Charles,

Attached is the latest Mine Plan though there may be more changes as due diligence continues. Would you please provide a copy for your Minister on my behalf? Will be in touch soon for follow-up. I have also provided this to Graham Letto and Greg Mercer.

Also, could you tell me if Dec. 14 could work for me to arrange a trip for Cliffs and eetac to meet with yourselves and the Minister? Also we I might want to set a conference call with you and Dave Cartella and I. Let’s chat Monday when you are back.

Dear Charles and Alex,

I hope that all is well for you. My group has been busy moving the Wabush transaction forward. We had a team at the Wabush mine site this week for due diligence. Our team was quite positive about what they saw. All things considered, we are encouraged about the prospects to conclude the purchase and move the mine back into production. We are working closely with counsel to finalize the draft APA. At this juncture, we expect to have something in good working order by [redacted]. This is a few days further back than we hoped, but there is simply a lot of ground to cover.
As part of the process, I want to ensure that the Monitor, Nigel Meakin, is fully informed. I called Nigel today and provided an update. I think it is important for Nigel to know that we are engaged in discussions with the Province. To that end, I would like to ask that one of you accept a call from Nigel to confirm that we are indeed engaged in discussions about Wabush. I know you are busy and am grateful for your help with this. I look forward to seeing you soon. In the interim, please let me know if there is anything that you need from me.

Sincerely,

Mike Luther

Charles,

Attached is the Org chart as promised and a more clear definition of the relationship with ERP that both you and Graham enquired about this morning.

Matt will be bringing his technical team and is requesting other meetings on Wednesday with Alex Smith (mining act), Dr. Abel Zaher (water resources) and Dexter Pittman (DOEC) as well as Jason Kelly from Fisheries and Oceans.

Are you able to expedite/request those meetings given the lateness of the request. See more details below given that I am on a flight from Toronto departing at noon arriving St. John’s at 5:30ish. so let’s chat in the morning about this.

Regarding Wednesday, since I will have members of my technical team with me, I would also like to arrange meetings with Alex Smith (mining act), Dr. Abel Zaher (water resources) and Dexter Pittman (DOEC).

Gary can you help set up these meetings or point me in a direction of the right contacts?

Lastly, our group arrives into St. Johns at 730PM tomorrow night. We are going to meet with our legal team to discuss union matters, but would also be available for a coffee or drink with you if you are going to be in town at that time.

NOTICE OF COURT HEARING REGARDING THE WABUSH SCULLY MINE

Date: June 6, 2017

To: Members and Beneficiaries of the Pension Plan for Bargaining Unit Employees of Wabush Mines, Cliffs Mining Company, Managing Agent, Arnaud Railway Company and Wabush Lake Railway Company, Limited (Newfoundland and Labrador No. 024699-000; CRA No. 0555201; Office of the Superintendent of Financial Institutions Registration Number 57777) (the "Pension Plan")

From: Wabush Iron Co. Limited ("Wabush Iron"), Wabush Resources Inc. ("Wabush Resources") and Wabush Lake Railway Company Limited ("Wabush Lake Railway") and together with Wabush Iron and Wabush Resources, the "Vendors"

Subject: Notice of Court hearing scheduled for June 26, 2017, seeking approval of the sale of the Wabush Scully Mine

You are receiving this Notice because the Plan Administrator’s records indicate that you or your spouse is a member or beneficiary under the Pension Plan as a former unionized employee of Wabush Iron, Wabush Resources or Wabush Lake Railway or that you are a representative of such a plan beneficiary. If you have received this Notice in error, please disregard.

There will be a court hearing at 9:30 a.m. on June 26, 2017, before the Quebec Superior Court for the District of Montreal (Commercial Division) at 1, Notre-Dame East, Montreal, Quebec to approve the sale of the Wabush Scully Mine. At that hearing, the Court will be asked to issue an Order declaring that the proposed purchaser will not be liable for any obligations under the Pension Plan or other employee benefit plans previously provided by the Vendors or for any occupational health or safety matters or any personal injury or other claims (including, without limitation, any asbestos-related, inhaleable dust-related or silica-related claims) arising by reason of any occurrence prior to closing of the transaction.

As you have previously been informed, the Pension Plan has been terminated and is in the process of being wound-up, pursuant to Orders of the Federal and Provincial pension regulators. The Order being requested will not affect any claim against the Vendors in respect of the Pension Plan or other employee benefit plans.

As you know, the Vendors filed for protection from their creditors pursuant to the Companies’ Creditors Arrangement Act on May 20, 2015. Since filing, the Vendors have run a number of sales processes in an effort to find a purchaser for the Wabush Scully Mine. The bid from the proposed purchaser was the best offer received and the only one that contemplated restarting the mine. No offer was received that would assume any of the obligations under the Pension Plan or the other employee benefit plans. The Vendors and the Court-appointed Monitor are of the view that the transaction is in the best interests of stakeholders as a whole for a variety of reasons, including the following:
1. The proposed purchaser intends to restart operations at the Scully Mine, creating future employment and business opportunities;

2. The transaction includes the assumption of certain liabilities that would otherwise give rise to significant claims against the Vendors’ estates; and

3. The transaction will generate additional proceeds for the Vendors’ estates.

If you have questions or wish to speak to someone to obtain more information, at the end of this Notice there is contact information for the Pension Plan administrator, Morneau Shepell. Also, the Monitor maintains a website which includes information and general updates regarding the CCAA proceedings (the "Monitor’s Website"). The Monitor’s Website can be found at http://cfcanada.fticonsulting.com/bloomlake/.

More Information

The Vendors’ full motion record and court materials in connection with their request for the Court’s approval for the transaction (including a copy of the executed Purchase Agreement and the draft form of the proposed Approval and Vesting Order) will be available on or about June 12, 2017 on the Monitor’s Website under the “Motion Materials” tab at the following link: (http://cfcanada.fticonsulting.com/bloomlake/motions.htm). If you are unable to access the Monitor’s Website, the Plan Administrator can deliver a printed copy of the motion record to you upon request to the Plan Administrator. In addition, the Monitor will be filing a detailed report on the transaction and that report will also be available on the Monitor’s Website.
