Dear [Name]

Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act (Our File #: JUS/009/2013)

On June 4, 2013 the Department of Justice received your request for access to the following records/information:

"An inventory of all safety equipment for Fish and Wildlife Enforcement Officers? Has the Department of Justice now purchased necessary Icerider survival gear and distributed to the officers?"

I am pleased to inform you that your request for access to these records has been granted. We are providing you with a copy of all items issued to a Fish and Wildlife Officer, including both uniform and personal protective equipment (PPE). To this point in time, the Fish and Wildlife Division (FWED) has not purchased Icerider survival gear, however, it is currently evaluating several PPE items, including Icerider survival gear. A copy of the records have been enclosed.

Please be advised that responsive records will be published following a 72 hour period after the response is sent electronically to you, or five days in the case where records are mailed to you. It is the goal to have the responsive records posted to the Office of Public Engagement's website within one business day following the applicable period of time. Please note that requests for personal information will not be posted online.

If you have any further questions, please contact the ATIPP Coordinator, Neil Croke, at 709-729-7906, or neroke@gov.nl.ca.

Sincerely,

Heather Jacobs
Assistant Deputy Minister
