Dear [Redacted]:

Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act [Our File #: SNL-052-2017]

On June 12, 2017, Service NL received your request for access to the following records/information:

"In 2009, the province released changes to the Occupational Health and Safety Legislation. 1. Please provide a list of the "Open" occupational health and safety directives from Service NL to all government departments since the changes were released."

I am pleased to inform you that a decision has been made by Service NL to provide access to the requested information. Please be advised that the Occupational Health and Safety Division of Service NL maintains an ongoing list of open Occupational Health and Safety orders for government departments and all other employers. In accordance with your request, please find enclosed the list of open orders opened since 2009 and based on the 2009 changes to the Occupational Health and Safety Regulations. This listing is current up to the date of your request. However, it is important to note that Occupational Health and Safety orders are closed and opened on a continual basis meaning that the number of open orders can fluctuate from time to time.

Please be advised that you may ask the Information and Privacy Commissioner to review the processing of your access request, as set out in section 42 of the Access to Information and Protection of Privacy Act (the Act). A request to the Commissioner must be made in writing within 15 business days of the date of this letter or within a longer period that may be allowed by the Commissioner.

The address and contact information of the Information and Privacy Commissioner is as follows:
