a pesticide for
   (a) a golf course;
   (b) forestry activities; or
   (c) agricultural activities.

(4) Notwithstanding subsections (1) and (2) the minister may allow a pesticide product containing one or more of the chemicals in paragraphs (1)(a)-(e) to be applied to a sports turf or other highly managed turf areas.

A2. PUBLIC NOTIFICATION

(1) The operator and/or his agent shall provide notice to all properties that are located within 15 meters of the proposed application site where the proposed application is to occur.

   (a) The notification shall be:
       (i) in writing, at least 24 hours prior to the pesticide application; or
       (ii) verbally, at least 24 hours prior to the pesticide application and in writing immediately prior to the pesticide application.

   (b) The notification shall include:
(b) **GOLF COURSE:**

(i) The operator shall place signs in the Club-house facility and/or Pro-shop facility. Signs shall be placed in a manner that ensures the highest possible visibility.

(ii) Signs shall be in place a minimum of 24 hours before the application of pesticides and a minimum of 48 hours after the application of a pesticide.

(iii) The sign shall meet the minimum requirements as illustrated in Appendix B.

**A4. BUFFER ZONES**

(1) Formulations containing the active ingredient metalaxyl shall not be applied within 50 meters of any water body.

(2) Formulations containing the active ingredient quintozene shall not be applied within 50 meters of any water body.

(3) Instrata RTM Fungicide shall not be applied within 20 meters of any water body.

**A5. MIXING AND LOADING**

(1) Operations involving the filling of spray tanks with water and the addition of pesticides to spray tanks may be undertaken subject to the following conditions:

(a) All pesticide mixing and loading activities shall be supervised at all times.

(b) Mixing and loading in the vicinity of water bodies shall be undertaken with equipment set up on flat, stable ground to mitigate the possibility of spills or leaks during fill events.

(c) Where water must be pumped directly into the spray tank, an antibackflow device shall be fitted onto the pump to prevent any material from the tank being diverted from the tank into or near the water body that is being used to fill the tank.

(d) Spill response materials sufficient to respond to an incident during mixing and loading operations shall be on site at all times.

(e) All mixing and loading sites shall be identified with GPS coordinates, and this information shall be provided to the Pesticides Control Section.
Appendix A

Lawncare Signage

For illustrative purposes only. Sign, pictogram and letters are not drawn to scale.

1. The sign shall be at least twenty-eight (28) centimeters high and twenty-two (22) centimeters wide and contain all the information contained in the above illustration. This information shall be displayed in the same format and proportions as the above illustration.

2. The words Warning Pesticide Use shall be printed in red letters and be at least 2.5 cm in height. The associated symbol shall contain a black silhouette of an adult while the circle and cross bar shall be red in colour. All other letters shall be at least 1 cm in height.

2. The sign and information contained on it must be weather resistant for at least forty-eight (48) hours.

3. Contact Information shall contain the following:
   (a) Company Name,
   (b) Company POL #,
   (c) Company telephone Number,
   (d) The Department of Environment & Conservation name and contact number (1800 563 6181).
1. The sign shall be at least one hundred and twenty (120) centimeters high and sixty (60) centimeters wide.

2. Each sign shall bear at a minimum the information indicated in the sample sign.

3. The words “WARNING PESTICIDES IN USE” must be displayed in red capital letters and be at least 14 centimeters high.

4. The sign must contain a contact name and number for the company applying the pesticide. The Department of Environment and Conservation contact number (1-800-563-6181) must be placed next to the first number and identified accordingly.

5. The sign may be constructed such that the warning statement and contact information are contained on a permanent backing with the pesticide information, location of spray activities and application date information contained on removable sheets or displayed using erasable markers.

A8. The Department of Environment and Conservation reserves the right to amend the attachments of the terms and conditions of this licence at any time.

*February 8, 2013*
ATTACHMENT F

PESTICIDE OPERATOR LICENCE

STRUCTURAL

F1. Public notification (Exterior applications)

(1) The Operator and/or his agent shall provide notice to all properties that are located within 15 meters of the proposed exterior application, excluding covered baits.

(a) The notification shall be:
   (i) in writing, at least 24 hours prior to the pesticide application; or
   (ii) verbally, at least 24 hours prior to the pesticide application and in writing immediately prior to the pesticide application.

(b) The notification shall include:
   (i) the trade name or product name of the pesticide,
   (ii) the active ingredient(s) found within the pesticide,
   (iii) the type of pest to be controlled,
   (iv) the proposed date of application,
   (v) the address of the property being treated,
   (vi) the name and telephone number of the operator doing the application.

(2) If the pesticide spray activity cannot take place within 48 hours of the scheduled treatment, then the Operator and/or his agent shall “re-notify” all properties in the same manner indicated above.

(3) Notification is not required for exterior applications of structural pesticides on or within 1 meter of a structure, unless that structure is located within 1 meter of the property boundary.

F2. Signage

(1): For application of commercial or restricted class pesticides including but not limited to private, commercial and municipal properties, the following shall apply:

(i) The operator shall place a sign or signs on all properties that have had an exterior pesticide application, excluding covered baits.
Below the pictogram the words “PESTICIDE USE” in capital letters;

Below those words the words “FOR INFORMATION CONTACT” in capital letters and the company name and telephone number. The Department of Environment and Conservation name and contact number (1-800-563-6181 - St. John’s) must also be placed below the company contact information and identified accordingly;

Below the phone numbers the words “DATE SPRAYED” and the date the treatment begins;

The front of the sign may bear only words and markings that do not detract from the required information, occupying not more than the bottom 2.5 centimeters of the sign, that identify the employer of the person performing the treatment;

The words “WARNING” and “PESTICIDE USE” on the front of each sign shall be printed in red letters and shall be at least 2.5 centimeters high.

All other letters and numbers shall be printed in black and shall be at least 1.0 centimeter high.

The back of each sign shall bear:

The word “PESTICIDE” at the top left in capital letters followed by the name of the pesticide used or intended for use;

And Either:

Below those words the words “REGISTRATION NUMBER” in capital letters followed by the registration number assigned to the pesticide under the Pest Control Products Act (Canada);

Or:

The words “REGISTRATION NUMBER” at the top right in capital letters followed by the registration number assigned to the pesticide under the Pest Control Products Act (Canada);

And:

Below those words the words “TO CONTROL” in capital letters followed by the name of the pest to be controlled;
CERTIFICATE OF INSURANCE

This Certificate of Insurance must be delivered to the Department of Environment and Conservation, P.O. Box 8700, St. John's, NL, A1B 4J6 prior to issuance of a Pesticide Operator Licence.

INSURER

15. If aircraft are to be used, please complete this section. N/A

(A) Type of aircraft:

Fixed wing: ________________________________

Helicopter: ________________________________

(B) Model of aircraft: ________________________________

(C) Total number of aircraft to be used in the operation: __________________

(D) Owner of aircraft: ________________________________

(E) Base airport: ________________________________

(F) If the applicant is a contractor, list the name and address of the client and the client's contact person:

___________________________________________________________________

___________________________________________________________________

16. Proof of insurance coverage pursuant to Section 23 of the Pesticides Control Regulations 2012 must be received by the Pesticides Control Section before a licence can be issued. The operator's insurance company must complete the attached Certificate of Insurance and faxed (709)-729-6969 or mailed to the address listed on the next page.

17. A fee of $500.00 in the form of a cheque or money order must be submitted with this application. Make the cheque or money order payable to the Newfoundland Exchequer Account and write Revenue Account No. 1218-500-4140-2764 on the cheque or money order to facilitate processing. A receipt from Central Cashier indicating that payment has been received will also be accepted. Cash payments will not be accepted.
I hereby certify that the information provided in this application is accurate, to the best of my knowledge.
