Dear [Name],

Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act [Our File #: SNL-067-2016]

On November 15, 2016, Service NL received your request for access to the following records/information:

“The records I want to obtain from service NL are all records having to do with school bus inspections from March 1, 2016 until November 10, 2016. On the Avalon peninsula. This would include all, All buses removed from service , all buses placed on restricted service , and all buses having plates removed from them. Thank You.”

In addition to the above you also specified that you were especially interested in obtaining school bus inspections for these schools in Bay Bulls, Witless Bay and Ferryland: St Burnette, Mobile Central High, Baltimore school Complex for inspections that occurred between November 1st – 3rd, 2016.

Further to your request, I discussed with you by telephone on December 2, 2016 that there is a significant number of school bus inspections record that would have taken beyond the first 15 hours to search for and that could have resulted in additional search fees. As such, you narrowed the scope of your request to documents searched for within the first 15 hours. These inspections are enclosed and include the school bus inspections for schools in Bay Bulls, Witless Bay and Ferryland that were completed November 1st – 3rd, 2016. However, access to specific text that is contained within the records that would reveal the personal information of private individuals if released, has been refused in accordance with the following exceptions to disclosure, as specified in the Access to Information and Protection of Privacy Act (the Act):

Section 40(1): “The head of a public body shall refuse to disclose personal information to an applicant where the disclosure would be an unreasonable invasion of a third party’s personal privacy.”

As required by 8(2) of the Act, we have severed information that is unable to be disclosed and have provided you with as much information as possible. In accordance with your request for a copy of the records, the appropriate copies have been enclosed. Please be advised that you may appeal this decision and ask the Information and Privacy Commissioner to review the decision to provide partial access to the requested information, as set out in section 42 of the Act (a copy of this section of the Act has been enclosed for your reference). A request to the Commissioner must be made in writing within 15 business days of the date of this letter or within a longer period that may be allowed by the Commissioner. Your appeal should identify your concerns with the request and why you are submitting the appeal.
The appeal may be addressed to the Information and Privacy Commissioner as follows:

Office of the Information and Privacy Commissioner  
2 Canada Drive  
P.O. Box 13004, Stn. A  
St. John’s, NL A1B 3V8

Telephone: (709) 729-6309  
Toll-Free: 1-877-729-6309  
Facsimile: (709) 729-6500

You may also appeal directly to the Supreme Court Trial Division within 15 business days after you receive the decision of the public body, pursuant to section 52 of the Act (a copy of this section of the Act has been enclosed for your reference).

Please be advised that responsive records will be published following a 72 hour period after the response is sent electronically to you or five business days in the case where records are mailed to you. It is the goal to have the responsive records posted to the Completed Access to Information Requests website within one business day following the applicable period of time. Please note that requests for personal information will not be posted online.

If you have any further questions, please contact me by telephone at 709-729-7437 or by email at ellenhaskell@gov.nl.ca.

Sincerely,

ELLEN HASKELL  
ATIPP Coordinator
