Dear [Redacted]

Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act [Our File #: EC-18-2016]

On April 5, 2016, Executive Council received your request, which was transferred from the Premier’s Office, for access to the following records/information:

"All emails, internal memos and/or any written correspondence regarding Don Dunphy from March 29, 2015 and April 12, 2015."

I am pleased to inform you that a decision has been made by the Deputy Clerk of Executive Council to provide access to some of the requested information. In particular, access is granted to the following records:

- Emails regarding Don Dunphy from March 29, 2015 to April 12, 2015 (Tab 1).
- Emails concerning media stories regarding Mr. Dunphy for the period of March 29, 2015 to April 12, 2015. (Tab 2).

Access to the remaining records, and/or information contained within the records, has been refused as it is non-responsive or in accordance with the following exceptions to disclosure, as specified in the Access to Information and Protection of Privacy Act (the Act):

31. (1) The head of a public body may refuse to disclose information to an applicant where the disclosure could reasonably be expected to

(a) interfere with or harm a law enforcement matter;

40. (1) The head of a public body shall refuse to disclose personal information to an applicant where the disclosure would be an unreasonable invasion of a third party's personal privacy.

Please note, the following information has been fully redacted from Tab 1 of the package:

- Pages 37-38 have been fully redacted in accordance with paragraph 40(1)
- Page 47-48 and 61-62 have been fully redacted in accordance with paragraph 31(1)(a)
As required by 8(2) of the Act, we have severed information that is unable to be disclosed and have provided you with as much information as possible. Please be advised that you may ask the Information and Privacy Commissioner to review this portion of the processing of your access request, as set out in section 42 of the Act. A request to the Commissioner must be made in writing within 15 business days of the date of this letter or within a longer period that may be allowed by the Commissioner.

The address and contact information of the Information and Privacy Commissioner is as follows:

Office of the Information and Privacy Commissioner
2 Canada Drive
P. O. Box 13004, Stn. A
St. John’s, NL. A1B 3V8

Telephone: (709) 729-6309
Toll-Free: 1-877-729-6309
Facsimile: (709) 729-6500

Please note, in accordance with Section 5(1)(k) of the Act, we are unable to provide access to any emails, internal memo and/or any written correspondence relating to Don Dunphy that are part of an ongoing RNC investigation as the Act does not apply to these records. Therefore pages 66-75 of Tab 1 have been withheld in their entirety.

5. (1) This Act applies to all records in the custody of or under the control of a public body but does not apply to

(k) a record relating to an investigation by the Royal Newfoundland Constabulary if all matters in respect of the investigation have not been completed.

You may appeal this decision directly to the Supreme Court Trial Division within 15 business days after you receive the decision of the public body, pursuant to section 52 of the Act (a copy of this section of the Act has been enclosed for your reference).

Please note, this letter will be published following a 72 hour period after it is sent electronically to you. It is the goal to have the letter posted to the Office of Public Engagement's website within one business day following the applicable period of time. Please note that requests for personal information will not be posted online. If you have any further questions, please contact me by telephone at (709)729-5691 or by email at rachellecutler@gov.nl.ca.

Sincerely,

Rachelle Cutler

Enclosures
Access or correction complaint

42. (1) A person who makes a request under this Act for access to a record or for correction of personal information may file a complaint with the commissioner respecting a decision, act or failure to act of the head of the public body that relates to the request.

(2) A complaint under subsection (1) shall be filed in writing not later than 15 business days

(a) after the applicant is notified of the decision of the head of the public body, or the date of the act or failure to act; or

(b) after the date the head of the public body is considered to have refused the request under subsection 16(2).

(3) A third party informed under section 19 of a decision of the head of a public body to grant access to a record or part of a record in response to a request may file a complaint with the commissioner respecting that decision.

(4) A complaint under subsection (3) shall be filed in writing not later than 15 business days after the third party is informed of the decision of the head of the public body.

(5) The commissioner may allow a longer time period for the filing of a complaint under this section.

(6) A person or third party who has appealed directly to the Trial Division under subsection 52(1) or 53(1) shall not file a complaint with the commissioner.

(7) The commissioner shall refuse to investigate a complaint where an appeal has been commenced in the Trial Division.

(8) A complaint shall not be filed under this section with respect to

(a) a request that is disregarded under section 21;

(b) a decision respecting an extension of time under section 23;

(c) a variation of a procedure under section 24; or

(d) an estimate of costs or a decision not to waive a cost under section 26.

(9) The commissioner shall provide a copy of the complaint to the head of the public body concerned.
Direct appeal to Trial Division by an applicant

52. (1) Where an applicant has made a request to a public body for access to a record or correction of personal information and has not filed a complaint with the commissioner under section 42, the applicant may appeal the decision, act or failure to act of the head of the public body that relates to the request directly to the Trial Division.

(2) An appeal shall be commenced under subsection (1) not later than 15 business days

(a) after the applicant is notified of the decision of the head of the public body, or the date of the act or failure to act; or

(b) after the date the head of the public body is considered to have refused the request under subsection 16(2).

(3) Where an applicant has filed a complaint with the commissioner under section 42 and the commissioner has refused to investigate the complaint, the applicant may commence an appeal in the Trial Division of the decision, act or failure to act of the head of the public body that relates to the request for access to a record or for correction of personal information.

(4) An appeal shall be commenced under subsection (3) not later than 15 business days after the applicant is notified of the commissioner’s refusal under subsection 45(2).

About Joe Smythe and shooting in Mount Carmel Mitchell Brook
RCMP Investigating Incident in Mitchell's Brook

On Sunday, April 5th, at approximately 2:30 PM, a member of the Royal Newfoundland Constabulary was in the area of Mitchell's Brook conducting follow up inquiries regarding an investigation.
During that follow up inquiry, a shooting incident occurred, and a 59 year old male is confirmed dead at the scene.

The Holyrood Detachment of the RCMP, in concert with the Major Crime Unit and Forensic Identification Unit are on site and are processing the scene and conducting the investigation.

The identity of the deceased male has not been released pending notification of next of kin. The autopsy is scheduled for tomorrow.

Hi danielle- due to ongoing police investigation we are not commenting..

Heather

Hi there,

Hate to interrupt your long Easter weekend.

We received a call from the St. Mary’s area suggesting the RNC investigation in Mitchell’s Brook was in relation to threats made against the Premier.

Is there anything at this time you’re able to say one way or the other?

Thanks in advance,
-Danielle

Hi Heather I’m with The Canadian Press. I’m sure you know why I’m emailing. There’s a report out there that a member of the premier’s security detail was involved in a shooting the RCMP issued a news release about. There is a CBC report I’m sure you are aware of that it involved a threat against the premier. What have authorities told you? Has the premier been informed. Is there any additional security measures in place?

Kindest Regards, Steve Fairbairn.

Premier Paul Davis directly addressed the people of Newfoundland and Labrador in the aftermath of the incident in Mitchell’s Brook, St. Mary’s Bay, yesterday, Sunday, April 5, 2015.

People of Newfoundland and Labrador, it is with profound regret that I speak to you today. The events of yesterday have left everyone in the province shaken and disturbed. I share your concerns.

My sincere sympathy goes out to the families and friends of those involved. There is no way to describe the unbearable burden they are carrying today.

I am sure you will understand that I cannot go into specifics at this time. But I want to ensure you that the matter will be fully and independently investigated and a thorough accounting will be made to you, the people of Newfoundland and Labrador. We need to know what happened and why, free from rumour or supposition. I promise you that is what you will receive.

We live in a beautiful place, this Newfoundland and Labrador, with a sharing culture that values peace and understanding. Please keep this in mind as the authorities get on with the difficult task ahead of them.
You are all in my thoughts.

Hi Heather,

I'm a producer on CBC's Power & Politics Show with Evan Solomon. We were wondering if the Premier it might be available to come on our program today to discuss the situation around yesterday's shooting.

We are live on air between 5 & 7 et, or we could pre tape anytime up to 4:30 et.

Do please let me know if Premier Davis might be available for us.

Thank you so much.

Jennifer

Hello Mr. Collins:
I am with The Canadian Press in Halifax and helping my colleague in St. John’s with the story involving Don Dunphy. I was wondering if I could speak with you briefly about your encounters with Mr. Dunphy. I understand that he was tweeting in response to one of your tweets.
I would appreciate it if you could let me know the best way to reach you and what time is convenient for you.
Thanks very much for your help,
Alison

Hey,
I'm just sort of making the rounds for a follow-up story about the Mitchell's Brook shooting.
Specifically, I'll be looking at the question of whether the police vehicle had a dashboard camera. I'm also going to be looking at whether police officers should wear bodycameras. Since this sort of goes to the policy level, I feel like it's a question for politicians. Given Premier Davis's (albeit indirect) involvement with this case, I was wondering if he wanted to comment. If not, I can go to the Department of Justice for a response.
Thanks,

On Friday, April 3rd, a Royal Newfoundland Constabulary officer assigned to the Protective Services Unit was advised of the existence of a social media comment, in the public domain, which was felt to be a concern as it was believed to be directed towards provincial politicians. On Sunday, April 5th, the officer attended a residence in Mitchell's Brook, near Mount Carmel, NL, to investigate the social media remarks.

Due to increased use of social media, complaints to police which lead to investigations regarding activity on social media is dramatically on the rise. On a daily basis police receive complaints of non-criminal as well as criminal activity. All complaints are investigated through various police practices.

Prior to attending the Mitchell's Brook residence the RNC officer conducted a routine risk assessment within the scope of his duties accessing police databases, discussions with other police personnel, and neighbourhood enquiries.

The officer assessed the risk as low, based on all information he received and as such determined that a multi-officer response was not warranted. This included contacting the RCMP detachment at Holyrood, which is the police service of jurisdiction for Mitchell's Brook. The risk assessment process is an ongoing police activity that occurs throughout all aspects of every investigation.

To date, the RCMP investigation indicates the investigating officer attended the Dunphy residence, spoke with Mr. Donald Dunphy at the door, the officer was identified as a police officer, and was invited into Mr. Dunphy's home by Mr. Dunphy. Once inside the residence, a discussion unfolded between the officer and Mr. Dunphy over a period of approximately 15 minutes. During this time period there was a sudden and dramatic change in the demeanor of the visit. The police officer was faced with Mr. Dunphy holding a long barrel firearm which was pointed at the officer. Evidence indicates the police officer responded to this threat with lethal force by drawing and discharging his service pistol. Mr. Dunphy was fatally shot and succumbed to his injuries immediately at the scene.

Examination of the scene by Forensic Identification investigators has lead to the seizure of a .22 caliber rifle found on the floor of the residence next to Mr. Dunphy. The rifle was determined to be loaded. It has been seized and will be forwarded to a forensic laboratory for examination.

This matter remains under investigation by the RCMP.

The media are welcome to attend the Holyrood RCMP Detachment at 3:45 P.M. to meet with the below noted media contact on this matter.

Heather, please see the media inquiry below. David Cochrane also called asking about the process around ordering a judicial inquiry. Our response will be:

There is no mandatory or automatic trigger for a judicial inquiry under the province’s legislation. Depending on the circumstances of the death in question the Chief Medical Examiner may recommend under section 26 of the Fatalities Investigations Act (FIA) a judicial inquiry to the Minister of Justice and Public Safety. The Minister may then order the judicial inquiry if he is satisfied that the inquiry is necessary for the protection of the public interest or is in the interest of public safety.

Under section 43 of the Provincial Offences Act the Minister can also order a judicial inquiry of his own volition if the person died under the circumstances that fall under sections 5-8 of the FIA and where the Minister is of the opinion that it is necessary for the protection of the public interest or in the interest of public safety.

Having said that, this incident is the subject of an active RCMP police investigation and the Minister is not commenting on any call for a judicial inquiry into this matter.

Premier Davis,

I felt compelled to write this personal note to you after the tragic event which recently happened regarding the shooting.

I hope this message finds the officer involved who no doubt finds his life in harms way on a regular basis because of the profession he has chosen...which is to protect the safety of the good people of Newfoundland. The men and women of the RNC and RCMP bravely put their lives into difficult situations on a daily basis for all of us. To hear some of the comments on local media saddens me and my thoughts go to the officer who I'm sure at times during this may have felt all on his own.

This officer and any other of the men and women of either force are always welcome in my home. Why...because its due to them that I can safely lay my head down to sleep at night.

A tragedy...no doubt...it is when anyone loses a life. But...be it when there are threats to you as our leader or any other person in this province...we must support these brave officers and the work that most of us don't even realize they do every day and every night.

Just my thoughts which I felt the need to share with you.

I called this morning with some warm words for us at the premier’s office. First she suggested one way to clear all this up, that’s to call an Independent Inquiry, because people won’t believe a police officer’s decision now. She said that people have political intentions when it comes to the issue of the shooting. They are playing on politics, these people think they know everything and what happened, and they are ridiculous. It’s ridiculous what people are saying on open line about this issue, but we will never be able to stop those kind of people or what they are saying because it’s the same people every day lined up one after another saying the same opinions, who don’t want to hear the facts. She said she has never see such evil or heard such evil things before. For example, someone said we should burn down the workers comp building. Ridiculous.

These people are people with issues with government/PC Party anyways, and are just using a man’s life to make it known.

She said she can’t imagine how Premier Paul Davis is feeling about this, but said he is doing a great job with the hand he is dealt and to keep his head high through all of this and to keep ourselves safe and our security close.

And god bless the poor Police Officer who was involved.

Man dead after shootout on Salmonier Line

Summary:
The RCMP confirmed Sunday evening Don Dunphy, 59, is dead following a shooting incident involving police at Mitchell’s Brook, located just south of Mount Carmel. The RCMP said that about 2:30 p.m., a member of the Royal Newfoundland Constabulary (RNC) was in the area of Mitchell’s Brook conducting followup inquiries for one of their investigations. Later Sunday evening, the CBC reported on its website that the RNC officer who was at the scene and involved in the shooting was investigating an alleged threat against Premier Paul Davis, and that the officer is a member of the premier’s personal security detail. Dunphy allegedly pointed a gun at police shortly before the fatal shooting following a perceived Twitter threat. Dunphy, who had frequently railed against authorities over how he was treated as an injured worker, had responded to an otherwise innocuous tweet that Child Youth and Family Services Minister Sandy Collins made about listening to music while travelling with Davis. It is not yet clear whether Dunphy ever fired his weapon, forensics experts were still on the scene Monday as they collected evidence, said RCMP Sgt. Greg Hicks. Hicks says it's not uncommon for an RNC investigation to overlap RCMP jurisdiction. Because it's so early in the investigation Hicks says he's not in a position to release the duties of the RNC officer. An autopsy will be conducted today on the victim. In cases when an officer discharges a weapon, generally an outside police force is called in to investigate the circumstances. The RNC has not yet made any public comment about that possibility. Updates from Premier Davis and Chief Janes are expected later today.

1 dead, 2 in hospital following TCH crash near Terra Nova

Summary:
Police are investigating a fatal two-vehicle crash on the Trans-Canada Highway near Terra Nova National Park. RCMP said it happened around 5 p.m. on Sunday, about 500 metres east of Charlottetown. Police said initial observations indicate that a westbound vehicle crossed into the eastbound lane. One person was killed in the crash, Reports indicate six people were travelling in the two vehicles. Police say both drivers have been taken to hospital with what's described as non life-threatening injuries. The deceased, a woman was a passenger. Both drivers were taken to hospital in Clarenville with non-life threatening
injuries. A section of the TCH was closed for several hours on Sunday, as police and emergency crews tended to the scene.

**Weather Delaying Repairs to Ann Harvey**

Summary:
Poor weather is delaying efforts to repair the Anne Harvey. The ship ran aground near Burgeo last week and is anchored in Connoire Bay about 15 miles from Burgeo awaiting a temporary fix. A plate to cover the eight inch hole in the hull of the vessel was meant to be put in place yesterday but due to high winds the work didn't resume. A tow line was set in place with the Canadian Coast Guard ship Teleost on Saturday to help protect the Ann Harvey against high winds. When welding is complete the Teleost will tow the Anne Harvey back to St. John's -- a trip that will day about two days. The Louis St. Laurent and HMCS Charlottetown remain on scene to support the operations.

**Driver safely pulled from Goulds bypass rollover**

Summary:
Telegram notes that a woman in lucky to be alive after her car overturned in a water-filled ditch. Several drivers came to the aid of a woman who rolled her vehicle in the south end of St. John's on Sunday evening. The Royal Newfoundland Constabulary said the woman lost control shortly after 7 p.m. and went off Robert E. Howlett Memorial Drive, the highway that provides a bypass through the Goulds area of St. John's. The vehicle rolled over. The RNC said several other drivers managed to get the woman out safely. She appeared to be uninjured. The vehicle was extensively damaged.

**C.B.S pothole prompts police caution, damages vehicles**

Summary:
A large pothole that appeared Sunday morning on the Conception Bay South highway has prompted a warning from police, as well as angry messages on social media from drivers. At about 3:30 a.m. the Royal Newfoundland Constabulary issued an advisory on twitter. This prompted a flood of posts, particularly on twitter, of drivers pulled over assessing damages to their vehicle after hitting the pothole. While the pothole has been ‘fixed’ remnants of damaged vehicles remain.

2 TRAGEDIES OVER THE WEEKEND: Host preamble. A lot of tragedies on the go this weekend with a fatal car accident and then 59 year old man, Don Dunphy who was shot and killed by police. Apparently the situation played out on Twitter where Mr. Dunphy made threats against MHA's and their families. This man was hurt in a workplace accident and was left without much assistant but of course this story will turn into something political. We are going to put the blame on Premier Paul Davis and that is ridiculous.

RCMP Investigation Ongoing of Tragic Shooting Incident
Summary: The RCMP confirmed Sunday evening Don Dunphy, 59, is dead following a shooting incident involving police at Mitchell’s Brook, located just south of Mount Carmel. Dunphy had apparently engaged a provincial cabinet minister in a public conversation on Twitter that at one point used threatening language in reference to political figures.

The RCMP said that about 2:30 p.m., a member of the Royal Newfoundland Constabulary (RNC) was in the area of Mitchell’s Brook conducting followup inquiries for one of their investigations. The RNC officer, who was part of the Premier's security detail, attended the man's residence alone. Dunphy allegedly pointed a gun at police shortly before the fatal shooting. It is not yet clear whether Dunphy ever fired his weapon, forensics experts were still on the scene Monday as they collected evidence, said RCMP Sgt. Greg Hicks. Hicks says it's not uncommon for an RNC investigation to overlap RCMP jurisdiction. Because it's so early in the investigation Hicks says he's not in a position to release the duties of the RNC officer. An autopsy will be conducted today on the victim. In cases when an officer discharges a weapon, generally an outside police force is called in to investigate the circumstances. RNC Chief Bill Janes addressed the media this morning at RNC Headquarters. He offered his condolences to the family of Don Dunphy but could not say much on what lead the RNC officer to the man's home, or the subsequent shooting. Premier Paul Davis says he was unaware of the matter leading up to the RNC investigation and shooting. Davis told reporters today that he's spoken with the officer involved, a man he's known for some time, and offered him his best regards. The Premier, who is a former RNC officer, says the matter is upsetting. Davis says there are no immediate plans to change policy surrounding the way in which elected officials engage with the public. He says just yesterday he attended a hockey game with his wife in Paradise with no security. He says he's had that conversation with his security staff and his family and he may need to change the way he does things.) Davis says he has not yet contacted the Dunphy family to offer his condolences. Davis was asked a number of questions during his media availability to which answers could not be provided as the investigation is ongoing.

Sean Kelly Sentenced to 10 Months, Granted Bail
Summary: Sean Kelly, a Royal Newfoundland Constabulary officer who was found guilty of making an indecent phone call as well as a mischief charge, was given a jail sentence Monday. Judge Wayne Gorman sentenced Kelly to 10 months on both counts: six months for the mischief count, and four months for placing an indecent call. But defence lawyer Jamie Merrigan filed paperwork Monday on an appeal of Gorman's decision. On Monday afternoon, Kelly was granted bail and released on conditions. Kelly's trial heard that he made a lewd phone call to a young woman in 2012, and then put the blame on another
man. Gorman said he chose a jail sentence, accompanied by 12 months of probation, in part because of
the "magnitude of the breach of public trust involved when a police officer ... commits criminal offences
connected to their position." Kelly was handed a 4 month sentence on a charge of making indecent phone
calls, and 6 months for misleading police in their investigation. He's also been placed on probation for a
year.Kelly is currently suspended without pay. His status with the police force is being reviewed by the RNC
Professional Standards Branch. Judge Wayne Gorman chastised Kelly during sentencing, calling his crime
'egregious' for a police officer.

Ann Harvey Expected to Be Towed to St. John's Today
Summary: The Coast Guard says the disabled icebreaker Ann Harvey is expected to be towed to St. John's
as soon as welding on the damaged hull is completed sometime today. The vessel struck bottom last
week, and began taking on water, but the compartment has been sealed and the crew members remain
on board while they await emergency repairs and a tow back to St. John's. The Teleost will begin towing the
disabled vessel back to St. John's as early as this afternoon. A team of six Department of National Defense
divers are on board the Teleost on standby if they're needed. The journey is expected to take about two
days. Poor weather is delayed efforts to repair the Anne Harvey. A plate to cover the eight inch hole in the
hull of the vessel was meant to be put in place Sunday but due to high winds the work didn't resume. A
tow line was set in place with the Canadian Coast Guard ship Teleost on Saturday to help protect the Ann
Harvey against high winds.

1 dead, 2 in hospital following TCH crash near Terra Nova
Summary: Police are investigating a fatal two-vehicle crash on the Trans-Canada Highway near Terra Nova
National Park. RCMP said it happened around 5 p.m. on Sunday, about 500 metres east of Charlottetown.
Police said initial observations indicate that a westbound vehicle crossed into the eastbound lane. One
person was killed in the crash, Reports indicate six people were travelling in the two vehicles. Police say
both drivers have been taken to hospital with what's described as non life-threatening injuries. The
deceased, a woman was a passenger. Both drivers were taken to hospital in Clarenville with non-life
threatening injuries. A section of the TCH was closed for several hours on Sunday, as police and
emergency crews tended to the scene.

Man Charged for Driving with Canada- Wide Suspension
Summary: Police in St. John's have charged a man for driving while under a Canada-wide driving
suspension. The Royal Newfoundland Constabulary conducted a traffic stop on Topsail Road around 10:45
p.m. on Saturday for having a registration sticker other than the one issued. The 28-year-old man was also
found to be driving without insurance, and operating an unregistered vehicle. He was charged and issued
multiple traffic violations. The man's vehicle was impounded. The driver was released to appear in court at a later date. It was one of numerous examples of similar driving behaviour on the weekend in the metro region.

CBC East Coast Morning Show - Tue, April 07, 2015

1 PARENTING AND HUGGING: Parents probably have navigated various hugs with children during the Easter holiday. Sometimes kids go running into an embrace but sometimes some kids don't even want to hug anybody whether it's an adult they know well or a relative or a friend. So should you as a parent insist on embracing in order to teach them manners or should you follow their lead?

15 ADJUSTING WORK WEEKS: Is the classic 9 to 5, 40 hour work week outdated? That's a question asked by a lot of employees all striving to achieve the seemingly unattainable worklife balance. Billionaire Carlos Slim recently floated the idea of workers at his telecommunications corporate putting in full-time hours over just three days. So fewer days at work even with more hours would mean more time at home. But would that translate to quality time and more rest if you're working flat out for three days.

16 SMART DEVICES: You may have heard reports recently the Smart Samsung TVs are able to listen to and record your conversations with their voice recognition software. The company made news when it advised customers to be aware of speaking about personal or sensitive information in front of their smart TVs as those conversations could be captured as data and transmitted to a third party.

17 HYPOALLERGIC PRODUCTS: For people with allergies finding soap and comestics or lotion that won't irritate their skin can be an uphill battle. So if it's labeled hypoallergic that's got to be pretty good news or is it? The American Chemical Society recently put out a video questioning whether hypoallergic means very much at all. And recent research suggests that many products that make the claim still contain at least one allergen. "Brit Erickson" is the senior editor of Chemical and Engineering News, the weekly magazine at the American Chemical Society.

9. **SHOOTING DEATH**: “Theresa” is worried about everyone getting trigger-happy, such as Mr. Dunphy being shot for his words. She says that people need to calm down and stop blaming each other. She says we will never know for sure what happened - someone might have laid a gun next to the man and just claimed he pointed it prior to the shooting. She says we are in for a cleansing. People are blaming the poor for all the problems, but we need to look to Government because they misspent the province's money. She says because we will never know for sure what happened, it could have been anything. The man may have been killed because he knew something he shouldn't have. She says that the media are being censored over this. **AIRED: 9:38 AM**  **DURATION: 11:00**  **REPORTER: PADDY DALY**

RNC chief tight-lipped on Don Dunphy shooting; neighbours say victim kept to self

Summary:

RNC is providing little specific information as the case is under investigation. Premier Davis was unaware of the situation until after it had concluded and defers questions about the investigation to the RNC. Both RNC and Davis offer their condolences to Mr. Dunphy’s family.

Neighbours say Mr. Dunphy kept to himself, but he was very active on social media – tweeting more than 27,000 times. Dunphy frequently complained about corrupt politicians, and his own history of alleged mistreatment by the Workplace Health Safety and Compensation Commission.

Questions remain: why did one officer go to Mr. Dunphy’s home alone on Easter Sunday? Did the RNC notify the RCMP in advance as it was in the latter’s jurisdiction? How many shots were fired? Any by Mr. Dunphy? Was Mr. Dunphy expecting a police visit? Who was he tweeting about?

Sean Kelly sentenced to 10 months in prison for indecent calls, public mischief

Summary:

RNC officer Sean Kelly will serve time for indecent phone calls and public mischief. Judge Wayne Gorman considered several previous cases from the courts in Corner Brook, including his own recent decision involving a civilian Royal Newfoundland Constabulary employee. Kelly received four months for making indecent phone calls to a woman in Corner Brook in October 2012. He got another six months for public
mischief in relation to his attempt to divert the focus of the police investigation into the calls to a man Kelly said he was trying to groom as a potential police informant.

Gorman said what Kelly did was a massive breach of public trust because of his job as an RNC officer. The judge said trying to divert blame away from himself contravened his duties as a police officer in the worst possible manner.

New plan unveiled to manage moose

Summary:

Two new moose reduction zones will be designated along the Trans-Canada Highway as a test project to try and reduce the number of moose-vehicle collisions. There will be 200 either-sex moose licences added in the central moose reduction zone and 300 in the Avalon zone. Some stakeholders doubt it’s enough – including the Save Our People Action Committee. Each year there are an average of 700 accidents involving moose.

Both VOCM and CBC are using today’s polls to gauge public reaction to this story.

5 MUSKRAT FALLS CONTRACTS: Host Preamble – Great Western Forestry's contract was cancelled. Johnson's Construction replaced them. These contracts have been touted as the protection of the ratepayer. But how secure are we with the fixed price or lump sum contract? Do we have to fight with the surety companies every time a contract doesn't come through as planned?

6 SHOOTING DEATH: Host Preamble – Lots of people were asking questions about the Easter Sunday shooting death. Why was only one police officer sent on the call? The RCMP are investigating the incident
because the incident took place in RCMP jurisdiction. Why weren't they called in to the visit to Mr. Dunphy's doorstep? Some people online accused the Premier of sending the police to shut down or kill Mr. Dunphy which is a horrendous thing to say. Paddy feels we all should accept responsibility for what happened to the victim.

7 MOOSE MANAGEMENT: “Bill” is concerned about the moose problem. He wonders why Government doesn't come up with a solution which will prevent the moose from coming out to the road. He says the road salt and freshly cut brush both encourage them to come toward the roadways. We blame the animals for something we are causing.

8 WORKER'S COMPENSATION ISSUES: A “Caller” is not surprised by the tragic shooting of Don Dunphy. He stood in front of Brian Tobin's home with an artist's paint brush to paint red crosses on a pole. He was making a statement about lack of assistance through Worker's Comp following sickness and heart attacks related to conditions at his former workplace. He says Worker's Comp uses the RNC to roughneck the injured worker. He was threatened by police when he was at Brian Tobin's home and could have been killed despite the fact that it was a very peaceful protest.

9 SHOOTING DEATH: “Theresa” is worried about everyone getting trigger-happy, such as Mr. Dunphy being shot for his words. She says that people need to calm down and stop blaming each other. She says we will never know for sure what happened – someone might have laid a gun next to the man and just claimed he pointed it prior to the shooting. She says we are in for a cleansing. People are blaming the poor for all the problems, but we need to look to Government because they misspent the province's money. She says because we will never know for sure what happened, it could have been anything. The man may have been killed because he knew something he shouldn't have. She says that the media are being censored over this.

VOCM - St. John's - Open Line @ 09:38:00am Duration: 00:11:00 Reporter: Paddy Daly

10 MOOSE MANAGEMENT: “Dave” has concerns about the moose management planning. He says the coyotes are also pushing the moose to the roadways, in addition to the salt and fresh brush issues. He says Government needs to listen to the hunters instead of the researchers. He doesn't feel that fencing will work because moose can jump the fences. He says the only solution is for drivers to slow down and use caution.

11 FATAL SHOOTING INCIDENT: “Rodney” is calling to talk about the fatal shooting incident on Sunday. He comments it was only a few year ago officers weren't allowed to carry firearms and maybe if it wasn't for this new law it may have been a totally difference scenario with a dead police officer.

18 OFFICER SENTENCED TO TEN MONTHS: “Fred” is calling to extends congratulations to Paddy on his participation in Shave for the Brave. He is calling to talk about the police officer that was sentenced to 10 months. He says it was amazing that he was out within hours after his lawyer filed an appeal. He also comments on the fatal shooting and how the man didn't have to open his door to the officer since there was no search warrant.

RCMP answers some questions about Don Dunphy shooting

Summary:

The RNC officer contacted the RCMP prior to visiting Dunphy’s home and conducted a routine risk assessment. The RNC determined Dunphy was low risk and it was not necessary for a second officer to attend the visit. Dunphy invited the visiting RNC officer into his home. A 15-minute conversation occurred when there was a "sudden and dramatic" change in the demeanour of the visit, the RCMP said in a statement Tuesday. Don Dunphy aimed a loaded shotgun at the officer, and the officer responded with lethal force. RCMP would not release more specific information, including how many shots were fired. A .22-calibre rifle was found on the floor of Dunphy’s home. During a forensic investigation, it was determined the gun was loaded. Autopsy results have not yet been released.

Sean Kelly released on bail

Summary:

Sean Kelly was in custody for about four hours Monday before his lawyer got him released pending the appeal of his conviction and sentence. Immediately after the getting a 10-month jail sentence Monday, defence attorney Robby Ash filed a notice of appeal in relation to both the conviction and sentence brought down by provincial court Judge Wayne Gorman. Kelly was released from custody Monday afternoon. Crown attorney Brenda Duffy consented to the release - which includes conditions of keeping the peace and being of good behaviour, no contact with four specific individuals, appearing in court and to be taken into custody when required, and to not leave the province - pending bail.
The grounds for the appeal of the sentence include the judge’s failure to consider and/or give due consideration to the principles of sentencing. There is no date scheduled yet to hear the appeal, but after court Monday afternoon Ash said it may not be until the fall sitting of Supreme Court. Meanwhile, Kelly is scheduled to go to trial on another charge of making indecent phone calls Sept. 14-18.

2 arrested, 1 wanted in connection to Old Town Pizzeria theft

Summary:

The Royal Newfoundland Constabulary has arrested and charged two women with theft, two weeks after a group of women were caught on surveillance camera scamming a pizza shop in the east end of St. John's. Two women — ages 40 and 35 — will face charges of theft under $5,000 in provincial court in St. John's at the end of the month. An arrest warrant has been issued with a third woman — age 25 — who police say was involved in the theft. The RNC said it will not charge the fourth woman, who in the surveillance video is seen sitting by as the theft is taking place.

New plan unveiled to manage moose

Summary:

The Province will issue a combined total of 500 new either-sex moose licences in the Central and Avalon moose reduction zones. Some stakeholders doubt it’s enough – including the Save Our People Action Committee. Each year there are an average of 700 accidents involving moose.

CBC and VOCM both conducted online polls today to gauge public opinion. In both cases, the most negative reaction to the announcement won (CBC: “It’s not enough”; VOCM: “Doesn’t go far enough”).

Cancelled contract costs Nalcor millions; tree-clearing contract uniquely troublesome

Summary:
Nalcor Energy has turned to the courts seeking roughly $20.6 million in damages from a failed contract on the Muskrat Falls project, but vice-president Gilbert Bennett says the case is unique among the nearly 200 project contracts under management. That claim is against Western Surety, the principal on the performance bond. According to Nalcor, Western Surety failed to take action when Great Western Forestry failed to live up to its contract. Bennett confirmed that all expenditures — including losses related to the change in contractors in 2013 — are being accounted for within the project’s regular updates.

1. TRAGEDIES AND SAD STORIES: Host preamble. The tragedies and sad stories keep piling up. It's getting a little overwhelming. Last week a 43 year old woman drove into Deadman Pond but police say it's not suspicious. An impaired driver caught yesterday with a 5 year old in the car. A 56 year old man barged into a house in Paradise and threatened to kill everybody there. Yesterday in Corner Brook Andrew Abbass sent out tweets directed at the Premier that resulted in police acting on them. Some people would say it's just a call for help but is this really the case. A lot of questions were answered by the RCMP yesterday when they gave details of the Don Dunphy situation but there are always going to be remarks about what has happened. TIME: 09:01 AM DURATION: 14:00 REPORTER: PADDY DALY

2. REPAYMENT OF PENSION OVERPAYMENTS: Host preamble. Finance Minister Ross Wiseman spoke to the government looking for repayment of overpayments from pensioners. He said they won't put undue financial strain on anybody to get this money repaid. TIME: 09:15 AM DURATION: 03:00 REPORTER: PADDY DALY

3. FUNDING FOR CARINO: Host preamble. Funding for Carino which is great since the last time the government lent them money they paid it all back. TIME: 09:18 AM DURATION: 01:00 REPORTER: PADDY DALY

4. MIKE DUFFY TRIAL: Host preamble. It must be hard for Mike Duffy's lawyer to keep a straight face as he goes through the court process. Before Duffy was even
in as a Senator he put in a claim for living expenses. TIME: 09:19 AM
DURATION: 01:00 REPORTER: PADDY DALY
5. DUNPHY CASE: “Graham” is calling to talk about the Dunphy case. He questions why the police don't record all the home visits they make and it wouldn't be a big deal to drive somebody off your property with a gun a few years ago.

1 TRAGEDIES AND SAD STORIES: Host preamble. The tragedies and sad stories keep piling up. It's getting a little overwhelming. Last week a 43 year old woman drove into Deadman Pond but police say it's not suspicious. An impaired driver caught yesterday with a 5 year old in the car. A 56 year old man barged into a house in Paradise and threatened to kill everybody there. Yesterday in Corner Brook Andrew Abbass sent out tweets directed at the Premier that resulted in police acting on them. Some people would say it's just a call for help but is this really the case. A lot of questions were answered by the RCMP yesterday when they gave details of the Don Dunphy situation but there are always going to be remarks about what has happened.

Cottles Island Lumber building on fire

Summary:
A fire in the building was first reported at about 2 a.m. by a person driving by the business, on Cottles Island. Cottles Island Lumber spokesperson Debra Borden describes watching the activity from the company's office building this morning as "absolutely devastating." Firefighters from both Summerford and Twillingate responded to the initial call, according to information provided by police. Police also say the cause of the fire is not yet known.

Friends of Don Dunphy Shocked by Shooting

Summary:
The funeral for the man shot and killed by an RNC officer during a confrontation at his Mitchells Brook home Easter Sunday will be held Friday morning at 10:30 at Dunphy's Funeral Home in Holyrood. In Mitchells Brook, residents still have many unanswered questions about the shocking incident. Dave Parrott knew Don Dunphy all his life. He says his friend had dealt with many difficult circumstances in addition to a workplace accident in the late 1990s that left him unable to work. According to the Mounties, the Royal Newfoundland Constabulary officer was invited into Dunphy's home when he arrived last weekend in Mitchells Brook, N.L., to investigate what was perceived to be a threat made against the premier and another politician.

Man Fined Over $20,000 for Fishing Outside Licensed Area

Summary:
A man from Hillgrade, New World Island has been ordered to pay more than $20,000 in fines for fishing in an area not specified in his licence. The fisherman was convicted in Gander Provincial Court in February and fined $2,000 for each count, one dating to 2012 the other in 2013. The man was also ordered to forfeit over 8,000 pounds of crab, valued at just over $16,000.

The man will be unable to transfer a licence until his fines are paid in full.

Government does not expect to collect all pension overpayments, says Ross Wiseman

Summary:
A Newfoundland and Labrador government pledge to be fair and understanding to recipients of pension overpayments over the last two decades will likely mean not all of the nearly $1 million will be collected, says Finance Minister Ross Wiseman. In an interview Wednesday with CBC's St. John's Morning Show, Wiseman emphasized that the province has a legal obligation to try to recoup the roughly $935,000 paid out in error to nearly 430 public-service pensioners.
"This is a circumstance here where we're trying to balance our legal obligation to the pension plan with our responsibility to the individual who are impacted here to be patient with them, understanding, and make an arrangement that's reflective of their individual circumstance," Wiseman said.

Folker Appeal to be Heard in the Fall

Summary:
A convicted murderer will have his appeal heard in the fall.

David Folker was found guilty of second-degree murder in 2013. He killed his girlfriend, Ann Marie Shirran, in 2010. Shirran was believed to be missing from her Kilbride home for about 6 weeks, until campers found her remains in a remote area of Cappahayden. At trial, experts testified saying Shirran had died from blunt force trauma to the head. Last year, Folker was sentenced to life in prison with no chance of parole for 15 years.

Don Dunphy’s tweets a ‘red herring,’ events at home what matter: lawyer Erin Breen
Summary:

The lawyer for Don Dunphy’s family says the tweets perceived as a threat against Premier Paul Davis and the fatal shooting Sunday afternoon are two separate issues, and the family wants to focus on what happened in the house before Dunphy was killed. According to Breen, Dunphy’s family is devastated, but they’re looking for answers and want a thorough investigation by the RCMP into his death. "We’ve got two separate issues. We have the issue that led up to why the police came to his home, but then we have the issue of what happened in the home," she said.

RCMP said Wednesday retired Supreme Court Justice David Riche has been brought in to serve as an "independent observer" of the police investigation into Dunphy's death.

Cottles Island Lumber building on fire
Summary:

When the smoke clears, it could reveal a huge loss for the Cottles Island Lumber Company. Fire broke out in a warehouse about 2:00 this morning. But company spokesperson Debra Borden says it’s still burning. She says it’s contained for now in the building, but she says she can still see a lot of smoke.
Borden says the building contained a lot of inventory, including lumber, flooring, paneling, forklifts and a boiler - she says it's likely the most inventory that's been in that building at the one time, and calls it a huge loss for the company. They employ 35 people in the area.

   Ref Id: y7i-4A7-8

2 ECMA'S: Host preamble. The ECMA's are in town with tons of great concerts on the go this weekend.
   VOCM - St. John's - Back Talk @ 02:02:00pm Duration: 00:01:00 Reporter: Pete Soucy
   Ref Id: A8n-9T8-8

3 LUMBER YARD FIRE: Host preamble. A lumber yard on Cottles Island near Summerford has burned with one building still burning. Hopefully the damage can be kept to a minimum and they can recover from this.
   VOCM - St. John's - Back Talk @ 02:03:00pm Duration: 00:02:00 Reporter: Pete Soucy
   Ref Id: A5c-4S7-8

4 THE NEED FOR RESETTLEMENT: Host preamble. A letter in the Telegram which addresses the need for resettlement of the small municipalities. Is this a time where the province cannot afford to give people what they want in smaller communities?
   VOCM - St. John's - Back Talk @ 02:05:00pm Duration: 00:01:00 Reporter: Pete Soucy
   Ref Id: z7r-5W4-8

5 SOCIAL MEDIA IS ON TRIAL: Host preamble. Social media is on trial and it's largely due to the incident which resulted in a police officer shooting Donald Dunphy. People voluntarily sign up for accounts like on Twitter.
   VOCM - St. John's - Back Talk @ 02:06:00pm Duration: 00:02:00 Reporter: Pete Soucy

6 MIKE DUFFY TRIAL: Host preamble. The Mike Duffy circus has begun and there are a lot of nasty things being said about the way the folks at the Prime Minister's office do things.
FUNDING FOR SEALING COMPANIES: Host preamble. The province is lending a million dollars to two sealing companies to help with their operations. Fisheries Minister Vaughn Granter indicated this will not only help the seal industry but the fish stocks as well.

VARIOUS TOPICS: Host preamble. An impaired driver was nabbed with a 5 year old in the car. A meeting held last night regarding crown land. Gas is going up tomorrow with other fuels possibly going down. Joe Oliver, Federal Finance Minister is introducing balanced budget legislation.

CETA: “Ryan Cleary”, NDP MP first comments on the Finance Minister introducing legislation and how great it will be for the budget to finally come down. He is calling to talk about CETA. He comments on asking some specific questions about this agreement and the government has chosen on all three questions to withhold the information.

MITCHELL'S BROOK TRAGEDY: “Earle” is calling to talk about the Mitchell's Brook tragedy. He extends condolences to the Dunphy family. He says the people of this province just want some justice. He recounts a situation where he was in a building where a purse was stolen and he had to have a lie detector test to prove his innocence.

WORST ROADS CONTEST: “Gary Howard” of the Canadian Automobile Association is calling to talk about the worst roads contest. He comments this contest provides a platform for people to talk about what they think is the worst roads and give the government or municipalities the opportunity to say they are listening.

FUEL PRICES: “George Murphy”, NDP MHA is calling to talk about fuel prices. He comments there will be an increase of about 2 cents a liter but in his opinion with the world markets there shouldn't be any increases. He says we can't lose sight of the fact that we need alternatives to save ourselves from global warning.

SHIPYARD WORKERS: “Bernadine” is calling to talk about the situation with shipyard workers in Marystown. She comments they were waiting to hear from Minister Tony Cornett when the cabinet shuffle
happened and now they are still waiting to hear from the new Minister, Sandy Collins. She says people want answers to why their claims keep getting sent back and the diagnoses these workers are getting are usually terminal.

VOCM - St. John's - Back Talk @ 02:54:00pm Duration: 00:06:00 Reporter: Pete Soucy
Ref Id: z2Y-8r5-8

14 SHIPYARD WORKERS RESPONSE: “Paul Lane”, Liberal MHA is calling to respond to Bernadine's call regarding shipyard workers. He comments on how disappointing it is that the Minister hasn't been in contact with the group and maybe part of the problem is that there have been so many ministers in this portfolio.

VOCM - St. John's - Back Talk @ 03:10:00pm Duration: 00:10:00 Reporter: Pete Soucy
Ref Id: j9S-9V7-8

15 FATAL SHOOTING: “Don” is calling to talk about the fatal shooting. He comments officers should always respond to any situation because you never know what they are walking into. He also discusses the moose management plan and moose-vehicle accidents.

VOCM - St. John's - Back Talk @ 03:23:00pm Duration: 00:05:00 Reporter: Pete Soucy
Ref Id: a5h-3Q6-8

16 MOOSE MANAGEMENT PLAN: “Eugene Nippard” is calling to talk about the moose management plan. He comments on how good it is that the Ministers are willing to work with SOPAC and they will continue with brush cutting. Unfortunately there are still accidents on the highway because there is nothing to stop moose from being there so he doesn't understand why the government hasn't bothered with moose fencing.

VOCM - St. John's - Back Talk @ 03:28:00pm Duration: 00:09:00 Reporter: Pete Soucy

Drunk Driver Jailed for Fatal Crash

Summary:
Ronald Thistle — the drunk driver who was responsible for a collision on a busy St. John’s street that killed 27-year-old Nicholas Coates almost two years ago — was sentenced to two years less a day behind bars. Many of the close to 30 members of Coates’ family who filled one side of the courtroom broke down in tears as the judge rendered his decision. The sentence, which included a four-year driving prohibition, went along with what Crown prosecutor Phil LeFeuvre had recommended.

Please note: Some media report a four-year driving ban while others report a lifetime ban. This particular aspect of the sentence is greatly influencing public comment with those who believe it to be four years generally angry.

Police Look for Answers in Fatal Crash

Summary:
The RNC are still trying to determine what caused a car to leave the highway, crashing and killing the lone occupant in Mount Pearl yesterday. Police say the vehicle was travelling east on Pitts Memorial Drive when the driver lost control, left the highway and came crashing down on to Richard Nolan Drive below the overpass. The vehicle hit a concrete barrier and burst into flames coming to rest upright on its nose. It marks the second accident under similar circumstances in the same area in recent months.

10 MOTOR REGISTRATION/MARYSTOWN SHIPYARD: Marystown area Liberal Candidate “Mark Brown” has been talking to local constituents and he shares some of their concerns. The local Motor Registration office does not have a printer to create driver's licences, and this leads to long wait times when residents go in to request updated or new cards. As well, the Marystown Shipyard exposed workers to hazardous and toxic conditions. The Marystown Shipyard Family Alliance has been looking to meet with Government, but still haven't secured a meeting after trying for nine years.

11 COAST GUARD CLOSURES: “Merv Wiseman” continues to be concerned about Coast Guard closures in the province and mainly the Marine Communications & Traffic Services in St. John's which closed last week. Today is the official closure of St. John’s Traffic. There are job losses and services are being shifted to Halifax and Argentia. Having operations come out of other places removes the direct sight of St. John's Harbour by operators, which can be a real concern.

23 JUMPING BEAN'S COMPOSTABLE K-CUP COFFEE POD: The coffee aisle in the grocery store looks very different today than it did just a few years ago. Bags of beans are being squeezed out by box upon box of disposable pods, cups, and discs for an instant cup of convenience. But, all that plastic has to go somewhere, and right now, it's straight to the landfill. A company in St. John's has come up with something different. Jumping Bean has just announced the world's first 100% compostable k-cup coffee pod. ["George Murray", Jumping Bean Spokesperson]

24 BLOCKADE THREATENED OVER NALCOR PLAN: A plan to use a local road to transport heavy trucks and other equipment to and from a construction site for the Muskrat Falls project is not going over well in CBS. Nalcor is building a shoreline electrode, that is similar to a sub-station, at Dowden's Point near Seal Cove. Mayor Ken McDonald is critical of the corporation's plan to use Lear's Road to access the site. He says the small residential road is not built to handle dumptrucks laden with thousands of tons of rock. McDonald is threatening a blockade unless a suitable alternative is found. 26 BBC REPORTS ON RED RIVER MURDERS: This week, the CBC launched an innovative website and groundbreaking reporting on missing and murdered indigenous women. It's a story many believe has gone underreported and underexamined. But now, the BBC is recognizing crimes against indigenous women in Canada as an international story. ["Joanna Jolly", BBC News]
27 IOC LAYOFFS IN LABRADOR WEST: There is some more bad news for people in Labrador West. The Iron Ore Company of Canada is laying off 150 workers in Labrador City. It is not a big surprise - IOC has been struggling with low iron ore prices. Workers there rejected a wage freeze and very few accepted early retirement packages. In a release, IOC says operating costs need to go down to keep the company viable. The layoffs are another blow for the area. Last October, Cliffs Natural Resources shut down its mine in nearby Wabush putting nearly 500 people out of work. ["Karen Oldford", Labrador City Mayor]

28 MEASURING YOUR BIOLOGICAL AGE: We all know people who look ten years younger than they are and others who seem much older. Scientists in China have developed 3-D scanning technology that can measure the pace at which you are ageing. For example, whether you have got more wrinkles than other people your age. But, it's not just cosmetic. The scan could actually help predict your risk for age-related diseases. ["Brit Trogen", CBC Science Columnist]

29 IOC LAYOFFS FOR LABRADOR CITY: Another blow for Labrador West. The Iron Ore Company of Canada has confirmed that it is laying off 150 full time employees in Labrador City effective June 14th. ["Ron Thomas", Steelworkers Union]

30 SECRETS OF 'THE FIFTH ESTATE': When 'The Fifth Estate' went on the air in 1975, there was nothing like it on Canadian TV. Since then, the show's producers and reporters have been everywhere on Earth, shooting stories that have changed laws, brought criminals to justice, and set the wrongly convicted free. To mark 'The Fifth Estate's 40th birthday, the team decided it was time to investigate themselves for a change and let viewers in on some of their adventures and misadventures over the years. ["Bob McKeown", Show Host]

31 TOURISM LANGUAGE MARKETING: As we finally begin to leave winter behind, you might actually be turning your thoughts to summer. If you are booking a trip somewhere in Canada or abroad, you might like to know about something new in tourism campaigns - specifically, the marketing of language. ["Monica Heller", Professor of Linguistic Anthropology at the University of Toronto]

32 BREAKING BAD HABITS: Whether it's drinking one too many cups of coffee in the morning, skipping yet another workout, or biting your nails, one of us has at least one bad habit we would like to change. But, breaking bad habits is easier said than done and keeping good habits can be just as tough. ["Gretchen Rubin", Author of 'Better Than Before - Mastering the Habit of Our Lives']

IOC ANNOUNCES LAYOFFS: Labrador West has suffered another blow following word that IOC, the region's main employer, is laying off 150 workers effective June 14th. The region is already reeling from a downturn in iron ore prices that saw the shutdown of Wabush Mines and Bloom Lake, and a pause in plans for Alderon's Kami development. In a release sent out yesterday, IOC says its operating costs need to drop even further in order to make them viable. They have taken steps to implement changes while they try to save as many jobs as possible. Labrador City Mayor "Karen Oldford" says the region has seen its ups and downs, but no one has a crystal ball.

Resources on the Way to Natuashish, But More Needs to Happen: Davis

A substance abuse problem that once haunted Davis Inlet has returned in Natuashish. New images of teens and children as young as 11 appear to show them sniffing gasoline.

Paul Davis says government is looking at what other resources can be provided in Natuashish following more stories of gas sniffing by young people in the small Labrador community.

MP for Labrador Yvonne Jones says that substance abuse in the area is a serious issue, but not a new issue. She applauds Tshakapesh for going public with the issue, and the provincial government for their response so far. But she told VOCM Nightline with Jonathan Richler she feels a collaborative approach is needed. She feels that everyone needs to come together to the table to work on a fix.

29 ELECTORAL BOUNDARIES REPORT RELEASED: The Electoral District Boundaries Commission has released a report on its proposed forty districts. They were posted to the group's website this morning. They are proposing eighteen seats on the Avalon, down from the current nineteen. Rural Newfoundland would be represented in the House by eighteen MHAs, down from the current twenty-five. Districts in the Labrador portion of the province would not change. ["Earle McCurdy", NL NDP Leader]

30 VOCM.COM: Do you think there should be a public inquiry into the shooting death of Don Dunphy? - The report on the proposed boundary changes was filed this morning. - A 27-year-old man has been sentenced to
31 LAB EST IOC LAYOFFS: Labrador West has suffered another blow following word that IOC, the region's main employer, is laying off 150 workers effective the middle of June. The region is already reeling from a downturn in iron ore prices that saw the shutdown of Wabush Mines and a pause in plans for Alderon's Kami development. ["Karen Oldford", Labrador City Mayor; "Ron Thomas", Steelworker's Union]

32 NLTA PENSION AGREEMENT: The Teachers' Association will be recommending acceptance of a deal with Government to reform teachers' pension plans. An Agreement in Principle has been reached, but few details have been made public. The agreement preserves a defined benefits plan and includes joint trusteeship. ["Jim Dinn", NLTA President]

33 VIGIL FOR DON DUNPHY: It was certainly a night of big emotion for the small town of Mitchell's Brook. Hundreds came out to mourn Don Dunphy at his beachside home.

34 YOUTH SUBSTANCE ABUSE IN NATUASHISH: A substance abuse problem that has haunted the community of Natuashish appears to have returned. ["Simeon Tshakapesh", Innu Nation Deputy Chief]

35 NLTA PENSION DEAL: The Provincial Government has now reached a tentative deal with the NLTA to reform teachers' pension plans. ["Paul Davis", NL Premier; "James Dinn", NLTA President]

36 VICTIM IDENTIFIED: A 21-year-old man from CBS has been identified as the driver of a car that left Pitt's Memorial Drive yesterday afternoon crashing and bursting into flames onto Richard Nolan Drive.

37 BLOCKADE THREATENED [REPEAT]: Nestled in CBS on the outskirts of Upper Gullies is a quiet street - a street with no more than ten homes. But, come early next week, dumptrucks and flat beds are scheduled to start squeezing through, working on the latest part of the Muskrat Falls project. ["Ken McDonald", CBS Mayor; "Gilbert Bennett", Vice-President of Lower Churchill Project]
ELECTORAL BOUNDARIES: Host preamble. The Electoral Districts Boundaries Commission has released maps showing how the province's districts will be drawn. It seems there will be no changes in Labrador as government said but there seems most of the districts will be lost in rural areas with only one reduction on the Avalon. Earle McCurdy said it's a dark day for the province.
