February 25, 2015

Dear [Redacted]—s.30(1)

Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act [Our File #: FA/2/2015]

On January 29, 2015, the Department of Fisheries and Aquaculture (DFA) received your request for access to the following records:

I am requesting, under the access to Information Act, the total and detailed costs to produce the document released by government on January 26, 2015, entitled the "Economic Impacts of the Newfoundland and Labrador Aquaculture Industry"—from producing, printing and distribution. Was any of this expense cost-shared with the industry association?

I am pleased to inform you that your request for access to these records has been granted.

This document was produced internally with assistance from the Economics and Statistics Branch, Department of Finance. DFA transferred $10,600 to the Department of Finance for data analysis necessary to complete the assessment of economic impacts. The Queen's Printer produced 100 copies of the document at no direct cost to the department. None of this expense was cost-shared with industry.

Please be advised that responsive records will be published following a 72-hour period after the response is sent electronically to you or 5 business days in the case where records are mailed to you. It is the goal to have the responsive records posted to the Office of Public Engagement's website within 1 business day following the applicable period of time. Please note that requests for personal information will not be posted online.
If you have any further questions, please contact the ATIPP Coordinator, Ellen O'Toole, at 729-3712.

Sincerely,

[Signature]

David Lewis
Deputy Minister (A)
