Dear [Name],

Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act (File # NR-248-2018)

On November 1, 2018, the Department of Natural Resources received your request for access to the following records/information:

**Briefing Note entitled "Newfoundland and Labrador Mining Industry Overview"**

I am pleased to inform you that a decision has been made by the Department of Natural Resources, confirmed by the Deputy Minister, to provide access to the requested record. The record is attached.

We are providing access to the most information possible but have made redactions in accordance with Sections 29(1)(a), 35(1)(d) and 35(1)(g) of ATIPPA, 2015 as follows:

29. (1)(a) The head of a public body may refuse to disclose to an applicant information that would reveal advice, proposals, recommendations, analyses or policy options developed by or for a public body or minister;

35. (1) (d) The head of a public body may refuse to disclose to an applicant information which could reasonably be expected to disclose information, the disclosure of which could reasonably be expected to result in the premature disclosure of a proposal or project or in significant loss or gain to a third party;

35. (1) (g) The head of a public body may refuse to disclose to an applicant information which could reasonably be expected to disclose information, the disclosure of which could reasonably be expected to prejudice the financial or economic interest of the
government of the province or a public body.

As set out in section 42 of the Act you may ask the Information and Privacy Commissioner to review the department’s decision to provide access to the requested information. A request to the Commissioner must be made in writing within 15 business days of the date of this letter or within a longer period that may be allowed by the Commissioner. Your request should identify your concerns with the department’s response and why you are requesting a review.

The request for review may be addressed to the Information and Privacy Commissioner is as follows:

Office of the Information and Privacy Commissioner  
2 Canada Drive  
P.O. Box 13004, Stn. A

Title: Newfoundland and Labrador Mining Industry Overview

Issue: To provide a status update on the Newfoundland and Labrador Mining Industry

Background and Current Status:
- The gross value of mineral shipments for Newfoundland and Labrador (NL) in 2017 was estimated to be $3.6 billion. The gross value is forecast to be $3.0 billion in 2018. The decrease can be primarily attributed to a reduction in the value of iron ore shipments.

- The NL Mining Industry generated an estimated 5,145 person years of employment in 2017 and expects to generate 5,527 person years of employment in 2018. The increase can be primarily attributed to an expected increase in construction employment related to the proceeding Voisey's Bay Underground Mine Expansion Project.

- Producing mines in the province are highlighted in the table below:

- As part of the Phase 3, The Way Forward: Building for Our Future, NR, in collaboration with the mining industry and community stakeholders, is developing a strategic framework for growing the provincial mining industry. Engagement sessions have been completed with specific stakeholders including Mining Industry NL, NL Prospectors Association, and other government departments. Broader consultation sessions will be completed by the first week of October and will be held in Labrador City, Happy Valley-Goose Bay, St. John’s, Springdale and Marystown. NR is targeting a release of the Mineral Strategy, pending completion of aboriginal consultations, at the annual Mineral Resources Review being held November 1, 2018.

- On June 11, 2018, Vale announced that it will be proceeding with the Voisey’s Bay Mine Expansion Project. The project represents close to $2 billion in capital expenditures by Vale and will provide 16,000 person years of employment during the five years of construction, peaking at 4,800 person years in 2020. First ore is expected by April 2021.

- Tacora Resources Inc. has acquired the former Wabush Scully mine in Wabush, Labrador. In a Preliminary Economic Assessment (May 2018) the Company estimated a capital
expenditure of $210 million to reactivate the mine. Tacora has been released from environmental assessment and is currently attempting to raise capital.

- The Wabush 3 project, owned by the Iron Ore Company of Canada, was delayed due to a nine week work stoppage which ended on May 28, 2018. IOC plans to officially open Wabush 3 on September 25, 2018.

- Howse Minerals Limited, a subsidiary of Tata Steel Minerals Canada, has been given Mining Act approval for the Howse project in the Menihek area of Labrador.

- Red Moon Resources Inc. had its first shipment from the Ace Gypsum Deposit near St. George’s in August 2018. The mine will employ 15 people on a seasonal basis with an initial production level of 100,000 – 250,000 tonnes per year ramping up to 300,000 – 450,000 tonnes per year. The life of the mine is expected to be 10 years.

- Alderon Iron Ore Corp. continues to advance the Kami project located in Labrador West. The Company expects to release a new Feasibility Study in Q4 2018.
