Dear Applicant:

Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act [Our File #: HCS/086-087/2018]

On June 21, 2018, the Department of Health and Community Services (the Department) received your requests for access to the following records:

“The number of individuals who have applied for medically assisted death since June 2016 (broken down by Health Authority); and the number of applications for medically assisted death since June 2016 that were completed (i.e. resulting in death) (broken down by Health Authority).”

“I am seeking the number of physicians who have stated to their employing Health Authority that they will refuse to provide assisted dying care; specifically I am seeking the number of physicians who have referred such patients to another health care provider due to their refusal to provide MAD. Broken down by Health Authority. If such information cannot be forth coming, I will also accept the number of physicians who have permanently removed themselves from the voluntary referral list of physicians willing to provide MAD (broken down by Health Authority).”

I am pleased to inform you that a decision has been made by the Department to provide a list of the requested information. Please be advised that the following figures are accurate as of June 22, 2018:

Labrador-Grenfell: 0 requests.
Western: 5 requests, 3 provisions, 1 not eligible as death was not reasonably foreseeable, 1 in process.
Central: 12 requests, 8 provisions, 2 in process, 2 not eligible.
Eastern: 25 requests, 15 provisions, 1 ineligible due to loss of capacity.
4 who died before provision or withdrew request, and 1 in process.
Total: 42 requests, 26 provisions, 4 in process currently.

Please be advised that no list exists of physicians who have stated they will refuse to provide MAD. There is no voluntary referral list of physicians willing to provide, and subsequently no tabulation of physicians who have removed themselves from this list. There have been no cases to date where a patient has not been able to access an assessor or provider when they have submitted a request.
