Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act [Our File # HCS/031/2012]

On October 24, 2012, the Department of Health and Community Services (Department) received your request for access to the following records/information:

“All records and correspondence, including emails, concerning donations or other financial contributions made by the Department of Health to (a) the Sir Thomas Roddick Hospital Foundation, (b) the Western Regional Hospital Foundation, or (c) any other hospital foundation in the province, since January 1, 2009.”

On October 31, 2012, the Department sent you a letter indicating a fee was required to process your request. We received your partial payment of $112.50 on December 4, 2012. We received your final payment of $87.00 on December 31, 2012.

I am pleased to inform you that your request for access to these records has been granted in part. In particular, as per our telephone conversation of December 4, 2012, access is granted to the following records:

- A summary report of contributions made to all health care foundations for January 1, 2009 to October 24, 2012. We have also included all correspondence between the Department and the various health care foundations in the province, broken down by region, concerning donations.

Access to some of the information contained within the records has been severed as it is non-responsive to your request or in accordance with the following exceptions to disclosure, as specified in the Access to Information and Protection of Privacy Act (the Act):

1. Section 24(1)(b) of the Act whereby the head of a public body may refuse to disclose to an applicant information which could reasonably be expected to disclose financial, commercial, scientific or technical information that belongs to a public body or to the government of the province and that has, or is reasonably likely to have, monetary value;
2. Section 30(1) of the Act whereby the head of a public body shall refuse to disclose personal information to an applicant where the disclosure would be an unreasonable invasion of a third party's personal privacy;

3. Section 30(4)(c) of the Act whereby a disclosure of personal information is presumed to be an unreasonable invasion of a third party's personal privacy where the personal information relates to employment or educational history;

4. Section 30(4)(h) of the Act whereby a disclosure of personal information is presumed to be an unreasonable invasion of a third party's personal privacy where the personal information indicates the third party's racial or ethnic origin or religious or political beliefs or associations.

The following is a list of the health care foundations in the province of Newfoundland and Labrador that have requested funding:

1. Discovery Health Care Foundation
2. Trinity Conception Placentia Health Care Foundation
3. Burin Peninsula Health Care Foundation
4. The Heath Care Foundation
5. Dr. H. Bliss Murphy Cancer Care Foundation
6. Central Northeast Health Foundation
7. South and Central Health Foundation
8. Western Regional Hospital Foundation
9. Dr. Charles L. LeGrow Health Centre Foundation
10. The Sir Thomas Roddick Hospital Foundation
11. The Grenfell Foundation

Page 57 of the responsive information refers to an enclosure of a formalized proposal from the Health Care Foundation. However, the Department does not have the proposal or any record of having received it. Also, page 101 of the enclosed information has been fully redacted and removed from the package as it is considered non-responsive.

The following information is included in the responsive documents but is not reflected in the summary report of contributions made:

- Page 13 - a contribution of $2000 to the Discovery Health Foundation. This was made directly to Eastern Health.
- Page 150 – October 24, 2012 letter for one time funding to the Central Northeast Health Foundation.
- Page 153 - October 24, 2012 letter for one time funding to the South and Central Health Foundation.

As required by subsection 7(2) of the Act, we have severed information that is excepted from disclosure and have provided you with as much information as possible.
In accordance with your request for a copy of the records, the appropriate copies have been enclosed.

Section 43 of the Act provides that you may ask the Information and Privacy Commissioner to review this partial refusal of access or you may appeal the refusal to the Supreme Court Trial Division. A request to the Information and Privacy Commissioner shall be made in writing within 60 days of the date of this letter or within a longer period that may be allowed by the Commissioner.

The address and contact information of the Information and Privacy Commissioner is as follows:

Office of the Information and Privacy Commissioner
34 Pippy Place
P. O. Box 13004, Stn. A
St. John’s, NL. A1B 3V8

Telephone: (709) 729-6309
Facsimile: (709) 729-6500

In the event that you choose to appeal to the Trial Division, you must do so within 30 days of the date of this letter. Section 60 of the Act sets out the process to be followed when filing such an appeal.

If you have any further questions, please feel free to contact Ms. Rachelle Cutler, ATIPP Coordinator at (709)729-7776 or via e-mail at RachelleCutler@gov.nl.ca.

Sincerely,

Bruce Cooper
Deputy Minister

Dear Department of Health & Community Services,

On behalf of the Discovery Health Care Foundation, I would like to thank you for your financial contribution to the Foundation.

Your gift will assist us in providing the best possible medical and hospital care.

The attached receipt is your official income tax receipt; please detach and retain.

Thank-you again for your generosity.

Sincerely yours,

Shirley A. Stead  
Foundation Director

Honorable Ross Wiseman, M.H.A.
Minister
Department of Health & Community Services

Dear Minister Wiseman:

I write in support of correspondence from the Trinity Conception Placentia Health Care Foundation (copy attached) wherein they request matching funds towards their 2008 Annual Telethon which was held last fall.

Last year I participated in the Placentia Telethon and we raised over $7,000.00 on a Sunday afternoon. The proceeds provided valuable equipment to supplement our health care agenda.

Once again this year, I trust we can continue to support this worthwhile initiative.

Yours truly,

Felix Collins, M.H.A.
Placentia & St. Mary's

Enclosure

cc Mr. Don Coombs
Honorable Ross Wiseman
Minister of Health and Community Services
PO Box 8700
St. John's, NL
A1B 4J6

Dear Minister Wiseman,

On behalf of the Trinity Conception Placentia Health Foundation and all residents of the region serviced by our foundation, we thank you for your financial support in fiscal 2007. Your support of the foundation has been outstanding and is certainly reflected in the support we received from all residents of our catchment area and our hundreds of volunteers.

As you may be aware, our foundation has just completed another successful telethon raising $279,289.00 for equipment and health care in our region. Support came in the form of pennies from our school children, to corporate donations representative of all walks of life and all areas of our region.

Once again, I thank Minister Kennedy and Minister Hedderson whom on behalf of government and their districts were special hosts for a one hour segment each of the telethon. Regrets also came from Minister Johnson as well, who could not attend due to illness.

As in previous years, the Provincial Government has made significant contributors to our telethon and therefore helping to provide the necessary and vital equipment, thus enhancing the quality of life of all residents, their families and friends in the Trinity, Conception and Placentia Bays. In light of your past support, I am therefore, once again requesting your assistance in receiving matching funds toward our 2008 Annual Telethon. It is our understanding that the Government again supports this initiative as with the Western Health Telethon. Your contribution along with the Telethon donations will enable our foundation acquisition of the many equipment requests so desperately needed and identified by Eastern Health Rural Avalon Division.

December 2, 2008

Trinity Conception Placentia Health Foundation

Don Coombs
Director of Development

Ed Neil
Chairman
Health care is a priority to each and every individual, there is no doubt that we all know someone who has utilized and is currently accessing health care equipment as provided by the foundation to benefit their lives. By working together as Government, Foundations, residents and volunteers, we can and will continue to provide quality health care for all those in need; those being our family, friends and neighbors.

At this time I would like to thank you again for your past support and look forward to a favorable reply to our request for matched funding. It is hoped that yourself, and your colleagues from Trinity, Conception and Placentia Bays, Ministers Kennedy, Hedderston, Johnson along with Mr. Collins and Mr. Peach, could join us and many of our volunteers to make the official presentation along with the Foundations presentation of equipment purchased for Eastern Health.

If you have any questions or concerns, or should you require additional information, please feel free to call me at your convenience.

Yours in Health Care,

Don Coombs  
Chief Development Officer

Dear Mr. Coombs:

I am replying to your December 2 letter requesting funding support for the Trinity Conception Placentia Health Foundation based on your recently completed telethon. I note that the Foundation was successful in raising $279,289 which speaks volumes to the community support and volunteers in your area.

As in prior years, the Department of Health and Community Services is providing a one time grant of $50,000 to Eastern Health as a contribution to the fundraising initiatives of your foundation.

I would like to thank the Trinity Conception Placentia Health Foundation for their continued commitment and fundraising efforts on behalf of the residents of the region serviced by your Foundation and wish you every success in future endeavours.

Sincerely,

ROSS WISEMAN, M.H.A.

Honorable Ross Wiseman, M.H.A
Minister of Health and Community Services
Confederation Building
Box 8700
St. John’s, NL A1B 4J6

Dear Minister Wiseman:

Your dedication and commitment to the quality of health care in our region is both very evident and very much appreciated. Despite the challenging schedule you have in your role as Minister of Health you have always made time to participate in many of our fundraising events. That means a tremendous amount to the staff of our hospital, as expressed to me at our recent RCMP- Masters/Discovery Health Charity Hockey Game. Thank you.

We raised a total of $9,097. And with your commitment to round off that amount to $10,000 will give us a great start to our Operating Rooms/Surgical Services Campaign.

I have enclosed a copy of our ad, a video and a picture for a keepsake.

Thank you once again.

Yours sincerely,

Shirley A. Stead, CDO
RCMP
partnered with
DISCOVERY HEALTH CARE FOUNDATION
to host its first annual CHARITY HOCKEY GAME

What an astounding success! Over $10,000 was raised, thanks to the teams that participated in the recent RCMP - Masters / Discovery Health Charity Hockey Game. Funds raised will go towards upgrading/updating the Operating Rooms at the Dr. G.B. Cross Memorial Hospital. The Discovery Health Care Foundation is so appreciative of the generous support of the following sponsors and volunteers.

Major Sponsors: Eastern Hyundai – Bob Fewer and Denise Randell; Hickman Motors – Kevin Butt.

Organizers: Derm Roul, Rod Nicholl, Eric Stringer, Leona Piercey, Shirley Stead
National Anthem: Page Ellis of Clarenville High School.
Puck Drop: Superintendent Dario Cecchin & Mayor Fred Best.
Mascot: Taylor Bradshaw.
Volunteers: RCMP – Kelly Lee, Shawn Puddester, Jennifer Little & Gina Wheeler; Otto Avery, Adrien Power, Craig Hiscock; Stadium Staff; SCAN TV.

Thanks also to Michael Ryder; G.B. Signs and Rodway’s Printing.

**Special thanks to Minister Ross Wiseman, a.k.a. Captain.**

"THANK YOU ONE AND ALL. YOUR SUPPORT IS TRULY APPRECIATED!"
Ms. Shirley Stead  
Discovery Health Care Foundation  
P.O. Box 1300  
Clarenville, NL  
A0E 1J0

Dear Ms. Stead:

I am replying to your May 7 letter regarding your funding request to support your Foundation’s fundraising efforts to purchase Operating Room and Surgical Services equipment. I would like to acknowledge the success of the RCMP Masters / Discovery Health Charity Hockey game.

As per our commitment, the Department of Health and Community Services will provide a 2009/10 one-time grant of $2,000 from our capital equipment allocations to Eastern Health as a contribution to this very successful and worthwhile fundraising endeavour. On behalf of Government, I would like to thank the Discovery Health Care Foundation for its commitment to fundraising initiatives in support of health care in the Clarenville area.

Sincerely,

ROSS WISEMAN, MHA

Ed Neil  
Chairman

Hon. Paul Oram  
Minister of Health and Community Services  
Box 8700  
St. John's, NL  
A1B 4J6

Minister Oram,

On behalf of region residents served by Trinity Conception Placentia Health Foundation, I wish to offer a sincere thank you for your upcoming attendance at our 20th Annual Telethon Scheduled for Oct 4, 2009. In 20 years of providing quality health service to the residents of the region thru funds raised by our telethon you are the first Minster to attend. Others had tried but different reasons have prohibited their attendance.

This year’s telethon promises to be something unique as we celebrate 20 years of success. With over 500 volunteers on that day I am sure the telethon will be a tremendous success and for that we are all grateful.

In past years the government has offered matching funds for monies raised. However in the past several years; government made a donation on behalf of the government and the citizens of the area for $50,000. If that’s your wish for this year we can arrange to have your colleagues in Cabinet, Ministers Kennedy, Hedderson, and Johnson to be there with you along with Mr. Peach and Mr. Collins.

Once again thank you for participating in this historic event and I look forward to your leadership and continuing to provide quality health care to every resident not only in our region but in the province of Newfoundland & Labrador.

Yours in Healthcare,

Don Coombs  
Director of Development

Dear Mr. Coombs:

I am replying to your September 1 letter requesting funding support for the Trinity Conception Placentia Health Foundation telethon scheduled for October 4, 2009. I note that the Foundation has been holding successful telethons for 20 years which speaks volumes to the community support and volunteers in your area.

As in prior years, the Department of Health and Community Services is providing a one time grant of $50,000 to Eastern Health as a contribution to the fundraising initiatives of your foundation.

I would like to thank the Trinity Conception Placentia Health Foundation for their continued commitment and fundraising efforts on behalf of the residents of the region serviced by your Foundation and wish you every success in future endeavours.

Dear Jerome,

The Trinity Conception Placentia Health Foundation was incorporated February 18, 1989. The purpose of the Foundation is to support and enhance the work and the goals of the health facilities which come under the direction of the Trinity Conception Placentia Region of Eastern Health, a catchment area of approximately 70,000 people.

The Trinity Conception Placentia Health Foundation has scheduled its 19th Annual Auction to take place on Saturday, June 5th, 2010 at the Royal Canadian Legion in Spaniards Bay. The auction will also feature a dinner and music. It is hoped that this fundraiser will again be quite successful with the goods and services that have been donated to the Foundation, auctioned off to the highest bidder being the highlight of the evening.

We are contacting you to see if you would be interested in making a donation of an item of your choice. Your donation will be greatly appreciated and widely publicized. It is only through the generosity of individuals and businesses such as yourself that we can continue to maintain the quality of health care and facilities needed by the residents of Trinity, Conception, and Placentia Bays.

Again, thank you for your time and we hope that you seriously consider this donation to the Foundation in showing your support. If you have any questions of concerns, please feel free to contact me anytime at (709) 945-5289. We will be contacting you again for what we hope will be a favorable reply.

Yours in Healthcare

~

Dear Mr. Coombs:

I am replying to your February 10 letter requesting funding support for the Trinity Conception Placentia Health Foundation's 19th Annual Auction scheduled for Saturday, June 5, 2010, at the Royal Canadian Legion in Spaniard’s Bay. I note that the Foundation has been holding these auctions for 19 years which speaks volumes to the community support and volunteers in your area.

Please note that the Department of Health and Community Services is providing a one-time capital equipment grant of $50,000 to Eastern Health on behalf of the Trinity Conception Placentia Health Foundation as a contribution to this fundraising initiative of your Foundation.

I would like to thank the Trinity Conception Placentia Health Foundation for their continued commitment and fundraising efforts on behalf of the residents of the region serviced by your Foundation and wish you every success in future endeavours.

Sincerely,

Dear Supporter,

Thank you for 21 years of support to your Foundation.

Help us help you in our campaign to purchase the much needed equipment for the residents of our area.

On October 3rd, 2010, we, at the Trinity-Conception-Placentia Health Foundation along with our many friends and supporters from all parts of Trinity, Conception and Placentia Bays, will be doing our best to make the 21st Annual Trinity-Conception-Placentia Health Foundation Telethon a record milestone for health care in our area. You will recall that last year’s Telethon was another success and for that we have only our many supporters and public-minded citizens to thank.

In striving for better health care in the Trinity, Conception and Placentia Bays, we need to keep in the forefront of our minds the needs of our patients and residents which are, of course, our top priority. We know you will be with us in spirit and look forward to your active support in our efforts to make our 21st Trinity-Conception-Placentia Health Foundation Telethon the resounding success that it must be if we are to make our health facilities the best they can possibly be.

If your group or organization would like to offer active support during the Telethon, such as answering telephones, etc.; or if you require assistance with a fundraising venture, please feel free to call. Also, if your group or organization is planning on making a pledge during this historic Telethon, again, please feel free to call me at 945-5289 and we can arrange a suitable time for your presentation.

I look forward to having YOU become a part of the Telethon again this year and in your sharing in the satisfaction of having made a worthwhile contribution to the health and welfare of all the residents of Trinity, Conception and Placentia Bays. We’re sincerely looking forward to seeing you again on – October 3rd, 2010.

Millions of Dollars have been raised to date.
Help Us continue to Help You.

Yours in Health Care

Don Coombs

*Help Us, Help You Acquire Much Needed Essential Equipment*
Hi Jerome

I am contacting you on behalf of the fund raiser we are having for the Eastern Health/Burin Hospital. This year I am proud to say we are going to break through the $100,000.00 barrier for the purchase of a Cardiopulmonary machine for the hospital, with a little help from our friends.

I was wondering if you can help us a little. I was thinking of some type of matching. Example, we raise a dollar, and our government matches it @ 50% up to a maximum of say $10,000.00.

I may be off the wall, but if we don’t ask we will never know. I also know you must have outlandish numbers of request, however, if you can do anything at all, let me know.
And if you can’t this year maybe next year. For your information we have already donated in excess of $70,000.00.

All the best for now and keep up the good work. I know there are lots of challenges, but hang in there my buddy.

Hon. Jerome Kennedy  
Minister of Health and Community Services  
Government of Newfoundland and Labrador  
PO Box 8700  
St. John's, NL  
A1B 4J6

Dear Minister Kennedy,

I was pleased to have recently had the opportunity to hear you speak passionately and sincerely on the health care needs of the people of Newfoundland and Labrador. As President and CEO of the Health Care Foundation, it is important that I follow the direction that the Department of Health and Community Services takes in relation to the provision of adult health care in this province.

It is amazing that since Premier Williams formed the initial conservative government in 2003 (which so happens to coincide with my time at the Health Care Foundation), I have witnessed a dramatic shift in philosophy related to the importance of treatment, research and prevention for the people of the province. I am delighted with the government's continual contribution to capital equipment over the last number of years. When I started, the first capital equipment list provided to me for Eastern Health had in excess of $90 million in immediate or priority needs. Today, in discussions with Eastern Health, related to areas of support for which the Foundation will be engaged in the coming year, I realize that many of those needs have been met, and indeed, we are reaching a point where we will be surpassing immediate need, and identifying new, innovative and advanced technologies. It is evident that this government, under the leadership of Mr. Williams, is truly dedicated to the health and welfare of the people of Newfoundland and Labrador. Congratulations and thank you!

With this as a premise, I want to reaffirm to you the mandate of the Health Care Foundation, in raising funds in support of adult acute care for the five adult hospitals of St. John's. These hospitals provide specialized and tertiary care for the entire population of Newfoundland and Labrador. Our Give from the Heart capital campaign for cardiac care is at the $8 million mark, of a $10 million goal. Over the last three years, we have provided for a variety of equipment in a number of program areas, such as ENT, Orthopedics, Orthotics and Prosthetics, Surgery, Women's Health, Diagnostics, and Cardiac Care. This year, we are putting some particular emphasis on a program that we are trade marking, known as Comfort in Care.
Comfort in Care: $150,000

Comfort in Care was the brainchild of a practicing nurse under the employ of Eastern Health. She had an idea that if we could provide for some basic comfort items not normally allocated under a traditional hospital budget, we could make life easier for patients and their families while in our care. The Comfort in Care program would allow Eastern Health to be able to enhance the psychological and physical well-being of patients and their families, while also providing the care giving staff the additional tools desired, while addressing the needs of their patients and their families. For example, since 2007, we have had staff applications for Comfort in Care grants from practically every clinical discipline unit and program in our five adult hospitals. We have funded items such as:

- sleeper chairs for the emergency department;
- DVDs, TVS and TV carts for the coronary care unit;
- digital hymnals for the pastoral care program;
- funded a pilot project with exercise equipment for the pulmonary rehab program;
- recreational and diversion items for the mental health program;
- adjustable work tables for the physiotherapy program;
- furnished a family room for the long term care unit in the Dr. Walter Tempean Health Centre;
- electronic equipment for the volunteer resource program;
- pocket talkers for the speech/language pathology program;
- voice activated telephones for surgery;
- furnishings to develop a garden for the geriatric psychiatry program;
- non-invasive blood pressure machines for the orthopedic program;
- furnishings for a number of quiet rooms at each of our hospitals;
- workshop funding for the pulmonary rehab program;
- Wii-Fit systems and TV’s, along with others games and accessories for the adult rehab physiotherapy and the Waterford hospital;
- a variety of sleeper chairs and personal care items for patients and families.

You would appreciate that from a fundraising perspective, Comfort in Care has not been a part of our official mandate until recently. We have created a designated account for this program and are working with prospective donors in establishing an endowment to fund the various projects and requests. We would like to request support for this project, in the amount of $150,000, from the Department of Health and Community Services. The commentary we receive from this program has been overwhelming positive. The impact on patients and their families has been tremendous. For example, family members who stay with a loved one overnight, in many cases, now have the comfort of sleeping in a chair that adjust to a lounging, which makes their stay in a difficult circumstance more bearable, and the result is that they have a more positive experience with our health care system. I have enclosed a series of quotes from patients and staff of Eastern Health speaking the accolades of the Comfort in Care program.
We would like to invite you to formally present this gift at an upcoming Comfort in Care ceremony, at your discretion. These ceremonies receive positive media coverage, in that it truly reflects the positive care provided to patients through Eastern Health.

**Eleganza Gala 2010: $50,000**

Minister Kennedy, as per our discussion regarding our Health Care Foundation Gala this year, I would like to formally invite you to attend the October 23, 2010 Eleganza event at the Delta St. John’s Hotel. I understand that this night also coincides with the Premiers’ Dinner at the Convention Centre. As discussed, we would be honoured if you would take five minutes to join us at the commencement of our evening to bring greetings on behalf of the Government of Newfoundland and Labrador, and to then kick-off our fundraising evening with a $50,000 contribution to our Gastrointestinal (GI) initiative. This will set the stage for a fantastic evening for our patrons and supporters, and assist the Health Care Foundation in raising the $300,000 required to purchase an electronic Image Capture System for the GI Clinical Program - a first for the province.

The combined support requested of $200,000, will allow the Foundation an opportunity to leverage your generosity with other potential prospects, supporters and friends. This will also allow the Foundation to raise the revenue necessary to assist Eastern Health in the provision of adult acute care in Newfoundland and Labrador.

We would like for you to personally present the combined gifts during two events over the next month or so (Eleganza Gala and Comfort in Care ceremony). Minister Kennedy, again, a very genuine and heartfelt thank you for your support of our organization. I look forward to hearing from you or your Deputy Minister, Bruce Cooper, and would be happy to answer any questions you may have.

Kindest regards,

Minister Kennedy,

The Trinity Conception Placentia Health Foundation will be holding its 21st Annual Telethon on Sunday, October 3rd from 10 am-10 pm, on Eastlink stations throughout Trinity, Conception and Placentia Bays.

To date the Foundation has raised approximately 7 million dollars in support of health care in our region, with the Telethon being a major contributor to those funds. The Telethon has become the showcase of our Foundation fundraising effort. Partnering with our provincial government we are continuing to provide much needed quality equipment for all residents of our region, thus maintaining quality physicians, technicians, and others to work with this equipment.

This year's Telethon again promises to be a great opportunity for all residents. 500 plus volunteers give their time and monies in support of those in need of quality health care.

Minister, your support of the Foundation has been second to none. Through your commitment for a better health care system for all, we continue to provide quality health care for all those in our region, those being our families, friends, and loved ones.

This year's goal is to raise $400,000 to provide an Integrated Operating Room System which would be the first of its kind in the province.

We again ask your support with a donation on this great day, plus we ask you to host a one hour segment of our Telethon.
As stated, your continued support of health care in our province and region has been second to none. Through your leadership, those in need throughout our province and region are enjoying a better quality lifestyle.

Thank you for your past support, and we look forward to your continued support and to see you personally on Sunday, October 3rd. If you have any questions or concerns, please feel free to call at your convenience.

Yours in Healthcare,

Good Day Minister,

Just a personal note of thanks for the $50,000.00 donation to the Sir Thomas Roddick Hospital Foundation Radiothon 2010.

With this very generous donation our final total raised during the two days was $133,861.00.

There were a lot of very positive comments regarding the donation by people dropping in to pay their pledges.

As one older lady who dropped by said .... "Just to think with all that is going on in the province, all the money they will have to spend on cleaning up after Igor, giving us $50,000.00 is nothing short of outstanding...... A government with a vision that's what it is." I couldn't have agreed with her more.

Once again Thank You.

Honorable Jerome Kennedy Q.C.
Minister of Health and Community Services
Government of Newfoundland and Labrador
P.O. Box 8700, 1st Floor, West Block
Confederation Building
St. John's, NL A1B 4J6

Dear Minister Kennedy:

It was a pleasure to join you at the Dr. H. Bliss Murphy Cancer Centre this morning as together we celebrated with Eastern Health the implementation of the innovative Stereotactic Radiosurgery Program.

The Dr. H. Bliss Murphy Cancer Care Foundation was proud to play a role in bringing this technology to our great province through Priority: The Campaign for Cancer Care. Thanks to the support of our generous donors, this capital campaign raised over 3.6 million dollars for two new 4 Dimension CT Simulators for the Dr. H. Bliss Murphy Cancer Centre and our Patient and Family Support Fund.

The people of Newfoundland and Labrador have a long history of caring for each other, especially in times of hardship. Every day, cancer care teams demonstrate a commitment to helping those living with cancer. This compassion and caring is only surpassed by their motivation to help those in need – cancer patients and their families in Newfoundland and Labrador.

The Board of Directors of the Dr. H. Bliss Murphy Cancer Care Foundation embraces our mission of supporting cancer care throughout the province. In addition to leading edge technology for our Cancer Centre in St. John's, the Foundation has made significant investments at our Cancer Centres in Gander, Grand Falls-Windsor and Corner Brook this past year.

As discussed today, we invite the Department of Health and Community Services to partner with the Foundation with a gift to provide leading edge technology for the benefit of cancer patients in Newfoundland and Labrador.

I invite you to read the story of cancer survivor, Krista Pickett from Gander featured in our Report to our Donors, released earlier this month. She is a testament to the courage and inner strength required of patients facing the challenges of this disease.

It was nice to see you again this morning. Should you have any questions, please feel free to contact me directly.

Sincerely,

Earl Ludlow, Chairman
Dr. H. Bliss Murphy Cancer Care Foundation

COMPTROLLER GENERAL OF FINANCE
Mr. Jerome Kennedy, Minister of Health
Confederation Bldg.
PO Box 8700
St. John’s, NL
A1B 4J6

Dear Jerome,

The Trinity Conception Placentia Health Foundation was incorporated February 18, 1989. The purpose of the Foundation is to support and enhance the work and the goals of the health facilities which come under the direction of the Trinity Conception Placentia Region of Eastern Health, a catchment area of approximately 70,000 people.

The Trinity Conception Placentia Health Foundation has scheduled its 20th Annual Auction to take place on Saturday, June 4th, 2011 at the Royal Canadian Legion in Spaniards Bay. The auction will also feature a dinner and music. It is hoped that this fundraiser will again be quite successful with the goods and services that have been donated to the Foundation, auctioned off to the highest bidder being the highlight of the evening.

We are contacting you to see if you would be interested in making a donation of an item of your choice. Your donation will be greatly appreciated and widely publicized. It is only through the generosity of individuals and businesses such as yourself that we can continue to maintain the quality of health care and facilities needed by the residents of Trinity, Conception, and Placentia Bays.

Again, thank you for your time and we hope that you seriously consider this donation to the Foundation in showing your support. If you have any questions of concerns, please feel free to contact me anytime at (709) 945-5289. We will be contacting you again for what we hope will be a favorable reply.

Yours in Healthcare

Don Coombs

Dear Mr. Coombs:

I am replying to your request dated January 21, 2011 for support for the Trinity Conception Placentia Health Foundation. I am pleased that the Foundation is continuing with its fundraising efforts and building upon past successes.

I note that the Foundation is scheduled to hold its 20th Annual Auction to take place on Saturday, June 4th, 2011 at the Royal Canadian Legion in Spaniard’s Bay. I note that the Foundation has been holding these auctions for 20 years which speaks volumes to the community support and volunteers in your area. In support of this fundraising initiative, the Department of Health and Community Services is pleased to provide one time funding in the amount of $50,000.

I would like to thank the Trinity Conception Placentia Health Foundation for their continued commitment and fundraising efforts on behalf of the residents of the region serviced by your Foundation and wish you every success in future fundraising efforts.

Sincerely,

JEROME P. KENNEDY, Q.C

Dear Minister Kennedy:

Once again, we hosted our extremely successful Annual RCMP/Masters Discovery Health Team Charity Hockey Game where we raised over $6,000. We appreciate your department matching the amount we raised in our first such game in March of 2009 and we request your kind consideration to do the same for our 2nd annual hockey game held in April of 2010.

Your generous gift will go towards updating and upgrading the two OR suites for the Dr. G. B. Cross Memorial Hospital in Clarenville. We appreciate your colleagues, MHA Ross Wiseman’s, participation in the event and look forward to his continued involvement.

I look forward to hearing from you in the near future and I hope you will consider my request favourably.

Yours sincerely,

Shirley A. Stead, CDO

Dear Minister Kennedy:

The Discovery Health Care Foundation hosted another very successful Gala in honor of the late Dr. Ronan O'Shea. Through the efforts of the Foundation this wonderful event raised $27,000 towards the OR Surgical Services Campaign. This $430,000 campaign will update and replace much needed medical equipment for the two OR suites for the Dr. G. B. Cross Memorial Hospital in Clarenville. To date we have raised $370,000.

We would appreciate your kind consideration of a matching contribution for $25,000. As a Foundation we very much appreciate your support in the past and very much look forward to working together for quality health care in the future.

I look forward to hearing from you in the near future and I hope you will consider my request favourably.

Yours sincerely,

Shirley A. Stead, CDO

COMPTROLLER GENERAL OF FINANCE
Dear Mr. Kennedy,

Eleganza 2010 was an amazing success and your very generous commitment as a Platinum Sponsor helped raise $347,000 to benefit the Gastrointestinal Program at the General Hospital, thank you.

Our Eleganza 2011 Planning Committee is off to an early start and my first, very pleasant duty is to communicate with our 2010 friends and supporters.

I am delighted to tell you that monies raised at Eleganza 2011, our 24th Eleganza, will be used to purchase new, state-of-the-art, diagnostic equipment for the Radiology Department. This new equipment will give clinicians, from orthopaedics to internal medicine, essential information which will lead to early diagnosis and treatment.

You are a valued partner of Eleganza and I hope we can count on you to help make Eleganza 2011 a great success. With your help, we will raise the funds needed to purchase the radiology equipment to ensure patients have access to the best health care possible.

Eleganza 2011, October 22, at the Delta St. John's Hotel, is our opportunity to recognize and thank our generous business and community partners. As has been our history, we plan to delight and entertain you. Our theme, from the James Bond movie series, "Shaken Not Stirred" will live up to our reputation. We promise a décor to rival a "007" movie set, a menu suitable for our star supporters, and entertainment to shake and stir the night.

Barbara Barry, our Eleganza Event Manager, will follow up with you and answer any questions you may have regarding your support of Eleganza 2011.

Yours sincerely,

Debbie Patten,
Chair, Eleganza Committee
Member, Health Care Foundation
Ms. Debbie Patten

Honorable Jerome Kennedy Q.C.
Minister of Health and Community Services
Government of Newfoundland and Labrador
P.O. Box 8700, 1st Floor, West Block
Confederation Building
St. John's, NL A1B 4J6

Dear Minister Kennedy:

Please accept this letter as a follow-up from October 22, 2010.

The Dr. H. Bliss Murphy Cancer Care Foundation has identified an exciting opportunity for the provinces largest cancer patient population – prostate cancer patients. This year, an estimated 510 men will be diagnosed with prostate cancer in this province.

Through a generous gift of $135,000 from the Fry Family Foundation to the Dr. H. Bliss Murphy Cancer Care Foundation, we have purchased a High Dose Rate Remote (HDR) Afterloading System needed to help launch a Prostate Cancer Brachytherapy Treatment Program in Newfoundland and Labrador.

With prostate brachytherapy, thin catheters are first placed in the tumor. The catheters are then connected to the afterloader or permanent radioactive seeds are inserted into the prostate. Brachytherapy can be used for a wide range of prostate stages, PSA values, and tumor grades.

The Cancer Care Program of Eastern Health has secured the necessary Operating Room time in the Health Sciences to insert the catheters necessary to perform prostate brachytherapy.
Honorable Jerome Kennedy Q.C.
April 11, 2011
Page 2 of 2

There are two remaining critical pieces to be purchased in order to officially launch the Prostate Cancer Brachytherapy Treatment Program.

1. VariSeed is a dynamic dose planning system required to plan a prostate cancer patients’ treatment. This program will allow higher dose delivery to the tumour and will enable the team to treat challenging cases. Cost: $72,000.

2. An OR Bed is required for the HDR treatment space at the Dr. H. Bliss Murphy Cancer Centre to help with proper patient positioning. Cost $40,000.

Through our partnership with Motorcycle Ride for Dad, the Dr. H. Bliss Murphy Cancer Care Foundation has provided over $150,000 in funding for prostate cancer research at Memorial University’s Faculty of Medicine and participated in their highly successful awareness campaign.

The launch of the Prostate Cancer Brachytherapy Treatment Program would be the complement to investments made in research, education and awareness in Newfoundland and Labrador.

We invite the Department of Health and Community Services to partner with the Dr. H. Bliss Murphy Cancer Care Foundation with a gift to provide this leading edge technology for the benefit of prostate cancer patients in Newfoundland and Labrador.

Sincerely,

Earl Ludlow, Chairman
Dr. H. Bliss Murphy Cancer Care Foundation

Dear Minister Kennedy,

Our sincere thanks to yourself and the Department of Health and Community Services for your recent generous gift of $100,000 in support of cancer care in Newfoundland and Labrador.

The Dr. H. Bliss Murphy Cancer Care Foundation will move forward in purchasing equipment identified for the Prostate Cancer Brachytherapy Treatment Program of Eastern Health. We look forward to working with your Department to announce the establishment of the program once treatment with patients has begun.

Thank you once again for supporting the goals of our organization as we partner for the benefit of those facing their battle with cancer.

Sincerely,

Earl Ludlow, Chairman
Dr. H. Bliss Murphy Cancer Care Foundation

Jerome P. Kennedy, Q.C.
MHA, Carbonear-Harbour Grace
Minister of Health and Community Services

/cc: Office of the Premier
Ms. Vickie Kaminski
Mr. George Butt
Ms. Michelle Jewer
Mr. Paul Greene
Mr. Tony Wakeham  
Government of Newfoundland and Labrador  
PO Box 8700  
St. John's, NL  
A1B 4J6

Dear Mr. Wakeham,

The Health Care Foundation was formed in 2002 and supports the five adult hospitals in St. John's: the General Hospital (Health Sciences Center), St. Clare's Mercy Hospital, Waterford Hospital, Dr. Leonard A. Miller Centre, and Dr. Walter Templeman Health Centre. These hospitals fall under the authority of Eastern Health, which provides health care services to more than 290,000 residents of Eastern Newfoundland and specialized health care for all residents of our province. They are also the teaching centers for health care professionals and medical students, in partnership with Memorial University of Newfoundland and the Centre for Nursing Studies.

Tony, as you are aware, the Health Care Foundation is in the concluding phase of its Give from the Heart capital campaign. We are delighted with the support provided thus far from the Department of Health and Community Services, Minister Kennedy and the Government of Newfoundland and Labrador. We have been very successful in leveraging the initial $4.5 million commitment from the Government of Newfoundland and Labrador and the corporate community and have raised in excess of $4.5 million in donor funds.

The Health Care Foundation’s Annual Charity Golf Tournament will be held on June 23, 2011, and proceeds from this year’s tournament are in support of our Give from the Heart capital campaign. Eastern Health has identified respiratory needs equipment valued at $214,500 for which funding will be sought through the Department of Health and Community Services. At our Charity Golf Tournament the Health Care Foundation would like to challenge our supporters to generate half of these funds with the Department of Health and Community Services providing a
match. This will allow for the securing of the required equipment while removing half the cost from the provincial coffers. The equipment required for the RT program under Give from the Heart includes:

- CO2 monitors
- Ventilators
- Computerized polysomnography analyzers
- Respironics V60

We would be thrilled to have Minister Kennedy along with other representatives from the Department of Health and Community Services (including you) attend our golf tournament on June 23, 2011 at The Wilds, bring greetings and make the formal cheque presentation. Fred Hutton from NTV will be emceeing this event, and we are looking forward to a full compliment of individual and corporate supporters golfing that day.

Thank you for supporting the Health Care Foundation once again, and let me express the delight of the Foundation Board of Directors with the partnership between the Government of Newfoundland and Labrador, the Department of Health and Community Services, Eastern Health and the Health Care Foundation.

I have enclosed a formalized proposal for your consideration and I look forward to Minister Kennedy’s response. If you have any questions, please feel free to contact me.

Kind Regards,

Paul Snow
President and CEO
Health Care Foundation

[Handwritten note]

Thanks 1007! Please note. A4: Please also! Cheers!
Mr. Paul Snow  
President and CEO  
Health Care Foundation  
71 Goldstone Street, Suite 103  
St. John’s, NL  
A1B 5C3

Dear Mr. Snow:

I am replying to your request dated June 3, 2011 for support for the Health Care Foundation. I am pleased that the Foundation is continuing with its fundraising efforts and building upon its past successes.

I note that the Foundation held its annual Charity Golf Tournament on June 23, 2011 with proceeds from this tournament going to the Give from the Heart campaign to assist with the purchase of respiratory equipment, including CO2 monitors, ventilators, respironics V60, and computerized polysomnography analyzers. In support of this fundraising initiative, the Department of Health and Community Services is pleased to provide one time funding in the amount of $107,000.

I would like to thank the Health Care Foundation for their continued commitment and fundraising efforts on behalf of the residents of the Province and wish you every success in your future fundraising campaigns. I hope you had a very successful tournament.

Sincerely,

Minister Kennedy,

On July 8th, 2011, we, at the Trinity Conception Placentia Health Foundation along with our many businesses and supporters from all parts of Trinity, Conception and Placentia Bays, will be doing our best make the 12th Annual Golf Classic a record milestone or healthcare in our area. You will recall that last years tournament was another success and for that we have only our many supporters and public minded businesses to thank.

In striving to better health care in the Trinity, Conception and Placentia Bays, we need to keep in the forefront of our minds the needs of our patients and residents which are, of course, our top priority. We know you will be with us in spirit and look forward to your active support in our efforts to make our Golf Tournament the resounding success that it must be if we are able to make our health facilities the best they can possibly be.

If you would like to offer active support during the Golf Tournament with a matching dollar contribution it would be greatly appreciated. Our goal this year is $41,000 with those dollars committed. If you wish a suitable time will be made for your presentation.

I look forward to having YOU become part of our Annual Golf Classic again this year and in your sharing the satisfaction of having made a worthwhile contribution to the health and welfare of all the residents of Trinity, Conception and Placentia Bays. We're sincerely looking forward to seeing you again on July 8th, 2011 at the Admirals Green, Pippy Park.

Yours in healthcare,

Don Coombs  
*Chief Development Officer*
Mr. Don Coombs

Dear Mr. Coombs:

I am replying to your request in support of the Trinity Conception Placentia Health Foundation’s 12th Annual Golf Classic. I am pleased that the Foundation is continuing with its fundraising efforts and building upon past successes.

I note that the Foundation will be holding its Annual Golf Classic on Friday July 8th, 2011 at the Admirals Green Golf Course in Pippy Park with proceeds from the event going towards assisting in the purchase of health care equipment to benefit patients and residents in the Trinity-Conception-Placentia area. In support of this fundraising initiative, the Department of Health and Community Services is pleased to provide one time funding in the amount of $41,000.

I would like to thank the Trinity Conception Placentia Health Foundation for their continued commitment and fundraising efforts on behalf of the residents of the region serviced by your Foundation and wish you every success in future fundraising efforts.

Sincerely,

Dear Minister Kennedy,

The Trinity Conception Placentia Health Foundation will be celebrating a milestone in healthcare in this region with the hosting its 22\textsuperscript{nd} Annual Telethon on October 16, 2011 on our local East Link channel and would be honored to have you as a celebrity host.

The foundation was formed in February 1989, since that time we have raised over $7.0 million for healthcare with over $5.0 million coming from the Telethon itself. Twenty-one years of providing quality health care to all residents of our region.

As you are aware, this is a highly motivational lever for the people and the area with over 400 volunteers helping out. The event starts at 10:00 am through to 10:00 pm; prime times are from 2:00 pm to 6:00 pm. If you would be able to assist in hosting this event, for a minute through to an hour, it would be extremely beneficial to our telethon.

Our goal this year is to raise $300,000 for much needed equipment for the people of our region. If you would like to offer support during the Telethon with a financial donation on behalf of your colleagues in government and all residents of the region it would be greatly appreciated.

We look forward to having YOU become part of our Annual Telethon again this year and in your sharing the satisfaction of having made a worthwhile contribution to the health and welfare of all the residents of Trinity, Conception and Placentia Bays. We're sincerely looking forward to seeing you again on October 16\textsuperscript{th}, 2011. We thank you in advance for your support and look forward to a favorable reply at your earliest convenience.

Yours in Healthcare

Dear Mr. Coombs:

I am replying to your request in support of the Trinity Conception Placentia Health Foundation’s 22nd Annual Telethon to be held on October 16th, 2011. I am pleased that the Foundation is continuing with its fundraising efforts and building upon past successes.

As in previous years, the Department of Health and Community Services is pleased to provide a one time contribution to this fundraising initiative. For this year’s telethon the Department’s contribution is $100,000.

I would like to thank the Trinity Conception Placentia Health Foundation for their continued commitment and fundraising efforts on behalf of the residents of the region serviced by your Foundation and wish you every success on October 16th.

Sincerely,

JEROME P. KENNEDY, Q.C  
MHA, Carbonear - Harbour Grace  
Minister of Health & Community Services

Colleen:

I have been asked to direct this request to your department for consideration. Mr. Snow has asked if perhaps a gift or matching funds from the Provincial Government could be considered in their fundraising efforts for this event "The Ride for Vets 2011" in support of a new Dementia Memorial Garden at the Veteran's Pavillion.

Could you please forward to your Minister for consideration.

Thank you.
Judy Wells
Office of the Premier

--------< TRIM Record Information >--------

Record Number : SCH2011/0421
Title : Invitation from Paul Snow, Pres. & CEO, Health Care Foundation, requesting the Premier participate in The Ride for Vets 2011, September 17, in support of raising funds toward building a new Dementia Memorial Garden at the Veteran's Pavilion
Hello Premier Dunderdale,

Let me start by saying Thank you for your vision and overwhelming support of the Health of Newfoundlanders and Labradors since assuming the leadership of our Province. You live what you speak and I admire that immensely. My name is Paul Snow and I am humbled and honoured to be the President of the Health Care Foundation. You would be aware that we are the fundraising arm of the 5 adult hospitals of St. John's, supporting tertiary care for every Newfoundlander and Labradorian in the province. We are governed by a Volunteer Board of Directors, Chaired by Mr. Frank Fagan, member of the Order of NL and the Order of Canada and supported by various volunteer activity and oversight committees. We are currently in the process of finishing a $10,000,000.00 capital campaign,
"Give from the Heart" for cardiac care - which was well supported by Our Government, Thank you!

Our Foundation, through wonderful Philanthropic support of individuals, businesses and the corporate community has raised millions in support of health care over the last decade. We have funded programs and equipment in areas such as Cardiac Care, Women's health, Mental Health and Addictions, Orthopedics, Diagnostic Imaging, Internal medicine, Dialysis, Orthotics and Prosthetics, ophthalmology, ENT, and our Laboratory program by purchasing state of the Heart Equipment, as well as providing Research and Education grants. And over the last two years our trademarked "Comfort in Care(tm)" program, has funded items for the staff and patient continuum and provision of care such has tv's, sleeper chairs, blanket warmers, ice machines, diversion tools for mental health and dementia patients and exercise equipment. We are currently working on the creation of a lifestyle planner for patients in our cardiac program. This will be a preventative medicine tool to be used for patients who have Cardiac or cardiovascular issues. It will include information about the illness, but will be personalized and likely regionalized showing available government services throughout the province for recreation and active living. It will also provide information on the importance of your medications usage, physical activity and heart healthy recipes. (We had the NL
Chef's Association
create 26 traditional NL dishes, then we had the
dieticians of Eastern
Health and Sobeys take out the excess sodium, sugars,
fats, etc., and
gave the recipes back to the Chefs association and asked
them to make it
taste the same! Believe it or not, they did!) These
Healthy Newfoundland
and Labrador Recipes are also a part of this
preventative package; I
will have a set dropped to your office for your own
personal use, I am
certain that you will enjoy them.

But I digress, the reason I shared the aforementioned
was that I wanted
you to know what our organization does so that you may
wish to consider
the request I am now making. The Health Care Foundation
has teamed up
with the Royal Canadian Legion NL to build a Dementia or
"Wandering"
Garden at the Miller Centre on Forest road for our many
Veterans and
troops who served in honor of our Freedom, our Province
and our Country.
This project is projected to cost approximately $250,000
and our goal is
to raise these funds over the next number of months, so
that the Garden
can be built next year. A Volunteer committee is in
place with
leadership being provided by staff of the Miller Centre,
Veterans
Pavilion, and staff from our organization as well as
members of the NL
Royal Canadian Legion. The funds are being raised
through a variety of
means - one such is a signature Ride for our troops and
support for our
vets Motorcycle tour starting at the Veterans Pavilion, travelling
through Conception Bay area with stops along the way and ending at the base. (Details to follow) We are in negotiations with General Hiller (a Campbellton boy like me) and Heather Ireland of "Biker TV" to be a part of this event. This will bring some high and national profile to the ride. We would be honored if you would consider joining us for the ride on September 17th, 2011 as well! If you do not ride yourself, we would be delighted to escort you on a lead bike as a passenger ensuring you are a member of the team lead and ride champions in this wonderful event. We would be further honored if perhaps a gift or a fundraising match from the Provincial Government could be considered and announced that day and then it could be included in our marketing, "Supported by The Government of Newfoundland and Labrador". I have included two artist renderings of the Garden as well as a copy of our sponsorship proposal for your perusal. I have also left a message for The Minister of Health, Jerome, through Tony Wakeham, inviting him to attend.

This will be a tremendous feel good opportunity with many meet and greets and we would be delighted to have the Honorable Premier Dunderdale along for the ride. I would be thrilled to chat personally or through your staff about this opportunity in more detail. Please feel free to call me anytime at 777-5905 or 682-2919.

Kind Regards,
Paul

Dear:

How do you thank someone for your freedom?

Every year the Canadian Army Veterans Motorcycle Group has promoted a motorcycle ride to support Newfoundland and Labrador’s aging veterans at the LA Miller Center’s Veterans Pavilion. In this, their fifth annual ride, they have joined with the Health Care Foundation and the Mile One Harley Davidson Owners Group to expand their already established Ride to Support the Troops to a new level! The Ride for Vets 2011, taking place September 17th, will welcome over 200 motorcycle enthusiasts to a ride to support building the new Jim Shields Memorial Garden for the Veteran’s Pavilion.

At this time, we are seeking your support for this event and have enclosed a sponsorship proposal for your consideration. As an event Sponsor, you have the unique opportunity to be part of protecting the welfare of our aging military veterans, as they once protected our freedom. We look forward to your response in the coming weeks. If you have any questions or require any further information, please do not hesitate to contact me. Thank you in advance for your consideration.

Yours sincerely,
Introduction

How do you thank someone for your freedom?
Every year the Canadian Army Veterans Motorcycle Group has promoted a motorcycle ride to support Newfoundland and Labrador’s troops and the aging veterans at the LA Miller Center’s Veterans Pavilion. In this their fifth annual ride, they have joined with the Health Care Foundation and the Harley Owners Group of Newfoundland to raise funds to support the building of a wandering garden for residents of the Veterans Pavilion.

About Caribou Memorial Veterans Pavilion at the Leonard A. Miller Centre

The Caribou Memorial Veterans Pavilion at the LA Miller Centre houses Second World War and Korean War Veterans and includes a specialized Dementia Care Unit.

Canada has a rich military legacy, one in which we can be proud. Canadian Veterans, who have worn the uniform, have been prepared to place themselves in harms way to strive to uphold the values Canadians cherish, and they deserve our honour and gratitude for their service. They also deserve to be taken care of in their later years. The Caribou Memorial Veterans Pavilion strives to provide that care and wishes to also provide joy and contentment to those who have severed their country. In that spirit they are endeavoring to build the Jim Shields Memorial Garden to be located outside of the Veterans Pavilion at the Miller Centre site.

The goal of the Support the Troops Ride, Reaching out to our Veterans, is to raise $20,000 towards the development of this special garden, specially designed for those veterans with disabilities and who are suffering with dementia.

The Jim Shields Memorial Garden includes:

- Locked access to provide a secure location for veterans to stroll
- A meditative Memorial Garden complete with a railed oval section for repetitive circular walking, often soothing to those with dementia.
- A more social central court with seating, bird baths and feeders.
- An active open space highlighted with smooth concrete and an open lawn.
- An enabling horticulture Therapy Garden with a wheelchair accessible planter as well as moveable planters for gardening.
About the Event

Support our Troops Ride, Reaching out to our Veterans will be held on September 17th starting at 8:00 a.m. The route will see riders leave from the Canadian Forces Base in Pleasantville drive to Holyrood and return to the Veterans Pavilion. It is anticipated that 200 bikers will participate in this event.

The highlight of the event will be the Closing Ceremonies which will take place following the ride at 2:00 p.m. at the Veteran’s Pavilion. This will be an opportunity for the veterans to thank the sponsors and the participating riders.

About the Health Care Foundation

The Health Care Foundation was formed in 2002 with a mandate to raise and steward funds for the advancement and enhancement of patient care and comfort, capital projects, equipment, research and teaching at our five adult hospitals in St. John’s: General Hospital (Health Sciences Centre), St. Clare’s Mercy Hospital, Waterford Hospital, Dr. Leonard A. Miller Centre and Dr. Walter Templeman Health Centre. These hospitals fall under the authority of Eastern Health, which provides health care services to more than 290,000 residents of Eastern Newfoundland and specialized health care for all residents of our province.

The Health Care Foundation fundraising efforts help mitigate the wide gap between the funding that Eastern Health receives from government versus the actual needs experienced by our hospitals. In an average year, Eastern Health receives approximately one-tenth of the funding that they have requested from government to purchase priority medical equipment and technology. The funding Eastern Health receives from the Health Care Foundation is not only appreciated; it is vitally needed.
Sponsorship Opportunities

**The Brigadier Sponsorship**

- Prominent placement of color logo on all print materials including the welcome banner
- Logo and link to website from Health Care Foundation
- Recognition in all media opportunities
- Display company materials at venue day of event
- Provide a prize for top fundraiser
- Company representative to give remarks at event and cheque presentation
- The privilege of being viewed as leaders in supporting our province’s veterans
- Recognition in newspaper ad (post event)

**The Colonel Sponsorship**

- Color logo on all print materials
- Color logo on welcome banner
- Logo on Health Care Foundation website
- Recognition in newspaper ad (post event)

**The Captain Sponsorship**

- Logo on all print materials
- Logo on welcome banner
- Listed on Health Care Foundation website
- Recognition in newspaper ad (post event)

Dear Mr. Snow:

I am replying to your request for support to the Health Care Foundation in respect of the creation of a Wandering Garden at the Miller Centre. I am pleased that the Foundation is continuing with its fundraising efforts and building upon its past successes.

In support of the Wandering Garden project, the Department of Health and Community Services is pleased to provide one time funding in the amount of $50,000.

I would like to thank the Health Care Foundation for their continued commitment and fundraising efforts on behalf of the residents of the Province and wish you every success in your future fundraising campaigns.

Sincerely,

JEROME KENNEDY, Q.C

Honorable Jerome Kennedy Q.C.
Minister of Health and Community Services
Government of Newfoundland and Labrador
P.O. Box 8700, 1st Floor, West Block
Confederation Building
St. John’s, NL A1B 4J6

Dear Minister Kennedy,

It was great to chat with you on August 1st at the Capital Hotel. As discussed, the Dr. H. Bliss Murphy Cancer Care Foundation is very appreciative of the generous support of the Government of Newfoundland and Labrador this past year for a Prostate Cancer Brachytherapy Program. To update, the OR bed needed for proper patient positioning has arrived at the Dr. H. Bliss Murphy Cancer Centre and VariSeed, the dose planning system required to plan a prostate cancer patients’ treatment is on order with an arrival date of early this Fall.

The Board of Directors of the Dr. H. Bliss Murphy Cancer Care Foundation embraces our mission of supporting cancer care throughout the province. In addition to leading edge technology for our Cancer Centre in St. John’s, the Foundation has made significant investments at our Cancer Centres in Gander, Grand Falls-Windsor and Corner Brook this past year.

Together with the Cancer Care team of Eastern Health, the Foundation has embraced an exciting new project for 2011 – an innovative and the province’s first, Learning Lounge for Cancer Care.

The vision of the Learning Lounge will be a space where oncology professionals will be able to access leading edge technology on demand, supporting a wide array of social and collaborative learning activities in an aesthetically and visually stimulating environment. It will be a space where our cancer care team will be able to use SMART interactive White Boards, video conferencing and tele-oncology equipment. In such a competitive field, the recruitment and retention of oncology professionals is made easier when they have access to innovative and leading-edge technologies.

The Learning Lounge will also serve as a space for cancer patients and their families for programs such as Look Good Feel Better and patient support groups facilitated by our oncology professionals.

Our architect has designed a space on the third floor of the Dr. H. Bliss Murphy Cancer Centre that is a creative learning room where technology will support the facilitation of meaningful learning experiences. With the incorporation of natural light, open and comfortable seating areas, we envision the Learning Lounge to be a valuable resource for cancer care.
Once again, we invite the Department of Health and Community Services to partner with the Dr. H. Bliss Murphy Cancer Care Foundation with a gift of $100,000 towards the establishment of the Learning Lounge for Cancer Care. A copy of the architectural drawing and photos of the condition of the current space are included for your review.

It was nice to see you again, should you have any questions, please feel free to contact me directly.

Sincerely,

Earl Ludlow, Chairman
Dr. H. Bliss Murphy Cancer Care Foundation

Encl.

Honorable Susan Sullivan
Minister of Health and Community Services
Confederation Building
St. John’s, NL

Dear Minister Sullivan:

The Discovery Health Care Foundation in conjunction with Lions Clubs Zones 4 & 5 are hosting a telethon on Sunday, February 12th, from 1 – 7 p.m. This is to support an ongoing campaign for Surgical Services at the Dr. G.B. Cross Memorial Hospital, Clarenville.

Funds at the telethon will be solicited through the six hour televised program from the whole region which encompasses Bellevue to Clarenville, to Bonavista, over to Port Blandford and Charlottetown as well as Swift Current.

This has been an annual event demonstrating much community support. We ask that the provincial government make a contribution to support this worthwhile campaign.

I look forward to your kind reply and I hope you will consider our request favourably.

Sincerely,

Shirley Stead,
Chief Development Officer

Dear Ms. Stead:

I am replying to your request dated February 8, 2012 for support for the Discovery Health Care Foundation’s annual telethon. I note that you will be fundraising to support an ongoing campaign for surgical services at the Dr. G. B. Cross Memorial Hospital in Clarenville. I am pleased that the Foundation continues to foster community engagement.

Thank you for informing me that the Foundation will be hosting their annual telethon on Sunday, February 12th throughout the afternoon and evening to the Bellevue/Clarenville/Bonavista area audience. In support of this fundraising initiative, the Department of Health and Community Services is pleased to make a contribution in the amount of $10,000.

I would like to thank the Discovery Health Care Foundation for continuing their commitment and fundraising efforts in the Discovery area. I wish you every success with this event on Sunday.

Sincerely,

SUSAN SULLIVAN

Honourable Susan Sullivan  
Minister, Department of Health and Community Services  
Confederation Building, East Block  
Box 8700  
St John's, NL, A1B 4J6

Dear Minister Sullivan:

On March 31, 2012, the NL Sports Centre will be the venue of the first annual Bust a Move™ event. This emotionally uplifting, personally rewarding and distinctly unique event will provide six hours of choreographed exercise designed for every fitness level from beginners to fitness buffs. Plus, the grand finale will be led by Hollywood fitness guru, Richard Simmons!

We would like to invite The Government of Newfoundland and Labrador to consider a mutually beneficial sponsorship opportunity with Bust a Move™. The support of the Province will assist with the purchase of state-of-the-art medical equipment that will provide physicians within Eastern Health better diagnostic and reconstructive surgical tools. By becoming a Silver Sponsor, Bust a Move™ would provide considerable recognition and business value as outlined in the attached proposal.

The event will deliver an engaged audience and make a positive impact on a devastating disease that affects families in our communities across our province. We hope you will join the movement. I will touch base with you next week to discuss this opportunity further. In the meantime, if you have any questions please contact the Bust a Move™ project manager.

Sincerely,

Paul Snow  
President and CEO  
Health Care Foundation

Dear Mr. Snow:  

I am replying to your request for support to the Health Care Foundation with respect to its Bust a Move event which is scheduled to take place on March 31, 2012 at the NL Sports Centre in St. John’s. I am pleased that the Foundation is continuing with its fundraising efforts and building upon its past successes.

As you are aware, the Department has been very supportive in the past of the many fundraising events which the Health Care Foundation has undertaken and has contributed significantly to many of the past initiatives. While the Department supports the efforts of the Foundation in promoting its Bust a Move event, the Department has a limited budget from which it can provide financial support to such initiatives and unfortunately is not able to provide any financial support to this event at this time.

I would like to thank the Health Care Foundation for their continued commitment and fundraising efforts on behalf of the residents of the Province and wish you every success in future endeavours.

Sincerely,

SUSAN SULLIVAN  
Minister

June 22, 2012

Hello:

I contact your office today regarding pledge commitments on file for Burin Peninsula Health Care Foundation. In summary, Minister Clyde Jackman and Minister Darin King made pledge announcements on behalf of Minister(s) of Health (Minister Jerome Kennedy, Minister Susan Sullivan) – details in attached documents. Both Ministers Offices can confirm the pledge commitment amounts/dates.

Last week, Chris O'Grady, CGA, Director of Financial Services (Eastern Health) advised of a change in collection process regarding invoicing Department of Health for such pledge commitments. I understand the process now is;

- CDO or Board Chair write a letter to the Minister of Health (Minister Sullivan) indicated that on a specific date (give the date) at a specific event (name the event – golf, telethon), (List Attached). Burin Peninsula Health Care Foundation would now invoice Department of Health.
I ask that a staff person confirm that the above process is correct, see attached pledge commitment summary and advise if:

- an official claim form is required.
- Can be submit via email?
- you any require additional information.

Contact our office (709)891-3456 or email burin.foundation@easternhealth.ca with information requested and/or if you have additional information. Thank you for your time; I look forward to your early reply as to complete these pledge commitment processes.

Regards

Sharon Snook, CDO

Hello:

Wondering can someone from your office give me a call on the status of pledge payments request (from Burin Peninsula Health Care Foundation) that was sent last week? We MUST confirm for Auditors ASAP that amounts listed are being paid by NL Provincial Government.

My tel# is (709) 891-3456; Email; HYPERLINK "mailto:burin.foundation@easternhealth.ca"burin.foundation@easternhealth.ca

Thanks for your time and for understanding the urgent need to provide proper documentation/confirmation in order for us to comply with our Auditors Request. I await your early reply.

Regards,

Minister Susan Sullivan
Health and Community Services
West Block, Confederation Building
P.O. Box 8700, St. John’s NL A1B 4J6

July 10, 2012

Dear Minister Sullivan;

I contact your office today as a follow-up to an email sent June 21, 2012 regarding pledge commitments on file for Burin Peninsula Health Care Foundation. Summary pledge details include:

- Minister Clyde Jackman and Minister Darin King made pledge announcements on behalf of Minister(s) of Health (Minister Jerome Kennedy, Minister Susan Sullivan) – details in attached documents. Both Ministers’ Offices can confirm the pledge commitment amounts/dates.
- Recently, Chris O’Grady, CGA, Director of Financial Services (Eastern Health) advised of a change in collection process regarding invoicing Department of Health for such pledge commitments. I understand the process now is that Burin Peninsula Health Care Foundation is to write a letter to the Minister of Health and invoice directly to the Department of Health.

Please confirm that the above process is correct and advise if:
- an official claim form is required and/or if you will require additional information?
- claim can be submitted via email?

Contact our office (709)891-3456 or email burin.foundation@easterhealth.ca with information requested and/or if you have additional information that will assist in completing these pledge requests. Thank you for your time, I look forward to your early reply.

Kind Regards

Sharon Snook, CDO

From: Burin Peninsula Health Care Foundation Board
Subject: Payment Process - Provincial Government Pledge Commitments
Burin Peninsula Health Care Foundation

July 16, 2012

Dear Mr. Wakeham;

I contact you today as a result of a conversation I had with Mr. Paul Green (Manager of Infrastructure, Health & Community Services), who advised that you are the contact person to send pledge payments owed to the Burin Peninsula Health Care Foundation. In summary, Burin Peninsula Health Care Foundation is requesting that the following pledge payments be processed;

Pledge #1  $25,000.00  
Event: Annual Hospital Golf Tournament (September 11, 2010).  
Pledged by: Announced by Minister Darin King on behalf of Minister Clyde Jackman, MHA Calvin Peach and Minister Jerome Kennedy.
Comment: Grant Designation: NEW Ambulatory Care Unit at Burin Peninsula Health Care Centre. (There was a delay in establishing the unit due to air quality/other issues, equipment is now onsite and the unit is soon to be operational).

Pledge #2  $40,000.00  
Pledged by: Announced by Minister Darin King & Minister Clyde Jackman, on behalf of MHA Calvin Peach and Minister Jerome Kennedy.
Comments: Grant Designation: $25,000.00 for NEW Ambulatory Care Unit; $5,000.00 for USM (St. Lawrence) $5,000.00 Grand Bank Health (Blue Crest); $4,000.00 for Patient Comfort Care Items/Small Equipment and $1,000.00 for Chemotherapy Supplies (both for Burin Peninsula Health Care Centre).
Pledge#3  $25,000.00
Event:  Kin & Friends Radiothon (May 27, 2012)
Pledged by:  Announced by Minister Darin King & Minister Clyde Jackman, on behalf of MHA Calvin Peach and Minister Jerome Kennedy
Comments:  Grant Designation: NEW O.R. Unit at Burin Peninsula Health Centre

Pledge payments owed total $90,000.00 is currently listed on the Burin Peninsula Health Care Foundation Year End Audit as outstanding. Please confirm if cheque will be forwarded to Burin Peninsula Health Care Foundation or Eastern Health. Please contact the undersigned if you have questions or require additional information. Thank you for your time and I look forward to your early reply as to how/when pledge payments will be processed.

Kind Regards

Sharon Snook, CDO

Dear Ms. Snook:

I am replying to your request letter July 16, 2012 to Mr. Tony Wakeham requesting payment for past pledge commitments made in support of various fundraising events which the Burin Peninsula Health Care Foundation has held. I am pleased to advise that these commitments totalling $90,000 are being processed.

The particular pledges in question include $25,000 in support of the annual hospital golf tournament held on September 11, 2010, as well as $40,000 and $25,000 commitments made on May 26, 2011 and May 27, 2012 respectively in support of the Foundation’s annual radiothon.

I would like to thank the Health Care Foundation for their continued commitment and fundraising efforts on behalf of the residents of the Province and wish you every success in your future fundraising campaigns.

Sincerely,

Susan Sullivan  
Minister

Minister Sullivan,

The Trinity Conception Placentia Health Foundation will be holding its 21st Annual Auction on Saturday, June 9, 2012. The auction has become one of the major fundraisers for the foundation and healthcare in our region. The provincial Government supported our auction last year with a generous donation of $50,000. The funding for last year went towards the purchase of an Integrated Operating Room System, the first of its kind in the province of Newfoundland. With the success of last year’s fundraising event the foundation also made a commitment of a second integrated O.R. System.

Eastern Health has asked the Foundation for support this year in its purchase of a C-Track Galaxy System. This is a major piece of equipment used to detect radiation in patients. It is used in a procedure called a Sentinel Node Biopsy to determine whether a tumor has metastasized or spread to new location. The biopsy is common for staging breast cancer and melanoma and has become increasingly popular in staging other forms of cancer.

This along with the opening of a third integrated O.R. System will see the Foundation raise approximately $400,000 for this much needed equipment. Again, this equipment allows for advance medical technology for the residents of Trinity, Conception and Placentia Bays.

Your generous donation of $50,000 at last year’s auction was greatly appreciated and assisted the Foundation in reaching the mandate of providing the residents of the region with the latest in technology and equipment. Your support again would be greatly appreciated.

On behalf of all residents of the region, a sincere thank you for your continued commitment to quality of healthcare for all residents of Trinity Conception and Placentia Bay, those being our family, friends and loved ones.

Yours in healthcare,

Don Coombs
Chief Development Officer

AUG 17 2012

Mr. Don Coombs  
Chief Development Officer  
Trinity Conception Placentia Health Foundation  
86 Highroad South  
Carbonera, NL A1Y 1A4  

Dear Mr. Coombs:

I am replying to your request dated June 8, 2012, for support for the Trinity Conception Placentia Health Care Foundation. I am pleased that the Foundation is continuing with its fundraising efforts and building upon past successes.

I note that the Foundation held its 21st Annual Auction on Saturday, June 9, 2012, and raised funds which will go towards the purchase of equipment that allows for advanced medical technology for the residents of Trinity, Conception, and Placentia Bays. In support of this fundraising initiative, the Department of Health and Community Services is pleased to provide one-time funding in the amount of $50,000.

I would like to thank the Trinity Conception Placentia Health Foundation for their continued commitment and fundraising efforts on behalf of the residents of the region serviced by your Foundation and wish you every success in future fundraising efforts.

Sincerely,

SUSAN SULLIVAN  
Minister

Minister Sullivan,

The Trinity Conception Placentia Health Foundation will be holding its 23rd Annual Telethon on Sunday, October 14th from 10 am-10 pm, on Eastlink stations throughout Trinity, Conception and Placentia Bays.

To date the Foundation has raised approximately 7 million dollars in support of health care in our region, with the Telethon being a major contributor to those funds. The Telethon has become the showcase of our Foundation fundraising effort. Partnering with our provincial government we are continuing to provide much needed quality equipment for all residents of our region, thus maintaining quality physicians, technicians, and others to work with this equipment.

This year's Telethon again promises to be a great opportunity for all residents. 400 plus volunteers give their time and monies in support of those in need of quality health care.

Minister, your support of the Foundation has been second to none. Through your commitment for a better health care system for all, we continue to provide quality health care for all those in our region, those being our families, friends, and loved ones.

This year's goal is to raise $300,000 to provide a second Integrated Operating Room System which would meet the demands of our region.

We again ask your support with a donation on this great day, plus we ask you to host a one hour segment of our Telethon.
As stated, your continued support of health care in our province and region has been second to none. Through your leadership, those in need throughout our province and region are enjoying a better quality lifestyle.

Thank you for your past support, and we look forward to your continued support and to see you personally on Sunday, October 14th. If you have any questions or concerns, please feel free to call at your convenience.

Yours in Healthcare

Don Coombs
Chief Development Officer

Dear Mr. Coombs:

I am replying to your request in support of the Trinity Conception Placentia Health Foundation’s 23rd Annual Telethon which was held on October 14th, 2012. I am pleased that the Foundation is continuing with its fundraising efforts and building upon past successes.

As in previous years, the Department of Health and Community Services is pleased to provide a one time contribution to this fundraising initiative. For this year’s telethon the Department’s contribution is $50,000.

I would like to thank the Trinity Conception Placentia Health Foundation for their continued commitment and fundraising efforts on behalf of the residents of the region serviced by your Foundation and wish you every success in future endeavours.

Sincerely,

SUSAN SULLIVAN  
Minister

October 3, 2012

Honourable Susan Sullivan
Minister of Health and Community Services
Government of Newfoundland and Labrador
PO Box 8700
St. John’s, NL A1B 4J6

Dear Minister Sullivan:

2012 marks a significant year for the Health Care Foundation. Not only is this the 10th anniversary of the Foundation, it is also the 25th anniversary of Eleganza, a significant fundraising event that pre-dates the amalgamation of the hospital foundations. Since 1987, Eleganza has raised more than $2.5 million to purchase vital medical equipment in support of adult health care in Newfoundland and Labrador. I am sure you would agree that this is an amazing accomplishment.

To mark this milestone year, we set our sights high and are poised to raise $1 million dollars for our cause, Comfort in Care™. The Health Care Foundation’s Comfort in Care™ program supports the enhancement of patient comfort and safety. In the past, this program focused on items such as blanket warmers, sleeper chairs, specialized stretchers and so on; items that are may be small in cost, but enormous in value. This year, our Board of Directors has approved to expand the Comfort in Care™ program to include larger projects such as the renovation of patient wait areas, emergency rooms and health centres like LeMarchant House, a community-based mental health centre.

The characteristics of the immediate surroundings can have a profound effect on the psyche of the patient. Studies show the design of health care facilities can increase patient safety, remove patient stress, improve medical outcomes and improve overall health care quality.

We respectfully ask for a commitment of $50,000 from the Government of Newfoundland and Labrador for this vital work. We have extended an invitation to Premier Kathy Dunderdale to attend Eleganza on Saturday, October 20 and we would be honored if you were available to attend as well.

Minister Sullivan, I offer a sincere and heartfelt thank you for the support your government has shown the Health Care Foundation in the past and for our future collaborative efforts. I look forward to your response and would be happy to answer any questions you may have.

Kindest regards,

Paul Snow
President & CEO
Health Care Foundation

The Health Care Foundation was formed in 2002 and supports the five adult hospitals in the St. John's region: General Hospital (Health Sciences Centre), St. Clare's Mercy Hospital, Waterford Hospital, Dr. Leonard A. Miller Centre and Dr. Walter Templeman Health Centre. These hospitals fall under the authority of Eastern Health, which provides health care services to more than 290,000 residents of Eastern Newfoundland and specialized health care for all residents of our province.

The Health Care Foundation's mandate is to raise and steward money to support our hospitals through the purchase of medical equipment and technology, funding for items that enhance patient comfort and care, and to support health research and education. We are led by a dedicated Board of Directors who report to the Board of Trustees of the Eastern Health authority. We establish our fundraising priorities in consultation with the management of Eastern Health to ensure that donor money is used efficiently and effectively to support the areas of greatest need within these hospitals.

The Health Care Foundation raises funds through a combination of corporate and individual giving efforts through major gifts, mail appeals, planned giving, employee giving and special events. Our fundraising efforts help in the purchase of advanced technologies and state of the art equipment. The funding Eastern Health receives from the Health Care Foundation is not only appreciated; it is vitally needed.
The famous Greek fabulist, Aesop, once said, “No act of kindness, no matter how small, is ever wasted”. This quote is very appropriate for the caregivers working within the health care system in Newfoundland and Labrador. The most fundamental facets of delivering care are kindness and commitment to service. Every day, our health care professionals display many acts of kindness. With it, patients receive comfort when they need it the most.

The Health Care Foundation’s Comfort in Care™ initiative is in support of the enhancement of patient comfort and safety in the adult hospitals in St. John’s. We recognize that quality health care extends beyond medical intervention and that the “little things” can mean a great deal to patients. As a result, Comfort in Care™ generates funding to provide for the basic comfort needs of patients that are currently not funded through operational or capital equipment budgets of Eastern Health such as ice machines, blanket warmers, dialysis chairs and comfortable seating for families visiting their loved ones.

Comfort in Care™ is also expanding its mandate to include larger, special projects. In the coming months, the Health Care Foundation will be working closely with Eastern Health to finalize a list of “special project Comfort in Care” items. One such example is the LeMarchant House renovation project, which is a community-based mental health centre which is a part of the Mental Health and Addictions Program, of Eastern Health.

St. John's, NL A1B 4J6

Dear Minister Sullivan:

The Discovery Health Care Foundation is hosting its annual VOCM 710 Radiothon on October 31st for 9 am at the Wal-Mart in Clarenville.

The focus for our fundraising is to update and upgrade the 2 OR suites for the Dr. G. B. Cross Memorial Hospital in Clarenville.

Thank you for your continued support over the years. It truly demonstrates government's commitment in recognizing our many donors and volunteers and the valuable work they do.

I am writing in the hope that you will kindly consider supporting our Radiothon by matching our anticipated fundraising efforts. We have raised an average of $40,000 at this event and all indications are we will have the same success this year.

Thank you once again for your support. I look forward to hearing from you in the near future and I hope you will consider my request favourably.

Yours sincerely,

Shirley A. Stead, CDO
Discovery Health Care Foundation

Dear Mr. Snow:

I am replying to your request for support to the Health Care Foundation in respect of its *Eleganza Gala 2012* which is scheduled for October 20, 2012. I am pleased that the Foundation is continuing with its fundraising efforts and building upon its past successes.

In support of this Gala the Department of Health and Community Services is pleased to provide one time funding of $50,000.

I would like to thank the Health Care Foundation for their continued commitment and fundraising efforts on behalf of the residents of the Province and wish you every success in future endeavours.

Sincerely,

Assistant Deputy Minister - Regional Health Operations  
Department of Health & Community Services  
Government of Newfoundland & Labrador  
PO Box 8700  
St. John's Newfoundland  
A1B 4J6

Dear Mr. Wakeham,

Further to our conversation on February 2, 2009, I am pleased to inform you that both of the Foundations which serve the Central Regional Health Authority have been successful in meeting our capital equipment commitments noted in my letters to your predecessor, Ms. Hennessey, in January of 2008.

A few of the projects which our Foundations have committed to purchase on behalf of our donors throughout this fiscal year have included:

- Portable Ultrasound with vascular access capabilities cost $45,000 for CNRHC.
- In the process of tendering for equipment necessary for the formation of a High Dependency Unit at CNRHC approximate cost of $100,000.
- Treadmill for the Rehabilitation Department for $5,500 for CNRHC.
- Transport Monitor and Bipap Machine for the Emergency Department of CNRHC at a cost of $52,000.
- Two Stretcher Chairs and Two Ophthalmoscopes for Ophthalmology Clinic for JPMRHC at a cost of $22,000.
- Two Surgical Stretchers for Ophthalmology for the OR's for JPMRHC at a cost of $19,000
- Masonaire Mattress for BBHCC at a cost of $5,000
- Interferential Machine for Physio Brookfield at a cost of $5,300
- End of Life Care Equipment for Community programming at a cost of $20,000
- Centrifuge for JPM at a cost of $10,000
- Sleep Monitoring Equipment for JPMRHC at a cost of $16,500
- Neurology Service Equipment for JPMRHC at a cost of $60,000
- Simulators (Annie Dolls) for Professional Development for region at a cost of $20,000

I am submitting this request for matching funds of $25,000 for the Central Northeast Health Foundation and $25,000 for the South and Central Health Foundation to assist in these and other upcoming projects for the remainder of fiscal year 2008-2009.

Our communities always react very positively when they learn of matching funds provided by the Department of Health and Community Services. I would be pleased to work with you or your communications staff if you would like to have this support publicly acknowledged.

Thank you for your continued support of healthcare throughout Central Newfoundland. Should you require any further information, I may be contacted at (709) 256-5493.

Sincerely,

[Signature]

Dear Ms. White:

I am replying to your February 2 letter requesting funding support for the Central Northeast Health Foundation and the South and Central Health Foundation to assist with the various commitments to purchase equipment on behalf of your donors throughout this fiscal year. I note that both these Foundations have been quite successful in their fundraising endeavours and this speaks volumes to the community support and volunteers in the Central Region.

As in previous years, the Department of Health and Community Services is providing a one-time equipment grant of $25,000 each to the Central Northeast Health Foundation and the South and Central Health Foundation for a total contribution of $50,000 to Central Health in the 2008/09 fiscal year.

I would like to thank the Foundations of Central Health for their continued commitment and fundraising efforts on behalf of the residents of the Central Region and wish you every success in the future.

Sincerely,

Mr. Tony Wakeham
Assistant Deputy Minister - Regional Health Operations
Department of Health & Community Services
Government of Newfoundland & Labrador
PO Box 8700
St. John's Newfoundland A1B 4J6

Dear Mr. Wakeham,

I am submitting this request for matching funds on behalf of the Central Northeast Health Foundation (CNEHF) and the South and Central Health Foundation (SCHF) which serve the needs of the Central Regional Health Authority throughout Central Newfoundland.

During the current fiscal year our Foundations have committed to purchase the following items, which total $137,274. We are requesting that the Department of Health and Community Services provide matching funds of $68,637 ($34,319 for each Foundation) in support of these specific projects. Each of the Foundations will partner with our donors to raise the remaining $68,637 to provide this vital healthcare equipment as quickly as possible in the current fiscal year.

A couple of projects selected by the CNEHF for the current fiscal year include:

1. Hysteroscopy Technology for the OBS/Gyne Clinic at JPM  
2. Cardiac Output Monitor for the O/R and ICU at JPM

Cost $50,000  
Cost $18,000
A few projects selected by the SCHF for the current fiscal year include:

1. Co-Oximeter (Carbon Monoxide) for ER  
   Cost: $19,775
2. Audioscan for Audiology  
   Cost: $16,000
3. UVB Narrow Band for Psoriasis Care for Physiotherapy  
   Cost: $20,000
4. Ambulatory Blood Pressure Monitor for Respiratory  
   Cost: $3,500
5. Portable DPOAE Screeners (2) for Audiology  
   Cost: $10,000

Thank you for your anticipated consideration of our request. Should you require any further information, I would be pleased to provide the same and may be contacted at (709) 256-5493 or Raelene.White@centralhealth.nl.ca. I look forward to your response.

Sincerely,

Raelene White

Dear Ms. White:

I am replying to your August 17 letter requesting funding support for the Central Northeast Health Foundation and the South and Central Health Foundation to assist with the various commitments to purchase medical and health care equipment on behalf of your donors throughout this fiscal year. I note that both these Foundations have been quite successful in their fundraising endeavours, reflecting a high degree of community support and volunteerism in the Central Region.

As in previous years, the Department of Health and Community Services is supporting this worthwhile initiative and is providing a one-time equipment grant of $34,400 each to the Central Northeast Health Foundation and the South and Central Health Foundation for a total contribution of $68,800. This funding will be provided directly to Central Health in the 2009/10 fiscal year.

I would like to thank the Foundations of Central Health for their continued commitment and fundraising efforts on behalf of the residents of the Central Region and wish you every success in the future.

Sincerely,

PAUL ORAM, M.H.A.  
Terra Nova District  
Minister of Health & Community Services and

Mr. Tony Wakeham  
Assistant Deputy Minister - Regional Health Operations  
Department of Health & Community Services  
PO Box 8700  St. John's Newfoundland  A1B 4J6

Dear Mr. Wakeham,

During the 2010 - 2011 fiscal year the Central Northeast Health Foundation has committed to provide a new Wheelchair Accessible Bus for the long term care residents at the Fogo Island Health Centre. Based upon our most recent estimate, this vehicle will cost $87,476.

Our charity is fortunate to have $43,313 which it has held in trust for several years, from the former Fogo Island Ambulance Committee. In 2002 these funds were reserved in hopes that at some point in the near future a wheelchair accessible bus would be provided for the benefit of the long term care residents at the Fogo Island Health Centre.

Our Foundation has earmarked an additional $21,663 from our donor funds to support this very important initiative. We are now requesting a matching grant of $22,500 to complete the funds necessary to go to tender for this bus.

Thank you for your anticipated consideration of our request. Should you require any further information, I would be pleased to provide the same and may be contacted at (709) 256-5493 or Raelene.White@centralhealth.nl.ca. I look forward to your response.

Sincerely,

Raelene White  
Regional Director of Development

Dear Ms. White:

I am replying to your February 22 letter to Mr. Tony Wakeham, Assistant Deputy Minister, Regional Health Operations, requesting funding for the Central Northeast Health Foundation to assist with the purchase of a new wheelchair accessible bus for the long term care residents at the Fogo Island Health Centre. I note that this foundation has identified a source of funds of $21,700 in the 2009/10 fiscal year and is looking for a matching grant of $22,500 in order to purchase this bus.

The Department of Health and Community Services is supporting this worthwhile initiative and is providing a one-time equipment grant of $22,500 to the Central Northeast Health Foundation to proceed with this purchase.

I would like to thank you for your commitment and fundraising efforts on behalf of the residents of the Central Region.

Department of Health & Community Services
PO Box 8700  St. John’s Newfoundland  A1B 4J6

Dear Mr. Wakeham,

During the 2010 - 2011 fiscal year the Central Northeast Health Foundation, in partnership with the South and Central Health Foundation, has committed to provide a new Wheelchair Accessible Bus for the long term care residents at Lakeside Homes in Gander and North Haven Manor in Lewisporte. Based upon our most recent estimate, this vehicle will cost $87,476.

Our charities are fortunate to have commitments of $32,000 in donor funds since we launched this project in December 2009. We are requesting a matching grant of $22,500 from the Department of Health & Community Services to assist our charities in this worthwhile initiative. This support would ensure that our Foundations are in a position to raise the remaining funds before the summer of 2010 so that the bus would be available to residents for the coming summer season.

Thank you for your anticipated consideration of our request. Should you require any further information, I would be pleased to provide the same and may be contacted at (709) 256-5493 or Raelene.White@centralhealth.nl.ca. I look forward to your response.

Department of Health & Community Services
PO Box 8700 St. John’s Newfoundland A1B 4J6

Dear Mr. Wakeham,

Thank you very much for your past support of our Foundation’s goal to place a new Wheelchair Accessible Bus in Gander/Lewisporte as well as in Fogo Island. I am pleased to inform you that both buses have arrived and are being utilized to enhance the quality of life of long term care residents.

For the last quarter of fiscal year 2010 - 2011 the Central Northeast Health Foundation has committed to provide three significant pieces of healthcare equipment for use by healthcare professionals at James Paton Memorial Regional Health Centre:

1. **VAC - Vacuum Assisted Closure Therapy Unit** for wound care. This is a portable unit which uses negative pressure to aid in the healing process for serious wounds. For some patients the VAC has provided hope when no other method to enhance healing has been successful. Our Foundation purchased a VAC in 2005 which is still in use today; however, it is not as portable as the newer technology. The VAC is now available in a very portable model, which can be strapped to a patient, so that they can move around, exercise, etc. Demand for this item is great within Central Health and the Authority often has to rent a VAC at a significant expense. Cost: $32,000.

2. **Lifepak 20 Monitor with defibrillator for General Surgery.** This area of James Paton Memorial does not presently have a dedicated defibrillator within the department. General Surgery serves many children from our region and there is a need for such equipment with pediatric specific capabilities to be readily available. Cost $14,000.

Proudly Serving:

Brayfield Rest Home Health Centre, Fogo Island Health Centre, James Paton Memorial Regional Health Centre, Labrador House, North Cape Bus Memorial Health Centre, District Medical Clinics & Community Health Programs

Building a Healthier Tomorrow!
3. **Narrow Band Phototherapy Cabinet.** This equipment provides phototherapy treatment to clients with dermatological conditions including: psoriasis, eczema and vitiligo. Current equipment is broadband and over 20 years old (also purchased by Foundation). This new piece of equipment utilizes a specific range of radiating light that has been shown to be the most beneficial therefore it provides better results for the patients receiving treatment. This modern phototherapy cabinet is recommended by our Dermatologist. **Cost $32,000.**

These healthcare items have a total cost of $78,000. **We are requesting a matching grant of $39,000 from the Department of Health & Community Services to assist our charities in providing these valuable items for patients in Central Newfoundland.**

Thank you for your anticipated consideration of our request. Should you require any further information, I would be pleased to provide the same and may be contacted at (709) 256-5493 or Raelene.White@centralhealth.nl.ca. I look forward to your response.

Mr. Tony Wakeham
Assistant Deputy Minister - Regional Health Operations
Department of Health & Community Services
Government of Newfoundland & Labrador
PO Box 8700
St. John’s Newfoundland A1B 4J6

Dear Mr. Wakeham,

On behalf of the South and Central Health Foundation (SCHF), I would like to thank you and the Department of Health & Community Services for your support of our charity’s efforts to enhance healthcare programs and services in Central Newfoundland.

In the remainder of fiscal year 2010 – 2011 the SCHF intends to provide the following items for the benefit of patients, residents and clients served at the Central Newfoundland Regional Health Centre:

**Pediatric Probe for Echo Services**  
$14,500

A Pediatric Probe will be used to support the visiting Pediatric Cardiology clinics run at the CNRHC in conjunction with the Janeway. These clinics run twice a year in Grand Falls-Windsor. The clinics provide a tremendous service to the region, by minimizing the amount of travel the families and children must do over the course of a year. The new Echo machine at the CNRHC does not have a pediatric probe and software.

**BladderScanner**  
$21,500

This equipment will benefit surgical and emergency patients at the Central Newfoundland Regional Health Centre. It is used to help diagnose urinary retention and evaluate many common urological conditions. It is important for measuring bladder function through the use of 3D Ultrasound and helps to prevent unnecessary catheterization.
Vacuum Assisted Biopsy Equipment $50,000

Biopsies, especially breast biopsies, within Diagnostic Imaging are currently done with a standard "needle biopsy gun" which has many limitations. There is a newer "vacuum assisted" solution in which the suction allows for more accurate and successful completion of the biopsy. (For example fewer needle insertions for the patient to endure). This newer "vacuum assisted" will greatly enhance the services provided to women who may discover a lump in their breast.

The total cost of these three remaining projects is $86,000. We are requesting that the Department of Health and Community Services provide matching funds of $43,000 in support of these specific projects. Our Foundation will partner with our donors to raise the remaining $43,000 to provide this vital healthcare equipment as quickly as possible in the current fiscal year.

Thank you for your anticipated consideration of our request. Should you require any further information, I would be pleased to provide the same and may be contacted at (709) 256-5493 or Raelene.White@centralhealth.nl.ca. I look forward to your response.

Sincerely,

December 15, 2011

Mr. Tony Wakeham  
Assistant Deputy Minister - Regional Health Operations  
Department of Health & Community Services  
PO Box 8700  St. John's Newfoundlan  A1B 4J6

Dear Mr. Wakeham,

Thank you very much for your most recent support which provided matching funds for three significant pieces of technology for patients served at James Paton Memorial Regional Health Centre. The Vacuum Assisted Closure Therapy Unit and the Lifepak 20 Monitor with defibrillator for General Surgery have both arrived and the Narrow Band Phototherapy Cabinet is now on order and should arrive early in 2012.

As you may be aware the Central Northeast Health Foundation has been working towards the establishment of a patient healing garden at James Paton Memorial Regional Health Centre, with a ground breaking anticipated in the spring of 2012. (The Lakeshore Healing Garden)

Our Board and staff are confident that a patient garden at James Paton Memorial will not only beautify our grounds and our community in general, it will provide a wonderful, natural space for patients, visitors and staff to focus on their personal health and well-being, without the institutional feel of a typical hospital. It will provide a safe haven for people dealing with some of life’s most difficult issues and allow them to reconnect with nature and the beauty of life.

Our rehab therapy specialists are also very excited about the introduction of a therapeutic garden as they plan to utilize the garden during many of their physiotherapy, occupational therapy and speech therapy sessions with patients and families. The garden will be wheelchair accessible and will feature a raised planting bed. It will also provide a welcome refuge for our medically discharged and alternate level of care patients who are often within our acute care facility for prolonged periods of time.

Proudly Serving:

Building a Healthier Tomorrow!
We have approached Central Health staff and potential volunteers regarding our planned patient garden and have met with overwhelming support. Several people have already volunteered their gardening services and expertise to our Foundation to help keep the garden maintained after its initial implementation. Our Foundation Board of Directors has also approved a budget for annual maintenance of the garden to ensure longevity and sustainability.

As you can imagine, this is a significant project with an associated budget of $250,000. Over the last six months we have hosted a Radiothon to support this project and approached major donors and private foundations. I am pleased to inform you that to date we have pledges and donations totaling $130,000.

I am requesting that the Department of Health & Community Services aid in this important initiative with a matching grant of $50,000. When carrying out a single project of this magnitude, I am often asked if our provincial government is supporting the project. Although our staff and Board are very aware of your continued investments in our charity, and in healthcare in Central Newfoundland, it would be wonderful to inform donors that your department is once again making a contribution to assist in our fundraising goals for this specific project.

Thank you for your anticipated consideration of this request. Should you require any further information, I would be pleased to provide the same and may be contacted at (709) 256-5493 or Raelene.White@centralhealth.nl.ca. I look forward to your response.

Sincerely,

Raelene White
Regional Director of Development

SUSAN SULLIVAN  
Minister

/cc: Honourable Kevin O’Brien, Minster, Department of Municipal Affairs, MHA - Gander  
Ms. Karen McGrath, CEO, Central Health  
Mr. John Kattenbusch, VP - Finance and Corporate Services, Central Health
February 16, 2012

Mr. Tony Wakeham
Assistant Deputy Minister - Regional Health Operations
Department of Health & Community Services
Government of Newfoundland & Labrador
PO Box 8700
St. John's Newfoundland A1B 4J6

Dear Mr. Wakeham,

The South and Central Health Foundation (SCHF), greatly appreciates the ongoing support of the Department of Health & Community Services. As you may recall, the recent contributions of your department have played an integral role in the purchase of a Pediatric Probe for Echo Services, a BladderScanner for the OR, Vacuum Assisted Biopsy Equipment for Diagnostic Imaging services, as well as a Wheelchair Accessible Bus which is shared between North Haven Manor and Lakeside Homes.

In the coming months our charity also intends to provide additional medical equipment which is vital for the health and well-being of the residents of Central Newfoundland. These items include:

A Sentinel Node Detector (Geiger Counter)  Approximately $45,000

This is a radiation detection device needed to perform Sentinel Node Biopsies. It is a technique used by general surgeons to detect breast cancer cells in the sentinel lymph node in the axilla. The sentinel node is the first lymph node in which breast cancer spreads. During the procedure the node can be pinpointed by using a hand-held gamma probe (Geiger counter). The sentinel node technique offers women with early breast cancer a reasonable alternative to unnecessary mastectomy.
Six Specialized Mattresses for Stroke Patients  Cost $34,000
Our Foundation intends to support the Provincial Stroke initiative and related activities at the
Central Newfoundland Regional Health Centre with the purchase of six specialized mattresses
for the distinct needs of stroke patients. As many stroke patients are essentially bedridden for
up to ten days, it is critical to provide a mattress which helps prevent the development of
wounds, while at the same time providing an adequate surface to conduct necessary rehab
therapy. In the coming months six beds, in two rooms, will be dedicated for stroke patients at
the CNRHC.

Otoscopes/Ophthalmoscopes for Exam Rooms  Cost: $9,000
The Emergency Department and Ambulatory Clinic currently have very old scopes within their
exam rooms, some of which are over 25 years old. Sometimes patients have to wait while ER
staff locates a functioning scope from another part of the hospital. The Foundation intends to
replace six of these scopes at a total cost of $9,000.

Air Pressurized Mattresses for the ER  Cost 10,000
These specialized air mattresses are made to fit stretchers. With our aging population and the
increased number of paraplegic and quadriplegic patients in our region, combined with longer
periods within the ER, these mattresses help to maximize body weight displacement and
minimize pressure areas. This helps to prevent skin breakdown and promote patient comfort
while in the ER. Six mattresses are needed for a total cost of $10,000.

The total cost of these four projects is $98,000. We are requesting that the Department of
Health and Community Services provide matching funds of $49,000 in support of these
specific projects. Our Foundation will partner with our donors to raise the remaining $ 49,000
to provide this vital healthcare equipment as quickly as possible.

Thank you for your anticipated consideration of our request. Should you require any further
information, I would be pleased to provide the same and may be contacted at (709) 256-5493
or Raelene.White@centralhealth.nl.ca. I look forward to your response.

October 10, 2012

Minister Susan Sullivan
Minister of Health and Community Services
Department of Health & Community Services
PO Box 8700  St. John's Newfoundland  A1B 4J6

Dear Minister Sullivan,

Thank you very much for the Department of Health & Community Services’ most recent contribution of $50,000 in support of the Patient Healing Garden which has been created for patients and families served at the James Paton Memorial Regional Health Centre. Our Board is extremely proud of the peaceful, natural area that has been developed for the emotional wellbeing of the population we serve. The garden is nearly complete and a ribbon cutting is anticipated for the spring of 2013.

In the current fiscal year the Board of Directors of the Central Northeast Health Foundation is seeking the support of your department once again for matching funds for the following current donor projects:

**Portable Ultrasound Machine for the Dialysis Unit at JPMRHC** – This equipment has become standard of care in many areas of healthcare. At the present time the technology is not available to our dialysis patients and staff. Dialysis patients typically visit our dialysis unit three times a week and each time their veins and arteries are accessed by staff to provide lifesaving treatment. At times these fistulas are difficult to locate or access as they mature differently over periods of time. This fistula is the patient’s lifeline. A portable ultrasound machine will be used to help guide the needles into the fistulas, reducing needle probing when difficulties arise, which in turn may prolong the life of the fistula. It may also be used as a diagnostic tool to determine the cause of problem fistulas, avoiding the need to transfer patients to Eastern Health.

Total Cost $36,000
Two Core Biopsy Devices for Diagnostic Imaging Services – This equipment is used to remove tissue from the breast when appropriate, thus eliminating the need for the patient to visit the OR in the diagnostic stages. The equipment will be used in both the Mammography service as well as the Ultrasound service at JPM.

Total Cost $7,000

High Flow Therapy Unit for Cardiopulmonary Services – This is a relatively new technology that provides heated, high flow oxygen to the patient. It is a valuable tool which may be utilized when removing a patient from mechanical ventilation, or it may help to avoid the need for mechanical ventilation all together. This technology is not currently available at JPM.

Total Cost $9,000

I am requesting that the Department of Health & Community Services aid in these important projects with a matching grant of $26,000.

Thank you for your anticipated consideration of this request. Should you require any further information, I would be pleased to provide the same and may be contacted at (709) 256-5493 or Raelene.White@centralhealth.nl.ca. I look forward to your response.

Dear Ms. White:

I am replying to your request for support for the Central Northeast Health Foundation. I am pleased that the Foundation is continuing with its fundraising efforts and building upon past successes.

I note that the Foundation is currently fundraising to purchase a portable ultrasound machine for the dialysis unit at the James Paton Memorial Regional Health Centre in Gander, two (2) core biopsy devices for diagnostic imaging services, and a high flow therapy unit for cardiopulmonary services. In support of this fundraising initiative, the Department of Health and Community Services is pleased to provide one time funding in the amount of $25,000.

I would like to thank the Central Northeast Health Foundation for their continued commitment and fundraising efforts on behalf of the residents of the region serviced by your Foundation and wish you every success in future fundraising efforts.

Sincerely,

[Signature]

SUSAN SULLIVAN
Minister

cc: Honourable Kevin O’Brien, Minster, Department of Municipal Affairs, MHA - Gander
Ms. Karen McGrath
Mr. John Kattenbusch
October 10, 2012

Minister Susan Sullivan
Minister of Health and Community Services
Department of Health & Community Services
PO Box 8700 St. John’s Newfoundland A1B 4J6

Dear Minister Sullivan,

Thank you very much for the Department of Health & Community Services’ most recent contribution of $50,000 in support of several important initiatives at the Central Newfoundland Regional Health Centre including: provision of a Sentinel Node Detector, specialized mattresses for stroke patients, and a variety of equipment for the Emergency Department.

In the current fiscal year the Board of Directors of the South and Central Health Foundation is seeking the support of your department once again for matching funds for the following current donor projects:

**Portable Ultrasound Machine for the Dialysis Unit at CNRHC** – This equipment has become standard of care in many areas of healthcare. At the present time the technology is not available to our dialysis patients and staff. Dialysis patients typically visit our dialysis unit three times a week and each time their veins and arteries are accessed by staff to provide lifesaving treatment. At times these fistulas are difficult to locate or access as they mature differently over periods of time. This fistula is the patient’s lifeline. A portable ultrasound machine will be used to help guide the needles into the fistulas, reducing needle probing when difficulties arise, which in turn may prolong the life of the fistula. It may also be used as a diagnostic tool to determine the cause of problem fistulas, avoiding the need to transfer patients to Eastern Health.

**Total Cost $ 36,000**
Omni-flex Retractor for the Operating Rooms - At present there is one Omni-flex Retractor in the Operating Rooms at the Central Newfoundland Regional Health Centre. Having two Retractors available would be a tremendous asset for surgeons as well as patients. The Omni-flex Retractor is used in General Surgery by surgeons performing major abdominal cases at our Health Centre. They rely on the Retractor to optimize the field of vision / exposure during a procedure.

Total Cost $ 17,000

I am requesting that the Department of Health & Community Services aid in these important projects with a matching grant of $26,500.

Thank you for your anticipated consideration of this request. Should you require any further information, I would be pleased to provide the same and may be contacted at (709) 256-5493 or Raelene.White@centralhealth.nl.ca. I look forward to your response.

Sincerely,

Raelene White
Regional Director of Development

cc. John Kattenbusch, VP Finance and Corporate Services
Ms. Raelene White  
Regional Director of Development  
South and Central Health Foundation  
P.O. Box 739  
Grand Falls-Windsor, NL  
A2A 2K2  

Dear Ms. White:

I am replying to your request for support for the South and Central Health Foundation. I am pleased that the Foundation is continuing with its fundraising efforts and building upon past successes.

I note that the Foundation is currently fundraising to purchase a portable ultrasound machine for the dialysis unit at the Central Newfoundland Regional Health Centre in Grand Falls-Windsor, and an omni-flex retractor for the operating rooms. In support of this fundraising initiative, the Department of Health and Community Services is pleased to provide one-time funding in the amount of $25,000.

I would like to thank the South and Central Health Foundation for their continued commitment and fundraising efforts on behalf of the residents of the region serviced by your Foundation and wish you every success in future fundraising efforts.

Sincerely,

SUSAN SULLIVAN  
Minister

Attention: Honorable Ross Wiseman

Dear Minister Wiseman:

I am writing on behalf of the Western Regional Hospital Foundation to respectfully ask for your continued support of the Western Region of our Province. To date, with the Government's assistance, the Foundation has raised over 7.5 million dollars and has made significant improvements to healthcare in the Western Region.

This year, the Foundation is prepared to take on the second Capital Campaign in its twenty-two years of operation. This Campaign will satisfy a vast number of critical needs for the Western Region of our province. These needs include a Urology Table, which is a very specialized piece of equipment that is a very high priority for our Region and one that would greatly enhance the level of service in this area as, well as the ability to attract urologists to the Western Region of our province.

The Capital Campaign also includes a wide variety of Ultrasound equipment for various disciplines including:
- Portable Ultrasound (Maternal Newborn)
- Ultrasound Unit (Main OR)
- Ultrasound Unit (Echo & Vascular Applications)
- Ultrasound Unit (Diagnostic Imaging)
- Portable Ultrasound (Emergency)

This equipment will positively affect the level of healthcare provided to patients across a number of disciplines and will enable Western Health to provide better diagnostic services, reduced wait times, and more efficient use of machinery than is currently the case.

The bottom line of this proposed Capital Campaign is $1,358,100. Although it is a large price tag, the Foundation is prepared to work diligently to make this important project a reality, and are respectfully requesting the Government to show their support of our project by providing a grant of $600,000. This figure represents 44% of our total goal, just shy of the 50% that has been provided in past years.
The Foundation has received several significant Planned Gifts/Bequests that have been set aside for an important project when the time arrived. We believe that this time has arrived, and the Board of Directors have decided to utilize these funds to supplement our annual fundraising campaign, combined with Government’s contribution to make this very important healthcare need a reality. It will also provide the Foundation with the unparalleled opportunity to promote its Planned Giving initiatives, which will ensure the longevity of the Western Regional Hospital Foundation and its ability to support Western Health and all patients in the region of Western NL.

In the past, the Provincial Government has been a tremendous supporter of the Foundation in the form of a pledge of matching dollars for amounts raised at our Annual Radiothon. This event is planned for October 2 & 3, 2009 at CFCB. Matching dollars during the CFCB Radiothon has always been a very effective form of contribution, since it stimulates people to donate at this time to double the impact of their contributions. It also provides the Foundation with ample opportunity throughout the two days to show our appreciation for the Government’s commitment to our province.

Minister Tom Marshall has joined us at the CFCB Radiothon several times and has always found it a very rewarding experience. I take this opportunity to invite you and the Premier to drop by or call into our broadcast during the two-day event.

The decision on the upcoming year’s Case For Support is customarily made by the end of our fiscal year (March 31) and announced in April. Since this decision largely depends on Government’s ability to support us in the requested capacity, we are requesting that your response is communicated at your earliest convenience. Thank you for your time and attention to this very important request.

Sincerely,

Tony Tavenor MD FRCPC
Board of Directors
Western Regional Hospital Foundation

Department of Health and Community Services
Confederation Building, 1st Floor West Block
P.O. Box 8700
St. John’s, NL A1B 4J6

Attention: Honorble Paul Oram

Dear Minister Oram:

I am writing with an amendment to a request that was sent to the Honorble Ross Wiseman on February 18, 2009. The Western Regional Hospital Foundation was originally planning to take on a capital campaign for this year to fund several specialized items that were greatly needed for this area. However, thanks to government funding, a few of these times have been purchased and as a result we have revised our goal. The 2009/2010 Case for Support is Ultrasound and Fundamental Diagnostic Equipment that will include:

- Ultrasound Unit (Main OR)
- Ultrasound Unit (Medical Imaging)
- Portable Ultrasound (Emergency)
- Video Gastroscopes and Colonoscopes
- Boom Arms and Monitors (OR)

This equipment will positively affect the level of healthcare provided to patients across a number of disciplines from the unborn baby to the senior citizen. It will enable Western Health to provide improved diagnostic services, reduced wait times, early diagnosis of many types of cancer, and more efficient use of machinery than is currently the case.

The total cost of this Campaign is $623,100. Although it is a large price tag, the Foundation is prepared to work diligently to make this important project a reality. We are respectfully requesting the Government to show their support of our project by providing a matching grant of $300,000. This figure represents 48% of our total goal, just shy of the 50% that has been provided in past years.

The Provincial Government has always been a tremendous supporter of the Foundation in the form of a pledge of matching dollars for amounts raised at our Annual Radiothon. This event is planned for October 2 & 3, 2009 at CFCB. Matching dollars during the CFCB Radiothon has always been a very effective form of contribution, since it stimulates people to donate at this time to double the impact of their contributions. It also provides the Foundation with ample opportunity throughout the two days to show our appreciation for the Government’s commitment to our province.

Mr. Neville Greeley
Chair
Western Regional Hospital Foundation
P.O. Box 2005
Corner Brook, NL
A2H 6J7

Dear Mr. Greeley:

I am replying to a July 7 letter from Dr. Tony Tavenor requesting funding support for the Western Regional Hospital Foundation as the Foundation prepares for their fundraising initiatives for 2009. I note that the Foundation has identified equipment throughout the region, e.g., portable and stationary ultrasound units, video gastroscopes and colonoscopes, and boom arms and monitors for fundraising, with an estimated cost of $623,100. At this time, your organization is seeking a provincial grant of $300,000 to assist with this fundraising initiative.

The Department supports the funding initiatives of the province’s health foundations and commends Western Regional Hospital Foundation for its successes in their fundraising endeavours. Please note the Department’s portion of funding for this initiative by your Foundation has already been provided to Western Health. You may wish to follow up with Ms. Susan Gillam, CEO, Western Health.

I would like to thank the Western Regional Hospital Foundation for their continued commitment and fundraising efforts on behalf of the residents of the Western Region and wish you every success in the future.

Sincerely,

Attention: Honorable Jerome Kennedy

Dear Minister Kennedy,

I am writing on behalf of the Western Regional Hospital Foundation to respectfully ask for your support for the Western Region of our Province. To date, with the Government’s assistance, we have raised over eight million dollars and have made significant improvements to the healthcare in the Western Region. This year, we are focusing on another vital need for the region. We are raising $501,400 to purchase Urology and OR Equipment.

The Urology Equipment will aid in the prevention, detection and diagnosis of many types of cancer. One in three men will develop prostate problems and prostate cancer is the most common cancer to afflict Canadian men. Early diagnosis of cancer can lead to early treatment. The OR Equipment will aid in securing patient airways, a loss of airway can mean loss of life. If a pregnant woman has a blocked airway it can affect the unborn fetus and the mother.

This vital equipment will:
- aid in the removal of cancers in the bladder and urethra
- perform fragmentation and removal of stones from the kidney, ureter and bladder
- reduce the need for people to travel within or outside the province for urology services
- used in the diagnosis of cancer in the kidney
- decrease wait times in the urology department from 6-12 months down to 3 months
- check vocal cords for scar tissue and signs of paralysis
- used to view the throat, voice box & vocal cords for signs of injury, strictures or tumors help secure patient airways to avoid brain damage or loss of life

In the past the Provincial Government has been a tremendous supporter of the Foundation. This has usually been in the form of a pledge of matching dollars for amounts raised at our Annual Radiothon. This event is planned for October 1 & 2, 2010 at CFCB. We ask, again, for continuation of your generous support. In the past commitments have been for $250,000 which has covered approximately 50% of our total goal.
Matching dollars during the CFCB Radiothon has been a very effective form of contribution for us in the past. It stimulates people to donate at this time to double the impact of their contributions. It also gives us ample opportunity throughout the 2 days to show appreciation for the Government’s commitment.

Minister Tom Marshall has joined us at the CFCB Radiothon several times and has always found it to be quite rewarding. I take this opportunity to invite yourself and the Premier to drop by or call into our broadcast during this two-day event.

I thank you for your time and attention to this matter.

Minister of Health and Community Services
Government of Newfoundland and Labrador
P.O. Box 8700
1st Floor, West Block
Confederation Building
St. John's, NL A1B 4J6

Dear Minister Kennedy:

The Sir Thomas Roddick Hospital Foundation is a charitable organization that was established in 1987 in Stephenville, NL with the primary purpose of raising funds for the purchase of medical equipment for the Sir Thomas Roddick Hospital. The Foundation, now more than ever, remains committed to its initial mission of raising funds to procure modern medical equipment. Historically, the Board of Directors has accomplished its fundraising goals through bequests, public campaigns, corporate sponsorship and other initiatives. The medical equipment that the Foundation has purchased has indeed assisted our facility, medical professionals and patients within our own district and ultimately has improved our Health Care system overall.

Our mission is to:

(a) act as a fundraising body in support of the charitable objectives and programs of the facility;
(b) increase public awareness of the activities of the facility including, where applicable, their Regional and Provincial wide application;
(c) encourage increased endowments and bequests from former patients, their families, and the community in general to supplement funding for medical related equipment;
(d) conduct public campaigns in support of particular or general equipment needs of the facility;
(e) provide additional fundraising that may be outside the objectives outlined, but may come through a request by the Board of the Western Regional Health Authority.

The Health Care system is extremely costly to operate and additional funding is necessary for the purchase of new equipment if our facility is to continue to maintain and improve its level of care for all residents of the Port au Port/Bay St. George district and beyond. In addition, technically advanced equipment provides incentive for the recruitment and retention of medical professionals to our rural communities. Waiting periods for patients and the length of the waiting period are dramatically reduced with the installation of modern equipment while there is an increase in the number of patients who are able to partake of these services.

The Sir Thomas Roddick Hospital Foundation is currently campaigning for the following pieces of medical equipment: a Scalpel for the Operating Room at a cost of $40,000, 2 Cardiac Monitors/Defibrillators with Arrest Cart valued at $34,000, a Colposcope for Obstetrics/Gynaecology at a cost of $30,000 and Sleep Study equipment valued at $4,995 for a grand total of $108,995 in medical equipment for the Sir Thomas Roddick Hospital. We shall hold our annual Radiothon broadcast on Friday, October 1st and Saturday, October 2nd at the CFSX Radio Station to appeal for donations for this year’s medical equipment campaign. On behalf of the Foundation, I respectfully request a financial donation from the Government of Newfoundland and Labrador in support of our upcoming Radiothon event. With your assistance we will continue to maintain and improve Health Care services at the Sir Thomas Roddick Hospital for many years to come.

Please find enclosed a copy of our recent mail appeal that was circulated to all residents, organizations and businesses requesting assistance throughout the Bay St. George region. I thank you in advance for your support to our annual appeal.

Sincerely,

Tom O’Brien
Chairperson

Attention: Honorable Jerome Kennedy, Minister of Health

Dear Minister,

I am writing on behalf of the Western Regional Hospital Foundation. As you are aware, we have been working for more than 20 years with Hospital Administration and the people of Western Newfoundland to raise funds for improved health care through the purchase of medical equipment. During this time we have received tremendous support and have provided more than 8.5 million dollars to advance health care in the Western region.

This year, our goal is to raise $500,500 to push quality care forward. Through the purchase of varied equipment we will be advancing Laparoscopic Surgery and Gynecology Care. These efforts will benefit the people of the Western region and beyond.

Our major fundraiser each year is the CFCB Western Regional Hospital Foundation Radiothon. This year CFCB is generously providing us with air time on Friday, September 30, 2011. In previous years, the Provincial Government has come on board as a major sponsor and funds have been provided on a matching basis. When we announce to the listening audience that the Provincial Government is matching all donations during this event dollar for dollar, the phone lines light up.

At this time I request continued support from your Department for this event. If we could secure matching funding of $250,000 the people will respond to your generosity with donations of their own.

I hope we can count on your support. If there are any questions you may speak with our Executive Director, Suzanne Carey, at the Foundation office (709-637-5353) or contact myself.

We would be very pleased to have you to drop by the CFCB studio in Corner Brook, or call in and speak to us, on Friday, September 30, 2011 during our one-day Radiothon event.

Dear Minister Sullivan,

The Western Regional Hospital Foundation has worked for nearly 25 years to improve health care in our region. Through the work of our volunteers, the support of the general public, and the generosity of our corporate and service partners, we have purchased over nine million dollars of priority medical equipment. The impact is enormous including decreases in wait times, wider diagnostic and therapeutic services, and increased recruitment of physicians.

Each year we go through a collaborative process with the local Board and Senior Administration to build a Case for Support. This year is no exception. Western Health has asked us to raise funds amounting to $495,500.00. This will be applied to the purchase of 13 separate pieces of much needed equipment.

Through this campaign we will affect multiple areas of health services including:

- Maternal/Newborn Care
- Acute Patient Monitoring
- Orthopedics
- Medical Imaging
- Renal Hemodialysis

Our largest fundraiser each year is our Annual Radiothon. This is happening on September 28th, 2012 at our local Steele Communication station, CFGB. In past years we have enjoyed phenomenal success, clearly indicating the support people have for our cause. The Provincial Government has been one of our most consistent and generous supporters.

On behalf of our Board of Directors, I would like to ask for your support in our endeavor. In previous years your Department has sponsored a matching dollars pledge during the Radiothon. This has been a generous contribution and a great way to encourage the general public to call in their pledges. We are requesting a pledge of matching dollars up to $300,000 for the 2012 Radiothon.

Thank you for considering our request.

Sincerely,

Tony Tavenor MD FRCPC
Member, Board of Directors
Western Regional Hospital Foundation

1st Floor, West Block, Confederation Building  
100 Prince Philip Drive  
St. John's, NL A1B 4J6

Dear Minister Sullivan:

Our Foundation sent a letter to you on May 8, 2012 regarding the Western Regional Hospital Foundation's Annual Radiothon. This event is scheduled to take place on Friday, September 28th on CFCB, a part of the Steele Communications network.

In past years, the Government of Newfoundland and Labrador has pledged matching dollars for this event. This generous contribution has been much appreciated and announcing a matched contribution has certainly increased the response to our appeal exponentially.

In order to plan for this year's event we were hoping for a response at your earliest convenience. I have enclosed a copy of the original letter to help with your review.

Thank you for the support you have provided in past years and your consideration of our cause once again this year.

Sincerely,

Tony Tavenor MD FRCPC  
Board Member  
Western Regional Hospital Foundation

Dear Dr. Tavenor:

I am replying to your request in support of the CFCB Western Regional Hospital Foundation Radiothon which is scheduled to be held on September 28, 2012. I am pleased that the Foundation is continuing with its fundraising efforts and building upon past successes.

As in previous years, the Department of Health and Community Services is pleased to provide a one time contribution to this fundraising initiative. For this year’s telethon the Department’s contribution is $200,000.

I would like to thank the Western Regional Hospital Foundation for their continued commitment and fundraising efforts on behalf of the residents of the Western Region and wish you every success in future fundraising campaigns.

Sincerely,

SUSAN SULLIVAN

Honorable Susan Sullivan
Minister of Health and Community Services
P.O. Box 8700
1st Floor, West Block
Confederation Building
St. John's, NL A1B 4J6

Dear Minister Sullivan,

The Western Regional Hospital Foundation has worked for more than 20 years to improve health care in our region. Through the work of our volunteers and the support of the general public as well as corporate partners we have purchased over eight million dollars of equipment. The impact is enormous including decreases in wait times, wider diagnostic and therapeutic services, and increased recruitment of physicians.

Each year we go through a collaborative process with the local Board and Senior Administration to build a Case for Support. This year is no exception. Western Health has asked us to raise funds amounting to $495,500.00. This will be applied to the purchase of 13 separate pieces of much needed equipment.

Through this campaign we will affect multiple areas of health services. Maternal/newborn care, acute patient monitoring and Medical Imaging will be greatly impacted.

Our largest fundraiser each year is our Annual Radiothon. This is happening this year on September 28th at our local Steele Communication station, CFCEB. In past years we have enjoyed phenomenal success indicating the support people have for our cause. The Provincial Government has been one of our most consistent and generous supporters.

On behalf of our Board of Directors, I would like to ask for your support in our endeavor. In previous years your Department has sponsored a matching dollars pledge during the Radiothon. This has been a generous contribution and a great way to stimulate people to call in their pledges. We were requesting a pledge of matching dollars up to $300,000 for the 2012 Radiothon.
Thank-you for considering our request.

Sincerely,

Subject: Emailing: 2012 Letter of Appeal to Govt of NL

Hi,

Attached is a copy of the request from the Hospital Foundation for a donation to our 2012 Radiothon which is next Friday Sept 28.

Can one of you get a copy of this to Minister Sullivan.
The original went in the mail today but time is running short.

I should have had this done before, but you know how it is.

Have a great weekend.

Tks Tom

Dear Minister Sullivan:

The Sir Thomas Roddick Hospital Foundation is a charitable organization that was established in 1987 in Stephenville, NL with the primary purpose of raising funds for the purchase of medical equipment for the Sir Thomas Roddick Hospital. The Foundation, now more than ever, remains committed to its initial mission of raising funds to procure modern medical equipment. Historically, the Board of Directors has accomplished its fundraising goals through bequests, public campaigns, corporate sponsorship and other initiatives. The medical equipment that the Foundation has purchased has indeed assisted our facility, medical professionals and patients within our own district and ultimately has improved our Health Care system overall.

The Sir Thomas Roddick Hospital Foundation is currently campaigning for the following pieces of medical equipment: 4 Retractors for Abdominal Surgeries at a cost of $50,000; a High Definition Colonoscope at a cost of $35,000; 4 Beds with Built In Alarm Systems at a cost of $28,000; and a Carbon Monoxide Analyzer estimated at $18,000; a grand total of $131,000 in medical equipment for the Sir Thomas Roddick Hospital. We shall hold our annual Radiothon broadcast on Friday, September 28th at the CFSX Radio Station to appeal for donations for this year's medical equipment campaign. On behalf of the Foundation, I respectfully request a financial donation of $30,000 from the Government of Newfoundland and Labrador in support of our upcoming Radiothon fundraiser. With the assistance of the Government of Newfoundland and Labrador we will continue to maintain and improve Health Care services at the Sir Thomas Roddick Hospital for many years to come. I thank you in advance for your support to our annual appeal.

Sincerely,

Tom O'Brien

Minister of Health
Honorable Susan Sullivan

Dear Mrs. Sullivan,

I am writing on behalf of the Dr. Charles L. LeGrow Health Centre Foundation in regards to your support for our Annual Radiothon. On Sept 28 2012 our foundation took part in the West Coast Foundations Radiothon. From the residents of the Southwest coast we were able to successfully raise approximately $56,800.00 which we are very proud.

It is our understanding that for the last number of years your department has supported other Foundations on the West Coast during the annual radiothon, and it is our belief that you would also support the Dr. Charles L. LeGrow Health Center Foundation upon request. Therefore at this time we are asking that you match the dollars that were raised on Sept 28, 2012 by our foundation.

Thank You for your support as we strive towards meeting our goal in raising funds to purchased equipment for our Health Center that allows for the safe delivery of Healthcare for the people of the Southwest Coast.

Yours sincerely

Chairperson

Mr. Tony Wakeham
Regional Health Operations Branch
Dept. of Health and Community Services
Confederation Building
St. John's, NL A1B 4J6

Dear Mr. Wakeham:

The Grenfell Foundation, in consultation with Labrador-Grenfell Regional Health Authority has identified the following priority equipment that they would be willing to contribute to on a matching dollar basis:

- Star Dust Sleep Recorder $7,500.00
- Surgicat Plus Dental Drill $12,000.00
- ENT Headlight $5,500.00
- Laparoscope $11,000.00
- 2-Triple Infusion Pumps (@$10,000 each) $20,000.00
- 3-PCA Epidural Pumps IPS, Caseroom & OR (@ $6,000 each) $18,000.00

TOTAL $74,000.00

We are therefore requesting $37,000 in capital equipment funding to assist with this acquisition.

Sincerely yours,

Alan J. Casey, C.A.
Vice President Financial Services

Dear Mr. Wakeham:

Re: CT Scanner, Labrador Health Centre

In a letter to Mr. Boyd Rowe from Ms. Moira Hennessy on October 30, 2008, the Department committed to providing $175,000 for each of the following three years as a matching funds agreement with the International Grenfell Association. Year 1 funding was provided at that time.

I am now requesting a capital adjustment in the amount of $175,000 as the second of these three payments. The IGA has provided us with their share for the current year.

If you need anything further, please call me at 709-454-0175.

Dear Mr. Rowe:

I am following up to a January 12 letter from Ms. Michelle Hodder, Regional Director – Budgeting and Financial Analysis, and a subsequent approval letter dated January 20, 2010, regarding the payment of $175,000 as year two of a three year contribution in matching funds with Labrador-Grenfell Health and the International Grenfell Association towards the purchase of a CT Scanner. I understand that the International Grenfell Association commitments have been made, funding has been allocated for this purchase, and the CT Scanner is on site and awaiting installation.

Please note that the Department will provide a one time capital equipment adjustment of $175,000 in the 2009/10 fiscal year as our year three of the three years contribution. This will enable Labrador-Grenfell Health to finalize this equipment acquisition without delay. Should you have any questions or require any additional information, please contact Mr. Derek Penney at 729-3105.

P.O. Box 8700
St. John's, NL A1B 4J6

Dear Ms. Jewer:

Re: Foundation Requests for Matching Funds

Labrador-Grenfell Regional Health Authority has affiliations with three (3) Chapter Foundations within our region - identified as the South Chapter Foundation (St. Anthony and area), the Central Chapter Foundation (Lake Melville area) and the West Chapter Foundation (Labrador West).

Each year our Health Authority receives a number of requests from each of these Chapter Foundations to assist, through cost sharing arrangements, to fund various projects and equipment not previously approved through the Provincial capital budgeting processes.

For fiscal 2011-12 we have again received requests to assist with funding capital expenditures in the amount of $300,000 (South - $150,000, Central - $100,000 and West - $50,000). These funds would be matched by the respective Chapter Foundation resulting in additional capital expenditures for our region in the amount of $600,000.

Labrador-Grenfell Regional Health Authority does not possess the funds to commit to match these funding requests and therefore we seek the Department's assistance with these requests. A complete list of equipment requests can be supplied at your request.
Thank you for your consideration of this request. Please feel free to contact me if you require further information on this requirement.

Sincerely,

Eric
