June 7, 2018

Dear Applicant:

Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy (ATIPP) Act FLR/48/2018, FLR/49/2018 and FLR/55/2018

On April 10, 2018 and April 17, 2018, the Department of Fisheries and Land Resources (FLR) received your requests for access to the following records:

FLR/48/2018

"Might I have copy of the transfer permits for the lease sites involved in the fall/winter (October 31 and November 28, February 13) ISA outbreaks as reported by the CFIA? How long was ISAv suspected at each of these sites before the fish were finally removed? ie When was the sampling rate for ISAv testing increased relative to the diagnosis and removal date? Might I have a copy of the transfer permits for St. Albans and Stephenville hatcheries for 106/17. May I have a copy of the quarantine policy and handbook use for the ISAv outbreaks mentioned above?"

FLR/49/2018

"Might I have a copy of the 2016 transfer permits and lease permits for the lease sites within 20 kms of the sites involved in the fall/winter (October 31 and November 28, February 13, March 2017/18) ISA outbreaks as reported by the CFIA?"

FLR/55/2018

"1) As per the conditions requiring reporting of a successful transfer, Re: Transfer Permit for MacGrath’s Cove South, can government confirm that this Transfer Permit permit was used and the fish stocked with fish from the Dartek Hatchery in NS as per the Permit.  
2) How many transfer permits have been issued for Mac Grath’s Cove South since Jan 1 2017?"

Clarification email was received on May 22, 2018 to include:

"1) As per the conditions requiring reporting of a successful transfer, Re: Transfer Permit for MacGrath’s Cove South, can government confirm that this Transfer Permit permit was used and the fish stocked with fish from the Dartek Hatchery in NS as per the Permit.

2) How many transfer permits have been issued for Mac Grath’s Cove South since Jan 1 2017?"
3) “Might I have a copy of the 2016 transfer permits and lease permits for the lease sites within 20 kms of the sites involved in the fall/winter (October 31 and November 28, February 13, March 2017/18) ISA outbreaks as reported by the CFIA?”

4) “How long was ISAv suspected at each of these sites before the fish were finally removed? ie When was the sampling rate for ISAv testing increased relative to the diagnosis and removal date?”

5) “May I have a copy of the quarantine policy and handbook use for the ISAv outbreaks mentioned above?”

In response to your clarified request FLR has reviewed the request and responses are as follows:

(1) No responsive records;
(2) McGrath’s Cove South was issued three transfer permits since January 1, 2017;
(3) Partial access granted. Responsive records are attached;
(4) No responsive records, and
(5) No responsive records.

Redactions have been made under Sections 35 - financial or economic interest of a public body and 39 - business interests of a third party.

Please be advised that you may appeal this decision and ask the Information and Privacy Commissioner to review the decision to provide partial access to the requested information, as set out in section 42 of the Act (a copy of this section of the Act has been enclosed for your reference). A request to the Commissioner must be made in writing within 15 business days of the date of this letter or within a longer period that may be allowed by the Commissioner. Your appeal should identify your concerns with the request and why you are submitting the appeal.

The appeal may be addressed to the Information and Privacy Commissioner as follows:

Office of the Information and Privacy Commissioner
2 Canada Drive
P.O. Box 13004, Str. A
St. John’s, NL A1B 3V8

Telephone: (709) 729-6309
Toll-Free: 1-877-729-6309
Facsimile: (709) 729-6500

You may also appeal directly to the Supreme Court Trial Division within 15 business days after you receive the decision of the public body, pursuant to section 52 of the Act (a copy of this section of the Act has been enclosed for your reference).
Please be advised that this letter and responsive records will be published following a 72 hour period after the response is sent electronically to you or five business days in the case where records are mailed to you. It is the goal to have the responsive records posted to the Office of Public Engagement's website within one business day following the applicable period of time. Please note that requests for personal information will not be posted online.

If you have any further questions, please contact me by telephone at (709) 729-4797 or by email at JasonWhiteway@gov.nl.ca.

Sincerely,

Jason Whiteway
ATIPP Coordinator

Right of access

8. (1) A person who makes a request under section 11 has a right of access to a record in the custody or under the control of a public body, including a record containing personal information about the applicant.

(2) The right of access to a record does not extend to information excepted from disclosure under this Act, but if it is reasonable to sever that information from the record, an applicant has a right of access to the remainder of the record.

(3) The right of access to a record may be subject to the payment, under section 25, of the costs of reproduction, shipping and locating a record.

Access or correction complaint

42. (1) A person who makes a request under this Act for access to a record or for correction of personal information may file a complaint with the commissioner respecting a decision, act or failure to act of the head of the public body that relates to the request.

(2) A complaint under subsection (1) shall be filed in writing not later than 15 business days

(a) after the applicant is notified of the decision of the head of the public body, or the date of the act or failure to act; or

(b) after the date the head of the public body is considered to have refused the request under subsection 16 (2).

(3) A third party informed under section 19 of a decision of the head of a public body to grant access to a record or part of a record in response to a request may file a complaint with the commissioner respecting that decision.
(4) A complaint under subsection (3) shall be filed in writing not later than 15 business days after the third party is informed of the decision of the head of the public body.

(5) The commissioner may allow a longer time period for the filing of a complaint under this section.

(6) A person or third party who has appealed directly to the Trial Division under subsection 52 (1) or 53 (1) shall not file a complaint with the commissioner.

(7) The commissioner shall refuse to investigate a complaint where an appeal has been commenced in the Trial Division.

(8) A complaint shall not be filed under this section with respect to:

(a) a request that is disregarded under section 21;

(b) a decision respecting an extension of time under section 23;

(c) a variation of a procedure under section 24; or

(d) an estimate of costs or a decision not to waive a cost under section 26.

(9) The commissioner shall provide a copy of the complaint to the head of the public body concerned.

**Direct appeal to Trial Division by an applicant**

52. (1) Where an applicant has made a request to a public body for access to a record or correction of personal information and has not filed a complaint with the commissioner under section 42, the applicant may appeal the decision, act or failure to act of the head of the public body that relates to the request directly to the Trial Division.

(2) An appeal shall be commenced under subsection (1) not later than 15 business days

(a) after the applicant is notified of the decision of the head of the public body, or the date of the act or failure to act; or

(b) after the date the head of the public body is considered to have refused the request under subsection 16 (2).

(3) Where an applicant has filed a complaint with the commissioner under section 42 and the commissioner has refused to investigate the complaint, the applicant may commence an appeal in the Trial Division of the decision, act or failure to act of the head of the public body that relates to the request for access to a record or for correction of personal information.

(4) An appeal shall be commenced under subsection (3) not later than 15 business days after the applicant is notified of the commissioner's refusal under subsection 45 (2).
PERMIT TO TRANSFER AND TRANSPORT
Subject to Section 8 of the Aquaculture Act

This authorizes Cold Ocean Salmon Inc. or their designates to transfer Atlantic Salmon Smolt, Average Weight: 0.20 kg, Minimum Weight: 0.1 kg, Diploid, Both Sexes from the site located at Swanger Cove to the site located at Grip Cove, subject to the following conditions:

1. This Permit to Transfer and Transport is valid from May 09, 2016 to July 31, 2016.
2. A maximum of Atlantic Salmon Smolt, to be transferred from Swanger Cove, as noted above.
3. This Permit to Transfer and Transport must be carried at all times while transfers are taking place and must be available for inspection upon request of a Federal or Provincial Fisheries Officer or an Aquaculture Inspector.
4. Following transfer, a report on the actual number of each species of plant and/or animal transferred and the immediate mortalities must be reported to the Dept. of Fisheries & Aquaculture by August 14, 2016.
5. Required to have routine diagnostics performed on moribund fish by site veterinarian post transfer.
6. All mortalities (including the number of mortalities) greater than 5% over the first 30 days post transfer must be reported to the Aquatic Animal Health Division within 48 hours after detection by the aquaculture site licencsee.
7. Must adhere to biosecurity and disinfection protocols established for equipment and product. Required to indicate the method of mortality disposal and work with Dr Nicole O'Brien to establish the vaccination and biosecurity protocols. Dr O'Brien can be reached at 709-729-5195.
8. Transfer may be halted if further diagnostic results are unsatisfactory. If diagnostic results detect pathogen or disease at the origination facility, during or post transfer, the Aquatic Animal Health Division and the attending Veterinarian must be notified immediately.
9. Required to comply with wellboat/transfer vessel audit information and transport truck biosecurity requirements that are required prior to transfer and during transfer into NL fresh or sea water. Please contact the Biosecurity Auditor at 538-3988 if you do not have a copy of these protocols. Please contact the Biosecurity Auditor or Dr. Daryl Whelan to arrange the audits of wellboats and transport trucks prior to offloading to NL sites.

10. Required to notify seven days, forty-eight hours and just prior to transfer, Mr. Trevor Rose or Dr. Daryl Whelan.

PERMIT TO TRANSFER AND TRANSPORT

Subject to Section 8 of the Aquaculture Act

This authorizes Cold Ocean Salmon Inc. or their designates to transfer Atlantic Salmon, (Average Weight 0.150 kg), (Minimum Weight 0.050 kg), (Diploid) from the site located at Daniel's Harbour Hatchery, AQ 377 to the site located at Cold Ocean Salmon Inc., AQ 939, Olive Cove, subject to the following conditions:

1. This licence is valid from May 26, 2014 to July 15, 2014.

2. The terms and conditions noted in the Transfer Licence NL-2267-14 (amendment #1) issued by the Department of Fisheries and Oceans dated May 24, 2014.

3. The licence holder is to notify Dr. John Brattey, Science Branch, Dept. of Fisheries and Oceans, St. John's, NL, of any outbreak of disease within 6 months of moving the Steelhead.

4. This licence must be carried at all times while transfers are taking place and must be available for inspection upon request of a Federal or Provincial Fisheries Officer or an Aquaculture Inspector.

5. Following transfer, a report on the actual number of each species of plant and/or animal transferred and the immediate mortalities must be reported to the Dept. of Fisheries & Aquaculture, at the address below, attention Aquaculture Licensing Administrator, by July 30, 2014.

6. A maximum of Atlantic Salmon, to be transferred from Daniel's Harbour Hatchery, to Olive Cove, as noted above.

7. Required to have routine diagnostics performed on moribund fish by site veterinarian post transfer.

8. All Mortalities (including the number of mortalities) greater than 5% over the first 30 days post transfer must be reported to the Aquatic Animal Health Unit (AAHD), within 48 hours, after detection by the aquaculture site licensee.

9. Must adhere to biosecurity and disinfection protocols established for equipment and product. Required to indicate the method of mortality disposal and work with Dr Nicole O'Brien to establish the vaccination and biosecurity protocols. Dr O'Brien can be reached at 709-729-5195.
10. Transfer may be halted if further diagnostic results are unsatisfactory. If diagnostic results detect pathogen or disease at the origination facility, the Aquatic Animal Health Division and the attending Veterinarian must be notified immediately.

11. Required to comply with wellboat/transfer vessel audit information and transport truck biosecurity requirements that are required prior to transfer and during transfer into NL fresh or sea water. Please contact the Biosecurity Auditor if you do not have a copy of these protocols. Please contact the Biosecurity Auditor, 538-3988, or Dr. Daryl Whelan to arrange the audits of the wellboats and/or transport trucks prior to offloading to NL sites.

12. Required to notify seven days, forty eight hours and just prior to transfer, Mr. Trevor Rose or Dr. Daryl Whelan.
